**Report on review of interim condensed  
consolidated financial statements to the board of directors of  
Kuveyt Türk Katılım Bankası Anonim Şirketi**

**Introduction**

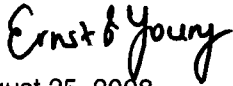

We have reviewed the accompanying interim condensed consolidated financial statements of Kuveyt Türk Katılım Bankası A.Ş. and its subsidiary ("the Group") as at June 30, 2008 comprising of the interim consolidated balance sheet as at June 30, 2008 and the related interim consolidated statements of income, changes in equity and cash flows for the six month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Financial Reporting Standards IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

**Scope of review**

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

## **Selected notes to interim condensed consolidated financial statements June 30, 2008 (Currency - In thousands of New Turkish Lira - YTL)**

### **1. Corporate information**

#### **General**

Kuveyt Türk Katılım Bankası A.Ş. (a Turkish joint-stock company-the Bank) was formed in accordance with the provisions of Decree No. 83/7506, issued on December 16, 1983 relating to the establishment of Special Finance Houses in Turkey. The Bank obtained permission from the Central Bank of Turkey (CBT) on February 28, 1989 and commenced its operations on March 31, 1989. Currently, the Bank is continuing its operations under the purview of the Banking Regulation and Supervision Agency ("BRSA") and the Banking Law No. 5411, dated November 1, 2005. The Bank's head office is located at Büyükdere Caddesi No: 129, 34394 Esentepe Şişli/İstanbul/Turkey. The parent and the ultimate parent of the Institution is Kuwait Finance House.

The interim condensed consolidated financial statements were approved by the Board of Directors of the Bank on August 25, 2008. The General Assembly and certain regulatory bodies have the power to amend the statutory financial statements after issue.

#### **Nature of activities of the bank and its subsidiaries**

At June 30, 2008, the Bank's core business is operating in accordance with the principles of interest-free banking as a participation bank by collecting funds through current and profit/loss sharing accounts, and disbursing funds to its customers.

The Bank's subsidiary, Körfez Gayrimenkul İnşaat Taahhüt Turizm San. ve Tic. A.Ş. ("Körfez"), in which the Bank has 100% shareholding was incorporated in June 1996 according to the Turkish Commercial Code. Körfez's head office is registered in Büyükdere Caddesi, No: 129, 34394 Esentepe Şişli/İstanbul. Körfez is engaged in development and marketing of real estate projects in Turkey, including Güre Project, which comprises the construction of 199 "time-sharing" houses in Edremit-Balıkesir. Körfez's main sources of revenue are from the sales of these projects and expert valuations carried for third parties.

### **2. Basis of presentation and accounting policies**

#### **2.1 Basis of preparation**

The interim condensed consolidated financial statements of the Bank and its subsidiary (collectively – the Group) have been prepared in accordance with International Accounting Standards (IAS) 34 "Interim financial reporting"

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at December 31, 2007.

#### **2. Basis of presentation and accounting policies (continued)**

##### **2.2 Significant accounting policies**

The following new standards, amendments to standards or interpretations are mandatory for the first time for the financial year beginning 1 January 2008 and but are not relevant for the group.

- IFRIC 12, "Service Concession Arrangements".
- IFRIC 14, "IAS 19 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction".

#### **Standards, Interpretations and amendments to published standards that are not yet effective**

Certain new standards, amendments and interpretations to existing standards have been published that are mandatory for accounting periods beginning on or after January 1, 2009, but which the Group has not early adopted, as follows:

- IFRIC 15, "Agreements for the Construction of Real Estate", was issued on 3 July, 2008 and is effective for annual periods beginning on or after 1 January 2009 and must be applied retrospectively. IFRIC 15 provides guidance on how to determine whether an agreement for the construction of real estate is within the scope of IAS 11 'Construction Contracts' or IAS 18 'Revenue' and, accordingly, when revenue from such construction should be recognised. The Group / Company is in the process of assessing the impact of this interpretation on its financial statements
- IFRIC 16, "Hedges of a Net Investment in a Foreign Operation", was issued on 3 July, 2008 and is effective for annual periods beginning on or after 1 October, 2008 and can be applied retrospectively or prospectively. IFRIC 16 clarifies three main issues, namely:
  1. A presentation currency does not create an exposure to which an entity may apply hedge accounting. Consequently, a parent entity may designate as a hedged risk only the foreign exchange differences arising from a difference between its own functional currency and that of its foreign operation.
  2. Hedging instrument(s) may be held by any entity or entities within the group.
  3. While IAS 39, 'Financial Instruments: Recognition and Measurement', must be applied to determine the amount that needs to be reclassified to profit or loss from the foreign currency translation reserve in respect of the hedging instrument, IAS 21 'The Effects of Changes in Foreign Exchange Rates' must be applied in respect of the hedged item.

This interpretation will have no impact on the Group's financial statements.

##### 2.3 Foreign currency translation

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date announced by the Central Bank of Turkey (CBT). All differences are taken to the income statement as foreign exchange gain / (loss). Foreign currency exchange rates used by the Group as of respective period-ends are as follows :

| Dates             | USD / YTL | EUR / YTL |
|-------------------|-----------|-----------|
| June 30, 2007     | 1.3147    | 1.7696    |

#### **9. Income taxes**

The Bank and its subsidiaries are subject to taxation in accordance with the tax rules and the legislation effective in the countries in which the Group companies operate.

In Turkey, the corporation tax rate for the fiscal year ending December 31, 2007 and 2006 was 20%, unless qualifying capital investments are made in which case the tax rate is 30% for 2007 and 2006. Corporate tax returns are required to be filed by the twenty fifth day of the fourth month following the balance sheet date and taxes must be paid in one installment by the end of the fourth month. The tax legislation provides for a temporary tax of 20% to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the final corporate tax liability for the year.

In addition, the Turkish government offers investment incentives to companies that make certain qualifying capital investments in Turkey. Prior to April 24, 2003, the total amount of qualifying capital investments was deducted from taxable income and the remainder of taxable income, if any, was taxed at the corporate rate. A withholding tax of 19.8% was applied to the total amount of qualifying capital investments. With effect from April 24, 2003, the investment incentives scheme was amended such that companies are no longer subject to a withholding tax, but rather directly deduct 40% of qualifying capital investments from their annual taxable income. In addition, corporations that had unused qualifying capital investment amounts from periods prior to April 24, 2003 were entitled to carry forward these and apply the 19.8% withholding tax to these amounts in the manner described above. With the new law enacted, effective from January 1, 2006, Turkish government ceased to offer investment incentives for capital investments. Companies having unused qualifying capital investment amounts from periods prior to December 31, 2005 will be able to deduct such amounts from corporate income tax base until the end of December 31, 2008; however, the corporate tax rate will be 30% for them. Furthermore, qualifying capital investments to be made until the end of December 31, 2008 within the scope of the investment projects started before December 31, 2005 will be subject to investment incentives until the end of December 31, 2008. In 2006 and 2007, the Bank utilized its investment incentive allowance; whereas for 2008 the Bank has decided not to utilize its investment incentive allowances, therefore in 2008 the corporate tax rate for the Bank is 20%.

Dividends paid to non-resident corporations, which have a place of business in Turkey, or resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. An increase in capital via issuing bonus shares is not considered as a profit distribution and thus does not incur withholding tax.

A 75% portion of the capital gains derived from the sale of equity investments and immovable properties held for at least two years is tax exempt, if such gains are added to paid-in capital in accordance with the New Corporate Tax Law.

Corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years. The Group has not recorded a provision for any additional taxes for the fiscal years that remain unaudited (2003 - 2007), as the amount, if any, cannot be estimated with any degree of certainty.

In Turkey, the tax legislation does not permit a parent company and its subsidiaries to file a consolidated tax return. Therefore, provision for taxes, as reflected in the consolidated financial statements, has been calculated on a separate-entity basis.

#### 12. Earnings per share

Basic earnings per share (EPS) amounts are calculated by dividing the net profit for the period attributable to ordinary equity holders of the Bank by the weighted average number of ordinary shares outstanding during the period.

In Turkey, companies can increase their share capital by making a pro rata distribution of shares ("Bonus Shares") to existing shareholders without consideration for amounts resolved to be transferred to share capital from retained earnings and revaluation surplus. For the purpose of the EPS calculation such Bonus Share issues are regarded as stock dividends. Dividend payments, which are immediately reinvested in the shares of the Bank are similarly treated. Accordingly the weighted average number of shares used in EPS calculation is derived by giving retroactive effect to the issue of such shares.

The following reflects the income and per share data used in the basic earnings per share computations:

|   | June 30,<br>2008 | June 30,<br>2007 |
|---|------------------|------------------|
| Net profit attributable to continuing operations of the Bank for basic earnings per share   | 41,968           | 38,018           |
| Net loss attributable to discontinued operations for basic earnings per share               | 291              | (848)            |
