We have reviewed the accompanying interim condensed consolidated financial statements of Kuveyt Türk Katılım Bankası A.Ş. and its subsidiaries ("the Group") as at June 30, 2010 comprising of the interim consolidated statement of financial position as at June 30, 2010 and the related interim consolidated statements of comprehensive income, changes in equity and cash flows for the six months period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

Selected notes to interim condensed consolidated financial statements June 30, 2010 (Currency - In thousands of Turkish Lira - TL)

1. Corporate information

General

Kuveyt Türk Katılım Bankası A.Ş. (a Turkish joint-stock company-the Bank) was formed in accordance with the provisions of Decree No. 83/7506, issued on December 16, 1983 relating to the establishment of Special Finance Houses in Turkey. The Bank obtained permission from the Central Bank of Turkey (CBT) on February 28, 1989 and commenced its operations on March 31, 1989. Currently, the Bank is continuing its operations under the purview of the Banking Regulation and Supervision Agency ("BRSA") and the Banking Law No. 5411, dated November 1, 2005. The Bank's head office is located at Büyükdere Caddesi No: 129, 34394 Esentepe Şişli/Istanbul/Turkey. The parent and the ultimate controlling party of the Bank is Kuwait Finance House.

The interim condensed consolidated financial statements were approved by the Board of Directors of the Bank on August 14, 2009. The General Assembly and certain regulatory bodies have the power to amend the statutory financial statements after issue.

Nature of activities of the bank and its subsidiaries

At June 30, 2010, the Bank's core business is operating in accordance with the principles of interest-free banking as a participation bank by collecting funds through current and profit/loss sharing accounts, and disbursing funds to its customers.

The Bank's subsidiary, Körfez Gayrimenkul İnşaat Taahhüt Turizm San. ve Tic. A.Ş. ("Körfez"), in which the Bank has a 100% shareholding was incorporated in June 1996 in Turkey. The Bank had signed an agreement with Hayat Investment Company(Hayat, resident in Kuwait) on November 23, 2009 for transferring 51% of its shares of Körfez Gayrimenkul A.Ş. (Körfez) in exchange for USD 10,613,000 and TL 2,450. The remaining 49% of its shares had been classified under investments in an associate in the previous year's financial statements. The aim of the acquirer, Hayat, was mainly to participate to the income of Kartal Shopping Mall and Residence Project which is run by Körfez.

On 6 June 2010 the Bank acquired back the 51 per cent of the outstanding ordinary shares of Körfez for 10,572,000 USD (16,840 TL) and TL 2,450 and classified it as subsidiary(Note 7) because there are legal issues with local municipality related with land of Kartal shopping mall and residence project. which prevented the construction to begin.

Körfez's registered address is Büyükdere Caddesi, No: 129, 34394 Esentepe Şişli/Istanbul. Körfez is engaged in development and marketing of real estate projects in Turkey. Körfez's main sources of revenue are from the sales of these projects and expert valuations carried out on behalf of third parties.

The Bank's other subsidiary, Körfez Tatil Beldesi A.Ş. ("Körfez Tatil Beldesi"), in which the Bank has a 100% shareholding was incorporated in 2001 in Edremit, Turkey. Körfez Tatil Beldesi is engaged in Güre Project, which comprises the construction of 199 "time-sharing" houses in Edremit-Balıkesir.

The Bank's other subsidiary, Kuveyt Turkish Participation Bank Dubai Limited. ("Dubai Limited"), in which the Bank has a 100% shareholding was incorporated in 2009 in Dubai, UAE. Dubai Limited is engaged in interest-free banking as a participation bank.

Acquisitions and disposals

During the six months ended 30 June, 2010, the Group acquired assets with a cost of TL 10,224 (June 30, 2009 – TL 10,966).

Assets with a net book value of TL 968 were disposed of by the Group during six months ended 30 June 2010 (June 30, 2009 - TL 1,478), resulting in a net loss on disposal TL 444 (June 30, 2009 – TL 746).

7. Business combinations

The Bank had signed an agreement with Hayat Investment Company (resident in Kuwait) on November 23, 2009 to transfer 51% of the shares of Körfez in exchange for USD 10,613,000 and TL 2,450. The remaining 49% of its shares had been classified under investments in an associate in the previous year's financial statements.

On 6 June 2010, the Group bought back 51 per cent of the outstanding ordinary shares of Körfez, and obtained full control of Körfez by having 100 percent shareholding because the Kartal Project (Note 1) could not have been started. Körfez is engaged in development and marketing of real estate projects in Turkey. Körfez's main sources of revenue are from the sales of these projects and expert valuations carried out on behalf of third parties.

The acquisition has been accounted for using the acquisition method. The acquisition date fair values are preliminary and may be adjusted upon completion of independent valuers' report. Hence, the fair value of previously held 49% shares of Körfez could not have been reassessed.

10. Income taxes

The Bank and its subsidiaries are subject to taxation in accordance with the tax rules and the legislation effective in the countries in which the Group companies operate.

In Turkey, the corporation tax rate for the fiscal period/year ending June 30, 2010 and December 31, 2009 was 20%. Corporate tax returns are required to be filed by the twenty fifth day of the fourth month following the balance sheet date and taxes must be paid in one installment by the end of the fourth month. The tax legislation provides for a temporary tax of 20% to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the final corporate tax liability for the year.

Dividends paid to non-resident corporations, which have a place of business in Turkey, or resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. An increase in capital via issuing bonus shares is not considered as a profit distribution and thus does not incur withholding tax.

A 75% portion of the capital gains derived from the sale of equity investments and immovable properties held for at least two years is tax exempt, if such gains are added to paid-in capital in accordance with the New Corporate Tax Law.

Corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years. The Group has not recorded a provision for any additional taxes for the fiscal years that remain unaudited (2005 - 2009), as the amount, if any, cannot be estimated with any degree of certainty.

In Turkey, the tax legislation does not permit a parent company and its subsidiaries to file a consolidated tax return. Therefore, provision for taxes, as reflected in the consolidated financial statements, has been calculated on a separate-entity basis.

13. Earnings per share

Basic earnings per share (EPS) amounts are calculated by dividing the net profit for the period attributable to ordinary equity holders of the Bank by the weighted average number of ordinary shares outstanding during the period.

In Turkey, companies can increase their share capital by making a pro rata distribution of shares ("Bonus Shares") to existing shareholders without consideration for amounts resolved to be transferred to share capital from retained earnings and revaluation surplus. For the purpose of the EPS calculation such Bonus Share issues are regarded as stock dividends. Dividend payments, which are immediately reinvested in the shares of the Bank are similarly treated. Accordingly the weighted average number of shares used in EPS calculation is derived by giving retroactive effect to the issue of such shares.

The following reflects the income and per share data used in the basic earnings per share computations:

	June 30, 2010	June 30, 2009
Net profit attributable to ordinary equity holders of the Bank for basic earnings per share	100,382	90,986
Weighted average number of ordinary shares for basic earnings per share (thousands)	550,000	550,000
Basic earnings per share (expressed in full TL per share)	0.183	0.165

There are no dilutive potential ordinary share and accordingly there are no diluted earnings per share for any class of shares.
