KUVEYT TÜRK KATILIM BANKASI A.Ş

INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT FOR THE INTERIM PERIOD 1 JANUARY – 31 MARCH 2015

Introduction

We have reviewed the accompanying consolidated statement of financial position of Kuveyt Türk Katılım Bankası A.Ş. ("the Bank") and its consolidated financial affiliates (together will be referred as "the Group") as at 31 March 2015, and the consolidated income statement, consolidated statement of income and expense items under shareholders' equity, consolidated statement of changes in shareholders' equity and consolidated statement of cash flows for the three month period then ended and summary of significant accounting policies and other explanatory notes. The Bank management is responsible for the preparation and fair presentation of the accompanying interim financial information in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Board and circulars and pronouncements published by the Banking Regulation and Supervision Agency, (together referred as the BRSA Accounting and Reporting Regulations) and Turkish Accounting Standard 34 "Interim Financial Reporting" except for the matters regulated by the BRSA Accounting and Reporting Regulations. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (ISRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not present fairly, in all material respects, financial position of Kuveyt Türk Katılım Bankası A.Ş. and its financial affiliates as at 31 March 2015 and of the results of its operations and its cash flows for the three-month-period then ended in accordance with the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Board and circulars and pronouncements published by the Banking Regulation and Supervision Agency, (together referred as the BRSA Accounting and Reporting Regulations) and Turkish Accounting Standard 34 “Interim Financial Reporting” except for the matters regulated by the BRSA Accounting and Reporting Regulations.

Additional paragraph for English translation:

The effect of the differences between the accounting principles summarized in Section 3 and the accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards (IFRS) have not been quantified and reflected in the accompanying consolidated financial statements. The accounting principles used in the preparation of the accompanying consolidated financial statements differ materially from IFRS. Accordingly, the accompanying consolidated financial statements are not intended to present the Bank’s financial position and results of its operations in accordance with accounting principles generally accepted in such countries of users of the financial statements and IFRS.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION ONE
GENERAL INFORMATION

I. History of the Parent Bank including its incorporation date, initial legal status and amendments to legal status

Kuveyt Türk Katılım Bankası A.Ş. ("The Bank" or "The Parent Bank") was incorporated with the approval of the Central Bank of the Republic of Turkey (CBRT) on February 28, 1989 and commenced its operations on March 31, 1989, with the name of Kuveyt Türk Evkaf Finans Kurumu A.Ş. to comply with the Banking Act 5411, the title of the Bank has been changed to Kuveyt Türk Katılım Bankası A.Ş. with a change in the Articles of Association which was approved in the annual general meeting dated April 26, 2006. Main field of operation is, in addition to the Bank's equity, to collect funds from domestic and foreign customers through "Current Accounts" and "Profit/ Loss Sharing Accounts" and allocate such funds to the economy, to perform all kinds of financing activities in accordance with the regulations, to encourage the investments of all individuals and legal entities operating in agricultural, industrial, trading and service industries, participating into the operations of these entities or individuals and to form joint business partnerships and to perform all these activities in a non-interest environment.

The Bank's subsidiary, which has 100% share, Kuveyt Turkish Participation Bank Dubai Ltd. established at November, 2009. Main field of operations based on law, includes providing interest free corporate banking services, acting as investment intermediary, providing consulting services, performing asset management activities, performing investment activities and collecting funds through current and profit/loss sharing accounts.

The Parent Bank and consolidated Kuveyt Turkish Participation Bank Dubai Ltd. are named as "Group" together.

II. Shareholding Structure, Shareholders Jointly or Individually Having Direct or Indirect, Control over the Management and Supervision of the Bank and the Disclosures on Any Related Changes in the Current Period, if any and information about the Group that the Bank belongs to

As of 31 March 2015, 62.32% of the Parent Bank's shares are owned by Kuwait Finance House located in Kuwait, 18.74% by Vakıflar Genel Müdürlüğü Mazbut Vakıfları, 9.01% by The Public Institution For Social Security in Kuwait and 9.01% by Islamic Development Bank whereas the remaining 0.92% of the shares are owned by other real persons and legal entities.

Chairman and members of the Board of Directors, members of auditing committee, general manager and assistant general managers own 0.20% of the Bank's share capital (31 December 2014 – 0.20%).

IV. Information on qualified shareholders

Name / Commercial Name	Share amount (Nominal)	Shareholding percentage	Paid shares (Nominal)	Unpaid shares
Kuwait Finance House	1,425,325	%62.32	1,425,325	-
Vakıflar Genel Müdürlüğü Mazbut Vakıfları	428,671	%18.74	428,671	-
Total	1,853,996	%81.06	1,853,996	-

As of 31 March 2015, the shares of parent shareholder of the Parent Bank, Kuwait Finance House ("KFH") are 52.12% publicly traded; 24.08% of KFH belongs to Kuwait Investment Authority and 10.48% belongs to Public Authority for Minors Affairs.

V. Summary information of the Parent Bank's services and field of operations

The Parent Bank's field of operations includes corporate banking, international banking services, and retail banking and credit card services. The Parent Bank's core business is to operate in accordance with the principles of interest-free banking as a participation bank by collecting funds through current and profit/loss sharing accounts, and lending such funds to its customers. As of 31 March 2015, the Group is operating through 322 domestic branches (31 December 2014 – 308) with 5,210 employees (31 December 2014 – 5,102). Summary of some of the Parent Bank's operations described in the Articles of Association are as follows;

- To collect funds through Current Accounts and Profit/Loss Sharing Accounts and special fund pools in line with the regulations,
- To allocate funds to the economy and provide all kinds of cash, non-cash loans within the principles of non-interest banking,
- To offer financial and operational leasing,
- To handle all kinds of deposits and payments, including travelers' checks, credit cards and other payment instruments, provide member business services (POS), consulting, advisory, and safe deposit box services,
- To purchase financial instruments on money and capital markets in cash or installments, sell and mediate the sale and trade on the stock exchange in accordance with legislation and principles of non-interest banking,
- To purchase, acquire and construct any kind of real estate and if necessary lease or transfer ownership to other persons,
- To act as a representative, deputy or agent for corporations and enterprises (including insurance companies),
- To provide socially responsible aid for the benefit of the Bank in line with the legislations.

The Parent Bank's activities are not limited to the list above. If another transaction is decided to be beneficial to the Parent Bank, the transaction must be recommended by the Board of Directors, approved by the General Assembly and authorized by relevant legal authorities after whom it also needs to be approved by the Ministry of Customs and Trade since it constitutes an amendment of the Article of Association. Decisions that have been approved through all these channels will be included to the Article of Association.

VI. Current or likely actual legal barriers to immediate transfer of equity or repayment of debts between Parent Bank and its subsidiaries

None

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION THREE
ACCOUNTING PRINCIPLES

I. Explanations on basis of presentation

a. The preparation of the consolidated financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on Accounting Applications for Banks and Safeguarding of Documents:

As per the Article 37 and 38 of "Accounting and Recording Rules" of the Turkish Banking Law no. 5411 published on the Official Gazette no.25983 dated 1 November 2005 and became effective, the Bank keeps its accounting records and prepares its unconsolidated financial statements and the related footnotes in accordance with accounting and valuation standards described in "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published by the Banking Regulatory and Supervisory Agency (BRSA) and in effect since 1 November 2006, Turkish Accounting Standards (TAS), Turkish Financial Reporting Standards (TFRS) and the related statements and guidance.

As per the Decree Law no. 660 published in the Official Gazette and become effective on 2 November 2011, the Additional Clause 1 of the Law no. 2499 was abolished and the Public Oversight, Accounting and Auditing Standards Authority were established. The financial statements are prepared based on the TAS/TFRS and the related statements and guidance announced by the Public Oversight, Accounting and Auditing Standards Authority.

b. Classifications

Fees and commissions amount of TL 8,055 that is presented under Other Operating Income in previous period's statement of income, is classified under "Received Fees and Commissions" in current period for consistency of presentation.

c. Accounting policies and valuation principles applied in the preparation of consolidated financial statements:

The consolidated financial statements have been prepared in TL, under the historical cost convention except for the financial assets and liabilities held for trading carried at fair value.

The preparation of consolidated financial statements in conformity with TAS requires the Bank management to make assumptions and estimates with respect to assets and liabilities on the balance sheet and contingent issues outstanding as of the balance sheet date. These assumptions and estimates are mainly related with the determination of the fair values of the financial instruments and determination of the impairments on assets and these assumptions are being reviewed regularly and, when necessary, appropriate corrections are made and the effects of these corrections are reflected to the income statement.

d. Preparation of the financial statements in the current purchasing power of money:

Until 31 December 2004, the financial statements of the Parent Bank were subject to inflation adjustments in accordance with Turkish Accounting Standard No: 29 "Financial Reporting in Hyperinflationary Economies" ("TAS 29"). BRSA explained with its decision numbered 1623 and dated 21 April 2005 and its circular dated 28 April 2005 that the conditions for applying inflation accounting was no longer applicable and accordingly inflation accounting has not been applied beginning from 1 January 2005.

Explanation for Convenience Translation to English

The accounting principles used in the preparation of the accompanying financial statements differ from International Financial Reporting Standards (IFRS). The effects of the differences between these accounting principles and the accounting principles generally accepted in the countries in which the accompanying financial statements to be used and IFRS have not been quantified in the financial statements.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

II. Explanations on strategy of using financial instruments and foreign currency transactions

The Group follows an asset-liability management strategy that mitigates risk and increases earnings by balancing the funds borrowed and the investments in various financial assets. The main objective of asset-liability management is to limit the Bank's exposure to liquidity risk, currency risk and credit risk while increasing profitability and strengthening the Bank's equity. The assets-liabilities committee (ALCO) manages the assets and liabilities within the trading limits on the level of exposure placed by the Executive Risk Committee.

Gains and losses arising from foreign currency transactions have been recorded in the period in which the transaction took place. Foreign currency denominated monetary assets and liabilities are valued with the period end exchange rates published by the Central Bank of Turkey converting them into Turkish Lira. Valuation differences of foreign currencies have been recognized in the income statement under the 'Net foreign exchange income/expense' account. The foreign currency net investment in consolidated foreign subsidiaries is translated into Turkish Lira using the exchange rate prevailing at the balance sheet date for their assets and liabilities, and average exchange rate for their income statement items. The currency translation gain arising from the consolidated subsidiaries' foreign currency differences has been recorded in "Other Profit Reserves" under shareholders' equity.

The Group's portion of risk regarding loans originating from participation accounts followed in receivables to be written off, doubtful commission, fees and other receivables, uncollectible loans and other receivables, along with foreign currency (FC) loans and receivables originating from the Bank's equity and private current accounts are converted to Turkish Lira with the rates prevailing at the date of the transfer of such receivables to non-performing loan portfolio. The participation accounts' portion of the risk of the foreign currency loans and FC pegged loans, originating from participation accounts, is evaluated with the current foreign currency rates and the differences are recorded foreign currency gains/losses account in the income statement.

The foreign currency exchange differences resulting from the translation of debt securities issued and monetary financial instruments into Turkish Lira are included in the income statement. There are no foreign currency differences capitalized by the Group.

III. Information about the Parent Bank and its Consolidated Subsidiaries

The consolidated financial statements have been prepared in accordance with the "Turkish Accounting Standard for the Consolidated and Separate Financial Statements ("TAS 27").

The subsidiaries included in consolidation and their places of incorporation, nature of activities and shareholding percentages are as follows:

Description	Address (City/Country)	Principal Activity	31 March 2015	31 December 2014	Consolidation Method
Kuwait Turkish Participation Bank Dubai Ltd.	Dubai/United Arab Emirates	Banking	100%	100%	Full consolidation
KT Sukuk Varlık Kiralama A.Ş.	İstanbul/Turkey	Financial Institution	100%	100%	Full consolidation
KT Kira Sertifikaları Varlık Kiralama A.Ş.	İstanbul/Turkey	Financial Institution	100%	100%	Full consolidation
Körfez Gayrimenkul Yatırım Ortaklığı A.Ş. (*)	İstanbul/Turkey	Financial Institution	75%	75%	Full consolidation
Katılım Emeklilik ve Hayat A.Ş.	İstanbul/Turkey	Financial Institution	50%	50%	Accounted for under equity method

The Parent Bank and its consolidated subsidiaries of the Parent Bank, as a whole, are named as "Group".

Consolidation principles of subsidiaries:

Subsidiaries are the entities controlled directly or indirectly by the Parent Bank. Subsidiaries are consolidated using the full consolidation method. Financial statements of related subsidiaries are consolidated from the date when the control is transferred to the Parent Bank.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

III. Information about the Parent Bank and its Consolidated Subsidiaries (continued)

Control is received as the Bank has more than half of the voting rights directly or indirectly through subsidiaries or not has majority but has privileged shares or has half of the voting rights with respect to agreements made with other shareholders or has authority to manage financial and operating policies of the company through a regulation or an agreement or has power to control the majority of votes at the board of directors or at executive organ containing these rights or has power to appoint or disposal majority of the members of the board of directors.

In the full consolidation method, 100% of subsidiaries' assets, liabilities, income, expense and off-balance sheet items are combined with the Parent Bank's assets, liabilities, and income, expense and off-balance sheet items. The carrying amount of the Group's investment in each subsidiary and the Group's portion of the cost value of the capital of each subsidiary are eliminated. Intragroup balances and intragroup transactions and resulting unrealized profits and losses are eliminated. Minority interests in the net income of consolidated subsidiaries are identified and adjusted against the income of the Group in order to arrive at the net income attributable to the Group and presented separately in the Group's income. Minority interest is presented under consolidated equity.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Though it is not one of the subsidiaries of the Bank, but having 100% control on the Kuveyt Türk Sukuk Limited has established as Special Purpose Entity on 24 August 2010 and liquidated on 27 December 2013.

IV. Explanations on forward transactions and option contracts and derivative instruments

The Group enters into forward agreements to decrease its currency risk and to manage its foreign currency liquidity. The Bank classifies its derivative instruments as "Derivative Financial Instruments Held for Hedging Purposes" and "Derivative Financial Instruments Held for Trading" in accordance with "TAS 39". Even though some derivative transactions economically hedge risk, since all necessary conditions for hedge accounting are not met, they are accounted for as "held for trading" within the framework of "TAS 39", and are reflected in the "Derivative Financial Assets/Liabilities Held for Trading" account in the balance sheet. The Bank has no derivative financial assets/liabilities for hedging purposes as of balance sheet date.

The payables and receivables arising from derivative transactions are recorded in off-balance sheet accounts at their notional amounts.

Fair values of foreign currency forward transactions and swaps are calculated by using the discounted cash flow model. Differences resulting from the changes in the fair values of derivatives held for trading are accounted under 'Trading Income/Loss' line in the income statement.

Embedded derivatives are separated from the host contract if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host contract, a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative and the hybrid instrument is not measured at fair value with changes in fair value recognized in profit or loss. Embedded derivatives are accounted as derivative instruments in-line with "TAS 39". If the embedded derivatives are closely related with the host contract, embedded derivatives are accounted for in-line with the relevant standard applicable for the host contract.

V. Explanations on profit share income and expense

Profit share income is recognized in the income statement on an accrual basis by using the method of internal rate of return and is accounted under profit share income account in the financial statements. In accordance with the related regulation, the profit share accruals of non-performing loans are cancelled and are not recorded until the profit share income is realized.

The Group calculates expense accrual in accordance with the unit value calculation method on profit/loss sharing accounts and reflects these amounts in "Funds Collected" account on the balance sheet.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

VI. Explanations on fees and commission income and expenses

Except for the fees and commission income and expenses obtained for some banking services which are recorded as income when collected, fees and commission income/expenses are reflected in the income statement over the period of the related transaction.

In accordance with the provisions of TAS, commission and fees collected in advance for loans granted are deferred and reflected to the income statement by using the internal rate of return method. Unearned portion of the commission and fees relating to the future periods are recorded to the "Unearned Revenues" account under "Other Liabilities" on the balance sheet.

VII. Explanations on financial assets

The Group classifies and accounts for its financial assets as "Fair value through profit/loss", "Available for sale", and Loans and receivables" or "Held to maturity". Sale and purchase transactions of the financial assets mentioned above are recognized at the 'Settlement dates'. The appropriate classification of financial assets of the Bank is determined at the time of purchase by the Bank management, taking into consideration the purpose of the investment.

a. Financial assets at fair value through profit or loss:

This category has two sub categories: "Trading financial assets" and "Financial assets designated at fair value through profit/loss at initial recognition".

Trading financial assets are financial assets which are either acquired for generating a profit from short-term fluctuations in prices or dealers' margin, or are financial assets included in a portfolio and derivative instruments in which a pattern of short-term profit making exists.

Trading financial assets are initially recognized at transaction prices, which are assumed to be the fair value, and subsequently measured at fair value. All gains and losses arising from these valuations are reflected in the income statement.

Other than trading financial assets, the Group has no financial assets at fair value through profit or loss.

b. Financial assets available for sale:

Financial assets available for sale are initially recognized at cost; which reflects their fair values; including the transaction costs. Financial assets classified as available for sale financial assets which do not have a quoted market price in an active market and whose fair values cannot be reliably measured are carried at cost, less impairment, if any.

Financial assets available-for-sale gains and losses are valued using internal rate of return and recorded in the income statement as profit share income. Financial assets available-for-sale profit share discounts recognized in the profit/share account, current value differences recognized in the "securities value increase fund" under the shareholders' equity. In case of sales, the realized gain/losses in the shareholders' equity are recognized directly in the income statement.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

VII. Explanations on financial assets (continued)

c. Loans and receivables:

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not listed in an active market and are not classified as held for trading, financial assets at the fair value through profit or loss or as available for sale. Loans and receivables are initially recognized at cost, which is assumed to reflect their fair value and subsequently recognized at the amortized cost calculated using the internal rate of return method. The expenses incurred for the loans and receivables received as collateral are not considered as transaction costs and are recognized in the expense accounts.

d. Held to maturity financial assets:

Held to maturity financial assets are financial assets with fixed maturities and fixed or determinable payments where management has the intent and ability to hold the financial assets to maturity that are not classified under 'Loans and receivables'. Held to maturity financial assets are initially recognized at cost which is assumed to reflect their fair value, and subsequently carried at 'Amortized Cost' using the 'Internal Rate of Return'. Profit share income from held to maturity financial assets is reflected in the income statement. The Group does not have any held to maturity financial assets as of the balance sheet date.

VIII. Explanations on impairment of financial assets

At each balance sheet date an assessment is made as to whether there is objective evidence that a financial asset or group of financial assets is impaired. If such evidence exists, impairment is provided for financial asset categories as explained below.

i) Loans and receivables:

If there is objective evidence that the loans might not be collected, the Parent Bank reclassifies such loans to III. IV. and V. groups and provides impairment reserve in accordance with the Communiqué of "Principles and Procedures for the Determination of the Quality of Loans and Other Receivables and Reserves to be provided for these Loans" published on 1 November 2006 in the Official Gazette No: 26333. For the loans with poor financial position and/or payment capability, the Bank can provide a specific impairment reserve in excess of the amounts calculated using the minimum required rates for the related group.

Collections related to the provisions provided in the current period for such loans are deducted from "Provisions for Loan losses and Other Receivables" account in the income statement. Subsequent recoveries of amounts previously written off or provisions made in prior periods are included in "Other Operating Income" in the income statement.

ii) Financial assets held to maturity:

If there is objective evidence indicating that the value of financial assets held to maturity is impaired, the amount of the loss is measured as the difference between the present values of future estimated cash flows discounted using the original profit share and the carrying value; provision is made for impairment and the provision is associated with expense accounts.

iii) Financial assets available for sale:

If there is objective evidence indicating that the fair value of an available for sale financial asset, for which decreases in the fair value has been accounted under the equity, has been impaired then the total loss which was accounted directly in the equity is transferred from equity to the income statement.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

VIII. Explanations on impairment of financial assets (continued)

iii) Financial assets available for sale (continued):

Impairment losses recognized in the income statement related to the investments in equity instruments classified as available for sale financial assets cannot be reversed through the income statement. If there is objective evidence that an impairment loss on an unquoted equity instrument that is not carried at fair value because its fair value cannot be reliably measured, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Impairment losses on equity instruments cannot be reversed.

IX. Explanations on offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Group has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

X. Explanations on sale and repurchase agreements and lending of securities

Central Bank of the Republic of Turkey ("CBRT") made some changes on orders for open market transactions ("OMT") and prepared an additional frame contract for participation banks in order to present rent certificates to open market operations of CBRT in accordance with the principles of participation banks. According to this agreement; a new type of transaction was formed which enables participation banks to resell or repurchase rent certificates on their portfolio to CBRT when they are in need of funding or in attempt to evaluate the excess liquidity. In this content, initial OMT transaction was performed with CBRT on 14 June 2013 by selling rent certificates that are recognized in the assets of the Bank in return for conditional repurchasing. Beginning from this date, the Bank performs purchase tenders which are held by CBRT of which maturities are weekly; in return for Treasury rent certificates that are reported as assets in balance sheet in order to raise funds.

As of 31 March 2015, the Group has repurchasing agreements amounting to TL 353,648 (31 December 2014 – TL 708,743).

XI. Explanations on assets held for sale and discontinued operations and related liabilities

As mandated by the Banking Act 5411 Article 57 "Banks cannot participate in commercial real-estate and commodity trade with the exception of real-estate and commodity based agreements within the scope of Capital Markets Act No. 2499, and precious metal trade as seen appropriate by the board, and cannot participate in partnerships with firms whose main business activity is commercial real-estate, with the exception of real-estate investment partnerships and companies that finance mortgaged residential estates. The rules and procedures regarding the sales of real-estate and commodities that were acquired due to receivables and debtors' obligations to the bank are determined by the board."

The principles for valuation and accounting for disposal of assets acquired by banks in return for their nonperforming loans are determined by the official communication of "Principles and Procedures on Bank's Disposal of Precious Metals and Assets Held for Sale" No. 26333 published on 1 November 2006 and No. 26592 published on 24 April 2007 in the Official Gazette.

NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XI. Explanations on assets held for sale and discontinued operations and related liabilities (continued)

Assets that meet the criteria for classification as assets held for sale are measured at the lower of the carrying amount of assets and fair value less any costs to be incurred for disposal. Assets held for sale are not amortized and presented in the financial statements separately. In order to classify an asset as held for sale, the sale should be highly probable and the asset (or disposal group) should be available for immediate sale in its present condition. Highly saleable condition requires a plan by the management regarding the sale of the asset (or the disposal group) together with an active program for the determination of buyers as well as for the completion of the plan. Also the asset (or the disposal group) should be actively in the market at a price consistent with its fair value. In addition, the sale is expected to be recognized as a completed sale within one year after the classification date and the necessary transactions and procedures to complete the plan should demonstrate the fact that there is remote possibility of making any significant changes in the plan or cancellation of the plan. Various events and conditions may extend the completion period of the disposal over one year. If such delay arises from any events and conditions beyond the control of the entity and there is sufficient evidence that the entity has an ongoing disposal plan for these assets, such assets (or disposal group) can remain to be classified as assets (or disposal group) held for sale. Extension of the period necessary to complete the sale, does not avoid the classification of the related asset (or disposal group) to be classified as asset held for sale.

Although the Group has assets acquired due to receivables and debtors' obligations to the Group, such assets are classified as fixed assets rather than assets held for sale and are amortized due to inability to dispose them or to produce a solid plan for disposal within a year within the provisions of banking legislation.

On the other hand properties acquired by the Group due to receivables and debtors' obligations to the Group are reflected as assets held for sale in the financial statements provided that there is a contracted term sale agreement.

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held for sale. Discontinued operations are presented separately in the income statement. The Parent Bank has no discontinued operations.

XII. Explanations on goodwill and other intangible assets

Intangible assets are stated at cost adjusted for inflation until 31 December 2004, less provision for impairment, if any, and accumulated amortization and amortized with straight-line method.

The other intangible assets of the Group comprise mainly computer software. The useful lives of such assets acquired prior to 2004 have been determined as 5 years and for the year 2004 and forthcoming years, as 3 years.

There is no goodwill related to associates and subsidiaries.

XIII. Explanations on tangible assets

Fixed assets are stated at cost, less accumulated depreciation and provision for impairment, if any.

Depreciation is calculated on a straight-line basis over the estimated useful life of the assets. The annual rates used for amortization are as follows:

Property	2%
Movables, Leased assets	6.67% - 20%

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XIII. Explanations on tangible assets (continued)

Depreciation is calculated on a pro-rata basis for the assets that have been placed in use for less than one year as of the balance sheet date. Leasehold improvements are depreciated over the term of the lease agreements by straight-line method.

If the recoverable amount (the higher of value in use and fair value) of a tangible asset is less than its carrying value, impairment loss is provided and the carrying value is written down to its recoverable amount.

Gains or losses resulting from disposals of the fixed assets are recorded in the income statement as the difference between the net proceeds and net book value of the asset.

Expenses for repairs are capitalized if the expenditure increases economic life of the asset; other repair costs are expensed.

Property held for long-term rental yields and/or capital appreciation is classified as investment property. Investment properties are stated at cost less accumulated depreciation and any impairment in value. Depreciation is calculated on a straight-line basis over the estimated useful lives of the properties.

Property held for long-term rental yields and/or capital appreciation is classified as investment property. Investment properties are stated at cost less accumulated depreciation and any impairment in value. Depreciation is calculated on a straight-line basis over the estimated useful lives of the properties.

XIV. Explanations on leasing transactions

Group as a lessee

Assets acquired under finance lease contracts are recorded both as an asset and a liability at the beginning date of the lease. The basis for the determination of these amounts is the lower of fair value of the leased asset or the present value of the lease payments. The direct costs incurred during a finance lease transaction are capitalized as additions to the cost of the leased asset. Lease payments include the financing costs incurred due to the leasing transaction and the principal amount of the leased asset for the current period.

Depreciation is calculated on a straight-line basis over the estimated useful life of the leased assets and if a diminution in recoverable value of the leased asset is identified, a provision for impairment is recognized.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XIV. Explanations on leasing transactions (continued)

Operating lease payments are recognized as an expense in the income statement on a straight-line basis over the lease term.

Group as a lessor

The Parent Bank, as a participation bank, acts as a lessor in finance leasing transactions. The Group presents finance leased assets as a receivable equal to the net investment in the lease. Finance income is based on a pattern reflecting a constant periodic rate of return on the net investment outstanding.

XV. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities are accounted for in accordance with "Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets" ("TAS 37").

Provisions are recognized when the Group has a present obligation, legal or constructive, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The Bank recognizes provisions for obligations which arose from prior periods in current financial year, only if, the possibility of realization is high and a reliable estimation can be made.

Provisions are recognized for obligations which arose from prior periods in current financial year, only if, the possibility of realization is high and a reliable estimation can be made. A provision is provided if liabilities have been originated as a result of past events in the period they arise, if it is probable that the liability will be settled and a reliable estimate for the liability amount can be made.

When a reliable estimate of the amount of the obligation cannot be made or it is not probable that an outflow of resources will be required to settle the obligation, the obligation is considered as a "Contingent" liability and is disclosed in the related notes to the financial statements.

XVI. Explanations on liabilities relating to employee benefits

a) Defined benefit plans:

In accordance with existing social legislation, the Group is required to make severance pay to each employee who has completed over one year of service with the Group and who retires or quits the employment to receive old age or disability benefits, to fulfil the compulsory military service, because of the marriage (for females) or because of the other compulsive reasons as defined in the laws and whose employment is terminated due to reasons other than resignation or misconduct.

The retirement pay provision recognized in the accompanying financial statements, is calculated based on "Turkish Accounting Standard on Employee Benefits" ("TAS 19"), and these liabilities are calculated by an independent actuary firm. Group is accounted all actuarial profit and loss under Statement of other Comprehensive Income

The Group's employees are not members of any pension fund, foundations, union or other similar entities.

b) Defined contribution plans:

The Parent Bank pays defined contribution plans to publicly administered Social Security Funds for its employees as mandated by the Social Security Association. The Bank has no further payment obligations other than this contribution share. The contributions are recognized as employee benefit expense when they are due.

c) Short term benefits to employees:

In accordance with "TAS 19", vacation pay liabilities are defined as "Short Term Benefits to Employees" and accrued as earned.

Group management calculates bonus accrual if it foresees that the budgeted year-end figures approved by the Board of Directors are attainable.

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XVII. Explanations on taxation

Current tax

The corporate tax rate in Turkey is 20%. This rate is applied on taxable income which is calculated by adjusting the income before tax for certain disallowable expenses, tax exempt income and other allowances. No further tax is applicable unless the profit is distributed. According to the tax code, each quarter advance tax amount is calculated using a rate of 20% over tax base and paid, then the paid advance taxes are deducted from the corporate tax liability that is calculated for the year.

Withholding taxes is not applied to dividends distributed to companies resident in Turkey or companies who earn income in Turkey through their resident representatives in Turkey. With the Council of Minister's decision numbered 2009/14593 and 2009/14594 which are published in official gazette numbered 27130 and dated 3 February 2009, some deduction rates in 15th and 30th articles of the corporate tax law numbered 5520 were re-determined. In accordance with this, dividends distributed to companies other than companies resident in Turkey or companies who earn income in Turkey through their resident representatives in Turkey are subject to 15% withholding taxes. Double tax treaty agreements are also taken into consideration during the application of withholding taxes on dividends distributed to real persons and to foreign based taxpayers. Addition of profit to share capital is not considered as dividend distributed therefore no withholding taxes is applied.

Each quarter advance tax amount is calculated using a rate of 20% over tax base and Corporate tax returns are filed by the fourteenth day of the second month following the balance sheet date and taxes is paid by the seventeenth day of the second until evening. Paid advance taxes are paid during the year are belong to the current year, then the paid advance taxes are deducted from the corporate tax liability that is calculated for the year. If the balance of paid advance taxes remains after deduction of paid advance taxes, it can be paid back in cash or it can be deducted from financial loans to the government.

Shares held for at least two years and 75% of real estate proceeds are exempt from tax to the extent that they are included in capital as required in Corporate Tax Law or they are held under a special account in liabilities for five years.

For the purpose of issuance of certificate of leasing immovables to resource institutions, with the sale of asset leasing companies, the scope of Financial Leasing, Factoring and Financing Companies Law No.6361, dated 21 November 2012 in order to lease it back and in case of taking back at the end of the contract, with the sale of financial leasing companies and asset leasing by asset leasing companies, for gains from the sale of the immovable property inherited from the institution applies this rate as 100% and for the immovable is not compulsory to be in assets at least for a period of two years. But the mentioned immovable's; except in case of failure to fulfill the obligations arising from the source institution, the lesser or leasing agreement, immovable in question by the asset leasing company, in case of selling a third person or institutions, these immovable's with the carrying value before its transfer to resource institution or asset leasing in lesser or asset leasing company, in mentioned institutions taking into consideration the total amount of depreciation is taxable for corporation engaged in the sale.

Corporate tax returns are filed by the twenty fifth day of the fourth month following the balance sheet date and taxes is paid in one instalment by the end of that month.

Corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. However, losses cannot be carried back to offset profits from previous periods. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years.

In Turkey, there is no procedure for a final and definite agreement on tax assessments.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XVII. Explanations on taxation (continued)

Deferred tax

The Group calculates and accounts for deferred income taxes for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these financial statements in accordance with "Turkish Accounting Standard for Income Taxes" ("TAS 12"). Deferred tax asset is calculated on all temporary differences other than general provisions to the extent that is probable that taxable profit will be available and deferred tax liability is calculated for all temporary differences. Deferred tax asset and liabilities are shown in the accompanying financial statements on a net basis. If transactions and events are recorded directly in the shareholders' equity, the related tax effects are recognized directly in the shareholders' equity.

XVIII. Explanations on additional disclosures on borrowings

Borrowings other than funds collected are measured at amortized cost using the internal rate of return method after the initial recognition. The Group does not apply hedging techniques on related borrowings.

There are debt securities issued by the Group which are described in detail below.

The Group has not issued convertible bonds.

Borrowing through the rent certificates (Sukuk)

The Parent Bank issued a 5 year term rent certificate amounting to USD 350 million on 31 October 2011 with a profit share rate of 5.875%. The Parent Bank has performed this issue through KT Sukuk Varlık Kiralama A.Ş., which is a subsidiary of the Parent Bank that is established specifically for this transaction (the issuance of the rent certificates). Funds collected by KT Sukuk Varlık Kiralama A.Ş. from rent certificate investors, amounting to USD 350 million, is transferred to the Bank in exchange of some of the real estate assets, loan receivables and leasing receivables of the Parent Bank. Within the scope of the aforementioned transaction, the Parent Bank sold its real estate properties with a net book value of TL 61,195 to KT Sukuk Varlık Kiralama A.Ş. for a consideration equal to their market price of TL 248,734 (USD 136,870 thousand) and leased back these real estate assets for 5 years with a repurchase option at the end of the fifth year.

In accordance with the letter received from BRSA, numbered B.02.1.BDK.0.06.00.00-045.01(3/8)-5397 and dated 13 March 2012 this transaction is accounted for as "sale and lease back" transaction in accordance with "TAS 17". As a consequence of this accounting treatment, the net book value of the real estate property transferred and leased back increased from TL 61,195 to TL 248,734. The difference of TL 187,539 between the net book value of TL 61,195 before the aforementioned transaction and the net book value of TL 248,734 after the aforementioned transaction will be recognized as income in 5 years using the effective interest method and accounted for as deferred income under other liabilities. As of 31 March 2015 TL 10,686 (31 December 2014 – TL 36,507) of the aforementioned deferred income is recognized as income in the income statement. The difference accounted as tangible assets mentioned above, will be recognized as expense by accounting under "other expenses" in the income statement during the period of lease in the unconsolidated financial statements.

As a result of the lease back of the real estate property, the total amount of semi-annual rental payments to be made to KT Sukuk Varlık Kiralama A.Ş. in 5 years and total amounting to USD 177,076 thousand is discounted with a profit share rate of 5.875% to the date of the transaction as USD 136,870 thousand and accounted for as financial lease payables in the unconsolidated financial statements.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2015
(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XVIII. Explanations on additional disclosures on borrowings (continued)

The remaining part of the total funds of USD 350 million transferred by KT Sukuk Varlık Kiralama A.Ş. to the Parent Bank which is not part of the sale and leaseback transaction and amounting to USD 213,130 thousand is accounted for as Funds Borrowed in the balance sheet.

While preparing the unconsolidated financial statements as per TFRS explanation 27, the below eliminations and classifications have been performed to borrowings through the rent certificate (Sukuk) which is accounted at the stand alone financial statements as mentioned below :

XIX. Explanations on share certificates issued

In scope of the issued rent certificates, difference between sale price and net book value of real estates amount of TL 86,321 (31 December 2014 – TL 97,554) is eliminated from “Tangible Assets” line; unearned income from real estate sales amount of TL 88,632 (31 December 2014 – TL 99,319) is eliminated from “Other Liabilities” line; TL 10,686 (31 March 2014 – TL 8,075) that is accounted as income in statement of profit loss from the unearned revenues; depreciation amount of TL 546 (31 March 2014 – TL 546) from increase in value of sold real estates and impairment of fixed assets amount of TL 10,140 (31 March 2014 – TL 8,075) that is accounted as expense under “other operating expense” is eliminated.

Bank does not have significant amount of costs on issuing share certificates.

XX. Explanations on acceptances and availed drafts

Acceptances and availed drafts are realized simultaneously with the payment dates of the customers and they are presented as commitments in off-balance sheet accounts.

XXI. Explanations on government grants

There are no government grants received by the Group.

XXII. Explanations on segment reporting

The Group operates in three main segments; Retail and Enterprise Banking; Commercial Banking; Corporate and International Banking, Banking. Each segment operates with unique products, and the operational results are followed based on these segments.

Segment reporting is disclosed in Section Four, Note X.

XXIII. Explanations on other matters

There are no other matters to be disclosed by the Group.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION FOUR

INFORMATION ON FINANCIAL STRUCTURE

I. Explanations on consolidated capital adequacy standard ratio

Capital adequacy ratio is calculated within the scope of the “Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks (the “Regulation”)”, “Communiqué on Credit Risk Mitigation Techniques” and “Communiqué on Calculation of Risk Weighted Amounts for Securitizations” published in the Official Gazette No: 28337 dated 28 June 2012 and the “Communiqué on Equities of Banks” published in the Official Gazette No: 28756 dated 5 September 2013.

For the calculation of the capital adequacy ratio, the accounting records prepared in compliance with the current legislation are used. Such accounting information is included in the calculation of credit and market risks subsequent to their designation as “trading book” and “banking book” according to the regulation. Trading books include in and off the balance sheet accounts and positions over which derivative financial instruments and speculative-purpose derivative instruments are followed up, the financial instruments and commodities held by the Bank for the purpose of performing purchase and sales transactions in order to benefit from the price differences expected or realized as short term and/or between the purchase and sales prices or the other price and rate of exchange changes and in order to protect from the risks or reduce such risks arising of the positions relevant to the mentioned financial instruments and commodities. The accounts other than the trading books are defined as banking books.

Banking books include Due from Central Bank, Due from Banks, Loans and Receivables, Leasing Receivables, Transactions and Other Assets items in the assets; and Funds Collected, Securities Issued, Borrowings, Subordinated Loans, Other Liabilities items in the liabilities. The derivative financial instruments and available-for-sale financial assets are followed up over the Trading Books.

Risk measurement methods used in the determination of the standard rate capital adequacy ratio by way of determination of the risk-weighted assets and non-cash loans according to the risk weight rates in the relevant regulation and inclusion within the capital adequacy standard rate calculations after calculation of the market risk and the operational risk in compliance with the relevant regulations. Credit risk is calculated by subjecting the risk-weighted assets and non-cash loans to the risk weight rates in the relevant legislation and application of the risk reduction techniques, and the standard method is used for the market risk and the basic indicator method is used for the operational risk.

Based on the Communiqué concerning “Measurement and Assessment of Capital Adequacy of Banks”, the capital adequacy ratio of the Bank is 14.94% (31 December 2014: 15.21%).

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

II. Explanations on consolidated market risk

The Group has established market risk operations and has taken the necessary precautions in order to manage market risk within its financial risk management purposes under "Risk Management Systems" in accordance with BRSA "Regulation on Banks' Internal Systems" published in the Official Gazette No. 26333 dated 1 November 2006.

Organizational and functional internal applications of risk management systems have been determined by the Board of Directors in accordance with the regulation mentioned above. The Parent Bank approved the regulation related to the "Risk Management Systems and Working Procedures and Principles of the Risk Management Presidency". With this internal regulation and Treasury Directorship's Marketing and Liquidity Risk Management Policy and Application Procedures which are also approved by the Board of Directors, the procedures with respect to management of market risk are determined. Additionally, the Board of Directors, without transfer of its responsibility, requires the consent of the risk management group and the top management of the Parent Bank to take necessary actions in order to identify, measure, control and manage the risks that the Bank is exposed to.

Additionally, in accordance with the official communication on "Measurement and Assessment of Capital Adequacy of Banks", published in the same Official Gazette as mentioned above, and in the context of other related regulations, the Group has started to calculate and report to BRSA the amount subject to market risk with the Standard Method and the amount thus calculated has been considered in the capital adequacy calculation of the Bank.

The capital which should be kept against general market risk and specific risks, is calculated and monthly reported in accordance with the "Marketing risk measurement process with standard method" which is the third chapter of "Calculation of Marketing Risk Amount" of the "Communiqué on the "Measurement and Assessment of Capital Adequacy of Banks". The following table indicates the details of the market risk calculation as of 31 March 2015, in accordance with the Market Risk Calculation principles pursuant to the Part 2 of the Second Section of the "Regulation on Measurement and Assessment of Capital Adequacy of Banks" published in the Official Gazette No. 28337 on 28 June 2012.

a. Information related to consolidated market risk:

	Current Period	Prior Period
(I) Capital Obligation against General Market Risk - Standard Method	17,796	17,511

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

III. Explanations on consolidated currency risk

Foreign currency risk represents the Group's exposure to loss due to the changes in foreign currency exchange rates. All foreign currency assets, liabilities and foreign currency forward transactions are considered in calculation of capital to be employed for foreign currency risk according to Standard Method.

The Parent Bank monitors daily the designated limits set by the Board of Directors and additionally observes the possible value changes in foreign currency positions. The limits are determined and followed both for the net foreign currency position and for the cross exchange rate risk within the position. As a tool of foreign currency risk management, foreign currency forward transactions are used when necessary to mitigate the risk.

As of 31 March 2015, the Group carries a net foreign currency long position of TL 480,356 (31 December 2014 - TL 707,558 long position) comprising TL 423,080 off-balance-sheet short position (31 December 2014 - TL 621,615 long position) and TL 57,276 net long position (31 December 2014 - TL 85,943 net long position).

The announced current foreign exchange buying rates of the Parent Bank as of 31 March 2015 and the previous five working days are as follows (Full TL):

	24/03/2015	25/03/2015	26/03/2015	27/03/2015	30/03/2015	Balance sheet evaluation rate
USD	2.5699	2.5505	2.5555	2.5962	2.6107	2.6102

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

III. Explanations on consolidated currency risk (continued)

Currency risk of the Group:

- Forward foreign currency purchase transactions: TL 336,093 (31 December 2014 - TL 344,189)
- Forward foreign currency sale transactions: TL 427,848 (31 December 2014 - TL 408,657)
- Future precious metal purchase transactions: TL 36,798 (31 December 2014 - TL 163,918)
- Future precious metal sale transactions: TL 269,748 (31 December 2014- TL 726,732)

IV. Explanations on position risk of equity securities in banking book

a) Relation of risks with gains accounted under equity and analysing according to their aims including strategic reasons and the accounting policies applied and general information about valuation techniques with assumptions in this application, the elements that manipulate valuation and important changes:

The Group's non-quoted securities are accounted for fair value. When the fair value cannot be reliably measured, the cost method is used.

b) Carrying value of share investments, for fair value and quoted securities, comparison with market value if market value is significantly different from fair value:

Equity Securities (shares)	Carrying Value	Comparison	
		Fair Value	Market Value
1 Securities Available-for-Sale	59,530	-	-
Quoted Securities	-	-	-
2 Investments in Associates	-	-	-
Quoted Securities	-	-	-
3 Investment in Subsidiaries(*)	22,680	-	-
Quoted Securities	-	-	-
4 Other	9,854	-	-
Quoted Securities	-	-	-

Prior Period Equity Securities (shares)	Carrying Value	Comparison	
		Fair Value	Market Value
1 Securities Available-for-Sale(*)	53,995	-	-
Quoted Securities	-	-	-
2 Investments in Associates	-	-	-
Quoted Securities	-	-	-
3 Investment in Subsidiaries(*)	22,680	-	-
Quoted Securities	-	-	-
4 Other	5,605	-	-
Quoted Securities	-	-	-

(*)Valuation of Equity shares investments are followed up at cost value because its fair value cannot be reliably measured.

c) Realized gains/losses, revaluation surpluses and unrealized gains/losses on equity securities and results included in core and supplementary capitals:

None (31 December 2014: None).

V. Explanations on consolidated liquidity risk

Liquidity risk represents risk of not having sufficient cash or cash inflows to completely meet the cash outflows on time as a result of imbalance in cash flows.

Liquidity risk may also result from inability to penetrate to market or change positions quickly at suitable prices and amounts due to market disruptions or barriers. To mitigate liquidity risk, the Group diversifies funding sources (customer funds and funds borrowed from abroad) and keeps a certain level of assets as cash and cash equivalents.

The Group determines the liquidity position daily and the treasury department manages market transactions in accordance with the liquidity position of the Group. Indicators of liquidity conditions are analysed at the weekly Asset/Liability meetings with the participation of top management.

The liquidity position of the Group's assets and liabilities within framework of the monitoring and evaluation of the liquidity ratio is calculated on a weekly basis.

VII. Credit risk mitigation techniques

The Bank applies the Comprehensive Financial Collateral Techniques explained in "Credit Risk Mitigation Techniques Communiqué" published in Official Gazette No. 28337 as of 28 June 2012.

Credit risk mitigation techniques used by the Bank in terms of credit facility are listed as follows:

- Financial Collaterals (Cash, Deposit Pledges, Gold)
- Guarantees
- Real Estate Mortgage

Financial collaterals are evaluated on a daily basis.

For loans that are amounting over TL 3,000 or loans amounting to over 5% of the equity, real estate valuation should be repeated minimum every 3 year by the rating companies authorized from the Banking Regulation and Supervision Agency or Capital Markets Boards of Turkey.

Volatility in real estate market is closely followed by the Group; values of real estate for commercial real estates are revised at least every year whereas housing real estates are revised at least in every 3 year.

VIII. Explanations on risk management objectives and policies

Risk Management System refers to the Board of Directors, the Audit Committee, the Risk Management Committee, Asset-Liability Committee ("ALCO") and the Risk Management Department ("RMD") which has been composed in order to manage systemic risks that the Parent Bank is exposed. The Board of Directors is the owner of the Parent Bank's Risk Management System and ensures the establishment of an effective, sufficient and appropriate risk management system as well as the continuity of the system. The main objective of the Parent Bank's Risk Management System is to identify, measure, monitor and control the risks that the Bank is exposed to, by determining the policies, limits and procedures to control, to monitor, and if necessary to change the risk-return structure of the Bank's future cash flows and the level & the quality of related activities.

In accordance with Parent Bank's strategies, risk policies and vision, the analyses that Risk Management Service presents to Internal Systems Committee and Audit Committee are credit risks, market risks, liquidity risks, operational risks and Information Technologies ("IT") risk evaluations. Besides, in accordance to market trends, economic conduct and Bank's strategic growth, capital adequacy stress test and scenario analyses, evaluation of economic development in the World and Turkey are presented to Internal Systems Committee and Board of Directors by Risk Management Service. These analyses contribute to Bank Top Management's resolution process about risk appetite and awareness of risks, capital adequacy, strategy revisions and future estimation.

In addition, Risk Management Service verifies its own coordination to be ready proactively in business availability of Parent Bank and situations connected with it.

Risk Management Service continues risk monitoring and analysing operations in accordance to Board of Director's Kuveyt Türk's mission, vision and growth strategy to prevent the potential risks. In this context credit and market risks, liquidity risk, operational risks and all limits, internal personal scoring and corporate rating modelling with IT risks issues, IT risk evaluation, operational lost data base, key risk indicators, operational risk insurances, market risk calculations, following up of treasury transactions and asset-liability risks are being motorized.

IX. Explanations on the activities carried out on behalf and account of other persons

The Parent Bank does not perform purchases, sales and custody services in the name of others. The Parent Bank has no fiduciary based transactions.

X. Explanations on business segments

The Group operates in Retail and Enterprise Banking, Commercial Banking, Corporate and International Banking sectors.

Corporate and Commercial Banking: to meet the financial needs of the customers', unique cash flow and financial solutions are provided to customers through loans, non-cash loans, foreign trade financing services and similar customized products. Domestic and foreign business opportunities are supported by using different corporate banking instruments to serve the sustainability of the production of entities.

Retail Banking; there are four main activities: fund collection, consumer financing, credit cards and alternative distribution channels. The Bank serves in the range of products of profit share accounts creation, banking services, Trade Finance, Checks, POS services, Credit Cards, ATM services, Online Banking and Mobile Banking in these fields.

In International Banking, the relationships with foreign correspondent banks and investment institutes are executed directly or via branches abroad, representative offices and agencies. The needs of the international funds and SMEs are met with Matched Murabaha product provided by the investment banking for the international investors and SMEs. The aim of international banking is to enable foreign trade financing and develop mutual long term financing agreements with foreign banks. Besides supplying syndicated loans for the Bank, investment banking also supplies syndicated loans in corporate basis for the firms and groups in Turkey. The Treasury in addition to monitoring foreign currency position and liquidity of the Bank, also conducts spot and forward transactions in TL or foreign currencies, performs derivative transactions (Forward, Swap) with banks and customers, trades of gold within the context of membership of Istanbul Gold Exchange, trades share certificates in BIST and international markets and conducts Murabaha transactions with foreign banks.

The Parent Bank holds collaterals like mortgage pledge, customer cheques and other collaterals against these financial assets.

10. Main guidelines for liquidation process of uncollectible loans and other receivables:

Loans and other receivables, which were deemed uncollectible according to the "Principles and Procedures for the Determination of the Quality of Loans and Other Receivables and Reserves to be provided for these Loans" published in the Official Gazette No. 26333 dated 1 November 2006 and for which a full impairment provision has been made, are written-off per the decision of the Bank top management. Within 2015, non-performing loans amounting to TL 19,813 have been written-off (31 December 2014 – TL 48,363).

11. Information on the write-off policy:

The Bank's write-off policy is to write-off the loan receivables that have been already transferred to legal follow-up and fully provided for and for which there is no possibility of collection through legal process and for which there is no collateral. Such loans are written off as per the decision of top management.

f. Information on held-to-maturity investments:

None (31 December 2014 – None).

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

II. Explanations and notes related to consolidated liabilities (continued)

h. Information on provisions (continued):

2. Information on provisions related with foreign currency evaluation difference of foreign currency indexed loans: As of 31 March 2015, effect of decrease in exchange rates on foreign currency indexed loans amounting to TL 11,786 (31 December 2014 - TL 18,574) and TL 17,718 for leasing receivables (31 December 2014 - TL 17,290) is offset against loans and receivables.

3. Information on other provisions:

	Current Period	Prior Period
Provisions for non-liquidated non cash loans (*)	40,177	42,544
Provisions for cheque books (*)	8,741	9,181
Provisions from equity/profit sharing accounts	9,452	14,186
Credit card bonus provisions	390	347
Other	329	890
Total	59,089	67,148

(*) According to temporary article 2 of "Regulation on Procedures and Principles for Determination of Qualifications of Loans and Other Receivables by Banks and Provisions to be Set Aside", the Parent Bank recognizes provisions for non-liquidated non-cash loans and check books of customers who have any other non-performing exposures within the Bank.

4. Information on provisions for employee benefits:

Provisions for employee benefits consist of reserve for employee termination benefits amounting to TL 45,369 (31 December 2014 - TL 42,212), vacation pay liability amounting to TL 11,637 (31 December 2014 - TL 430), performance premium amounting to TL 8,606 (31 December 2014 - TL 48,600), retirement bonuses on payment of TL 3,561 (31 December 2014 - TL 1,829) and overtime payment amounting to TL 0 (31 December 2014 - TL 0).

Under the Turkish Labour Law, the Bank is required to pay termination benefits to each employee who has completed at least one year of service and whose employment is terminated without due cause, is called up for military service, dies or retires or earns the right to retire.

The amount payable consists of one month's salary limited to a maximum of TL 3,438 (31 December 2014 - TL 3,438) for each year of service. The liability is not funded, as there is no funding requirement.

The reserve has been calculated by estimating the present value of the future probable obligation of the Group arising from the retirement of its employees. TAS 19 requires actuarial valuation methods to be developed to estimate the enterprise's obligation for such benefits. Accordingly, the following actuarial assumptions were used in the calculation of the total liability:

	Current period	Prior period
Discount Rate (%)	3.29	3.29
Inflation rate (%)	6.5	6.5
Interest rate (%)	10.0	10.0
