Consolidated Financial Statements and Notes for The Period Ended 1 January-31 March 2022 with Independent Auditor's Review Report

(Convenience translation of consolidated financial statements and independent auditor's audit report originally issued in Turkish)

(Convenience translation of the auditor's report originally issued in Turkish - See Note I of Section Three)

REVIEW REPORT ON CONSOLIDATED INTERIM FINANCIAL INFORMATION

To the Board of Directors of Kuveyt Türk Katılım Bankası A.Ş.

Introduction

We have reviewed the consolidated statement of financial position of Kuveyt Türk Katılım Bankası A.Ş. (the "Bank") and its subsidiaries (collectively referred as the "Group") at March 31, 2022 and the related consolidated income statement, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in shareholders' equity, consolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the consolidated financial statements for the three-month-period then ended. The Group Management is responsible for the preparation and fair presentation of these consolidated of interim financial information in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency("BRSA") and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Financial Reporting Legislation) and Turkish Accounting Standard 34 "Interim Financial Reporting" principles for those matters not regulated by BRSA Legislation; together referred as "BRSA Accounting and Financial Reporting Legislation". Our responsibility is to express a conclusion on this consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards of Turkey and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not give a true view of the consolidated financial position of the Group at March 31, 2022, and the results of its operations and its consolidated cash flows for the three-month-period then ended in all material aspects in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on Other Legal and Regulatory Requirements

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim activity report in Section VIII, are not consistent, in all material respects, with the reviewed consolidated financial statements and disclosures.

Additional paragraph for convenience translation to English

As explained in detail in Note I of Section Three, the effects of differences between accounting principles and standards set out by regulations in conformity with “BRSA Accounting and Financial Reporting Legislation” and the accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards (“IFRS”) have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

SECTION ONE
GENERAL INFORMATION

1. History of the Parent Bank including its incorporation date, initial legal status and amendments to legal status:

Kuveyt Türk Katılım Bankası A.Ş. (“The Bank”) was incorporated with the approval of the Central Bank of the Republic of Turkey (CBRT) on 28 February 1989 and commenced its operations on 31 March 1989, with the name of Kuveyt Türk Evkaf Finans Kurumu A.Ş. To comply with the Banking Act 5411, the title of the Bank has been changed to Kuveyt Türk Katılım Bankası A.Ş. with a change in the Articles of Association which was approved in the annual general meeting dated 26 April 2006. Main field of operation is, in addition to the Bank’s equity, to collect funds from domestic and foreign customers through “Current Accounts” and “Profit/ Loss Sharing Accounts” and allocate such funds to the economy, to perform all kinds of financing activities in accordance with the regulations, to encourage the investments of all individuals and legal entities operating in agricultural, industrial, trading and service industries, participating into the operations of these entities or individuals and to form joint business partnerships and to perform all these activities in a non-interest environment.

The Parent Bank and its consolidated financial subsidiaries are named together as “Group”.

2. Shareholding structure, shareholders jointly or individually having direct or indirect control over the management and supervision of the Parent Bank and the disclosures on any related changes in the current period, if any, and information about the Group that the Parent Bank belongs to:

As of 31 March 2022, 62.24% of the Parent Bank’s shares are owned by Kuwait Finance House located in Kuwait, 18.72% by Vakıflar Genel Müdürlüğü Mazbut Vakıfları, 9.00% by Wafra International Investment Company in Kuwait and 9.00% by Islamic Development Bank whereas the remaining 1.04% of the shares are owned by other real persons and legal entities.

3. Explanations regarding the chairman and the members of board of directors, audit committee members, general manager and assistant general managers and their shares in the Parent bank:

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

4. Information on qualified shareholders

Name / Commercial Name	Share amount (Nominal)	Shareholding percentage	Paid shares (Nominal)	Unpaid shares
Kuwait Finance House	2,863,098	62.24%	2,863,098	-
Vakıflar Genel Müdürlüğü Mazbut Vakıfları	861,086	18.72%	861,086	-
Total	3,724,184	80.96%	3,724,184	-

As of 31 March 2022, the shares of parent shareholder of Parent Bank, Kuwait Finance House (“KFH”) are 51.95% publicly traded; 24.08% of KFH belongs to Kuwait Investment Authority and 10.48% belongs to Public Authority for Minors Affairs.

5. Explanations of the Parent Bank’s services and field of operations

The Parent Bank’s field of operations includes corporate banking, international banking services, and retail banking and credit card services. The Bank’s core business is operating in accordance with the principles of interest-free banking as a participation bank by collecting funds through current and profit/loss sharing accounts and lending such funds to its customers.

As of 31 March 2022, the Group is operating through 449 domestic branches (31 December 2021 – 448) with 6,718 employees (31 December 2021 – 6,760). Summary of some of the Parent Bank’s operations described in the Articles of Association are as follows:

- To collect funds through “Current Accounts” and “Profit/Loss Sharing Accounts” and special fund pools in line with the regulations,
- To allocate funds to the economy and provide all kinds of cash, non-cash loans within the principles of non-interest banking,
- To offer financial and operational leasing,
- To handle all kinds of deposits and payments, including travelers’ checks, credit cards and other payment instruments, provide member business services (POS), consulting, advisory, and safe deposit box services,
- To purchase financial instruments on money and capital markets in cash or installments, sell and mediate the sale and trade on the stock exchange in accordance with legislation and principles of non-interest banking,
- To purchase, acquire and construct any kind of real estate and if necessary, lease or transfer ownership to other persons,
- To act as a representative, deputy or agent for corporations and enterprises (including insurance companies),
- To provide socially purposed assistance within the scope of the legislation within the principles of the The Parent Bank for the order and benefit of the society.

The Parent Bank’s activities are not limited to the list above. If another transaction is decided to be beneficial to the Parent Bank, the transaction must be recommended by the Board of Directors, approved by the General Assembly and authorized by relevant legal authorities after whom it also needs to be approved by the Ministry of Trade since it constitutes an amendment of the Article of Association. Decisions that have been approved through all these channels will be included to the Article of Association. Disclosures on the differences between the Communiqué on the Preparation of Consolidated Financial Statements of Banks and the consolidation transactions made in accordance with the Turkish Accounting Standards and the entities subject to full or proportionate consolidation, deducted from equity or not included in these three methods: According to the Communiqué on the Preparation of the Consolidated Financial Statements of Banks, only While financial partnerships are included in the scope of consolidation, all financial and non-financial partnerships should be included in the scope of consolidation in accordance with Turkish Accounting Standards and Turkish Financial Reporting Standards.

6. Current or likely actual legal barriers to immediate transfer of equity or repayment of debts between Parent Bank and its subsidiaries:

None.

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

1. Explanations on basis of presentation

1.1. The preparation of the consolidated financial statements and related notes and explanations in accordance with The Turkish Accounting Standards and Regulation on Accounting Applications for Banks and Safeguarding of Documents:

The Parent Bank prepares its financial statements in accordance with the “Regulation On The Procedures And Principles For Accounting Practices And Retention Of Documents By Banks” published in the Official Gazette dated 1 November 2006 with numbered 26333, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Agency (“BRSA”) as well as the circulars and pronouncements published by the BRSA. For matters not regulated by the aforementioned legislations, the Bank prepares its financial statements in accordance with the BRSA Accounting and Financial Reporting Legislation, which comprises the terms of the Turkish Financial Reporting Standards issued by the Public Oversight Accounting and Auditing Standards Authority.

Additional paragraph for convenience translation

The differences between the standards set out by BRSA Accounting and Financial Reporting Legislation and the accounting principles generally accepted in countries in which the accompanying financial statements are to be distributed and International Financial Reporting Standards (IFRS) have not been quantified in the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

1.2. Accounting policies and valuation principles applied in the preparation of financial statements:

The financial statements have been prepared on the historical cost basis except for the financial instruments at fair value through profit or loss, and the financial assets and liabilities at fair value through other comprehensive income that are measured at fair values.

The preparation of consolidated financial statements in conformity with BRSA Accounting and Financial Reporting Legislation requires the Bank management to make assumptions and estimates with respect to the assets and liabilities on the balance sheet and contingent issues outstanding as of the balance sheet date. These assumptions and estimates mainly consist of calculations of the fair values of financial instruments and the impairment on assets. The assumptions an estimate is reviewed regularly and, when necessary, appropriate corrections are made and the effects of such corrections are reflected on the income statement.

COVID-19 pandemic, which has recently emerged in China, has spread to various countries in the world, causing potentially fatal respiratory infections, negatively effects both regional and global economic conditions, as well as it causes disruptions in operations, especially countries that are exposed to the epidemic. As a result of the spread of COVID-19 around the world, several measures are still being taken in our country as well as in the world in order to prevent the spread of the virus and measures are still being taken. In addition to the measures, economic measures are also taken to minimize the economic impact of the virus outbreak on individuals and businesses in our country and worldwide.

Since it is aimed to update the most recent financial information in the financial statements prepared as of March 31, 2022, considering the magnitude of the economic changes due to COVID-19, the Bank made certain estimates in the calculation of expected credit losses and disclosed them in third section footnote numbered 1.5 “Explanations on Expected Credit Loss”. In the upcoming periods, the Bank will update its relevant assumptions are necessary and revise the realizations of past estimates.

In the announcement published by the Public Oversight Accounting and Auditing Standards Authority on January 20, 2022, it is stated that TAS 29 Financial Reporting in Hyperinflationary Economies does not apply to the TFRS financial statements as of December 31, 2021, since the cumulative change in the general purchasing power of the last three years according to Consumer Price Index (CPI) is 74.41%. As of March 31, 2022 are not new disclosure has been made by the POA in accordance with TAS 29 and financial statements as of March 31, 2022 are not adjusted for inflation in accordance with TAS 29.

Since January 2022, the tension between Russia and Ukraine has turned into a crisis and a hot conflict. No Bank-owned activities are carried out in the two countries that are the subject of the crisis. Considering the geographies in which the Bank conducts its activities, the economic effects of the crisis are closely monitored by the Bank and are taken into account when preparing its financial statements using the best forecasting method.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

1.3. Changes in accounting estimates, errors and classifications

If changes in accounting estimates are related to only one period, they are applied in the current period in which the change is made, and if they are related to future periods, they are applied both prospectively and in the future periods. Significant accounting errors are applied retrospectively and prior period financial statements are restated. There were no significant changes in the accounting estimates of the Bank in the current year. Comparative information is rearranged when deemed necessary in order to comply with the presentation of the current period financial statements. The Bank has rearranged the prior period's statement of changes in shareholders' equity and statement of cash flow in order to comply with the presentation of the current period financial statements.

1.4. Preparation of the financial statements as regards to the current purchasing power of money:

Until 31 December 2004, the consolidated financial statements of the Group were subject to inflation adjustments in accordance with Turkish Accounting Standard No: 29 "Financial Reporting in Hyperinflationary Economies" ("TAS 29"). As per the BRSA decision numbered 1623 and dated 21 April 2005 and the BRSA circular dated 28 April 2005 it was stated that the indicators for the application of inflation accounting were no longer applicable. Consequently, as of 1 January 2005, the inflation accounting has not been applied.

1.5. TFRS 3 Explanations on Business Combinations Standard:

The acquisition of subsidiaries and businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Business combinations are accounted in accordance with TFRS 3 "Business Combinations" except for the assets (or disposal groups) that are classified as held for sale in accordance with TFRS 5 "Non-current Assets Held for Sale and Discontinued Operations" are measured in accordance with that Standard.

The interests of non-controlling shareholders in the acquire is initially measured at the non-controlling's proportion of the fair value of the assets, liabilities and contingent liabilities recognized.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

- Explanations regarding the accounting policy applied for the acquisition of Neova Katılım Sigorta A.Ş.

Following the necessary legal permissions on May 5, 2020, the Bank finalized the purchase of Neova Katılım Sigorta A.Ş. by completing the share transfer process. The Parent Bank purchased 78,864,212 shares by paying TL 745,860 and increased the partnership share in Neova Katılım Sigorta A.Ş. from 7% to 100% by owning all the shares.

This acquisition has been evaluated as a merger of entities under common control and has been accounted for using the aggregation method (Pooling of interest). According to this method, the assets and liabilities of Neova Katılım Sigorta A.Ş. are included in the financial statements over the book values determined in accordance with TFRS at the merger date, and no goodwill has arisen in the financial statements as a result of the merger.

1.6. Disclosures regarding TFRS 9 Financial Instruments:

TFRS 9 "Financial Instruments", which is effective as at 1 January 2018 is published by the Public Oversight Accounting and Auditing Standards Authority ("POA") in the Official Gazette numbered 29953 dated 19 January 2017. As of 1 January 2018, the application of TFRS 9 replaced "TAS 39: Financial Instruments: Recognition and Measurement." standard.

TFRS 9 also includes new principles for general hedge accounting which aims to harmonize hedge accounting with risk management applications. In the admission of the accounting policies, TFRS 9 presents the option of postponing the adoption of TFRS 9 hedge accounting and continuing to apply the hedge accounting provisions of TAS 39.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

All recognized financial assets that are within the scope of TFRS 9 are required to be initially measured at amortized cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and profit share on the principal amount outstanding, are generally measured at FVTOCI. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under TFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment in other comprehensive income, with only dividend income generally recognized in profit or loss.

Dividends obtained from such investments are accounted in the financial statements as profit or loss unless they are evidently a part of the recoverable cost of investment.

As a result of the combination of contractual cash flow characteristics and business models, the differences in the classification of financial assets are reflected in the financial statements compared to the current classification in TAS 39.

During the first recognition of a financial asset into the financial statements, business model determined by the Parent Bank management and the nature of contractual cash flows of the financial asset are taken into consideration.

Classification and measurement of financial instruments:

According to TFRS 9 requirements, classification and measurement of financial assets will depend on the business model within which financial assets are managed and their contractual cash flow characteristics whether the cash flows represent “solely payments of principal and profit share” (SPPI).

Upon initial recognition each financial asset shall be classified as either fair value through profit or loss (“FVTPL”) amortized cost or fair value through other comprehensive income (“FVOCI”). As for the classification and measurement of financial liabilities, the application of the existing terms of TAS 39 remain largely unchanged under TFRS 9.

Explanations on Expected Credit Loss:

As of 1 January 2018, the Parent Bank will recognize provisions for impairment in accordance with the TFRS 9 requirements according to the “Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside” published in the Official Gazette dated 22 June 2016 numbered 29750. The expected credit loss estimates are required to be unbiased, probability-weighted and should include supportable information about past events, current conditions, and forecasts of future economic conditions.

Modeling studies were carried out on the principal components of the Expected Loan Loss calculation and the default probability (PD) models were developed on various loan portfolios. Credit portfolios are determined according to customer segments that form the basis of banking activities. The cyclical default probabilities generated by these models developed for use in the Internal Rating Based Approach (IDD) are translated into the Instantaneous Default Probabilities and these instantaneous default probabilities are used when calculating the Expected Loan Loss on TFRS 9 Calculation on Default (LGD) calculation reflects the legal deduction rates and the Bank's past collection performance on unsecured loans. Default Amount (EAD) corresponds to the balance used in cash at the reporting date for cash loans, non-cash loans and balance after application of the loan to commitment risks.

Macroeconomic scenarios affect PD values. The expected credit loss amount is calculated by weighting 3 different scenarios as Base, Good and Bad scenarios. The probability of default of the debtors and the loss rates in default vary with each scenario.

NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

The Group has calculated the possible effects of the COVID-19 outbreak as of 31 March 2022 with the best estimate method, which it obtained on the principle of maximum effort to estimate and reasoning used in the calculation of expected credit losses. In the light of the aforementioned data, during the pandemic, the Group revised its macroeconomic expectations in the calculation of expected credit loss, and the calculation made taking into account the change in PD with the update in the EDF model was reflected in the financial statements. By its nature, the model effects are reflected in the financial statements with a delay due to the occurrence of the events and their effects at different times. For this reason, the Group is establishing additional provisions for the Wholesale and Retail Trade, Build, Construction, Contracting and Tourism sectors, whose PD is more sensitive to the current macroeconomic and geopolitical conjuncture among the sectors that are declining. The Group maintains this approach as of March 31, 2022. When deemed necessary, the future will review these assumptions according to the course of the pandemic.

The expected credit loss estimates are required to be unbiased, probability-weighted and include supportable information about past events, current conditions, and forecast of future economic conditions.

The Group applies a ‘three-stage’ impairment model depending on the gradual increase in credit risk observed since initial recognition

Stage 1: Includes financial assets not having significant increase in their credit risk from initial recognition till the following reporting date or financial assets having low credit risk at the reporting date. It is recognized 12-month expected credit losses for such financial assets.

Stage 2: Includes financial assets having significant increase in their credit risk subsequent to the initial recognition, but not having objective evidence about impairment. It is recognized lifetime expected credit losses for such financial assets.

In this context, the basic considerations that are taken into account in determining the significant increase in the credit risk of a financial asset and its transfer to Phase 2 are, but are not limited to, the following.

- Delayed by more than 30 days as of the reporting date
- Restructuring
- Close Monitoring
- Evaluation of distortion in Rating Note

The rating of the rating is calculated by using the Bank's rating ratings based on the internal rating of the parent Bank by using the rating of the credit rating. For the loan, the rating calculated on the reporting date exceeds the determined threshold values and is considered as a distortion in the rating.

Stage 3: Includes financial assets having objective evidence about impairment at the reporting date. It is recognized lifetime expected credit losses for such financial assets.

The Parent Bank periodically evaluates the provisions of loans and other receivables in accordance with TFRS 9 retrospectively on the basis of their results and, if deemed necessary, revises the basketing rules and the parameters used in the calculation of the related provision balances.

1.7 Revenue from TFRS 15 disclosures regarding the standard of revenue from customer contracts:

TFRS 15 Revenue from Customer Contracts provides a single, comprehensive model and guidance on the recognition of revenue and is recorded in accordance with income with TFRS 15 Revenue from Customer Contracts

1.8 Explanations on TFRS 16 leases standard

The leasing transactions are presented by the lessors as assets (right-of-use assets) and liabilities from leasing transactions. TFRS 16 Standard eliminates the dual accounting model of leasing transactions on balance sheet and operational leasing transactions as direct expense except balance sheet.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

Within the scope of TFRS 16, the Bank reflects the existence of a lease obligation and a right of use to the financial statements at the date of initial application. The Bank measures the leasing liability on the present value of the remaining lease payments, discounted at their present value using the alternative borrowing cost ratio at the date of initial application of the Bank. In addition, the Bank measures the existence of the right to use of such right at an amount equal to the lease obligation, which is reflected in the statement of financial position immediately after the first application date, adjusted for the amount of all prepaid or accrued lease payments.

As of March 31, 2022, the right-of-use assets classified tangible assets gross amounting to TL 670,998 in the balance sheet of The Patner Bank and lease obligations classified in the item of liabilities from leasing transactions amounting to gross TL 633,772 In the three-month period that ended as of the same date, financial expenses amounting to TL 17,638 and depreciation expenses amounting to TL 36,991 were incurred.

On 5 June 2020, Public Oversight Accounting and Auditing Standards Authority (“POA”) has changed to TFRS 16 “Leases” standard by publishing Privileges Granted in Lease Payments -"Amendments to TFRS 16 Leases" concerning Covid-19. With this change, tenants are exempted from whether there has been a change in the rental privileges in lease payments due to Covid-19. This change did not have a significant impact on the financial status or performance of the Bank.

2. Explanations on strategy of using financial instruments and foreign currency transactions

The Group follows an asset-liability management strategy that mitigates risk and increases earnings by balancing the funds borrowed and the investments in various financial assets. The main objective of asset-liability management is to limit the Bank’s exposure to liquidity risk, currency risk and credit risk while increasing profitability and strengthening the Bank’s equity. The assets-liabilities committee (ALC) manages the assets and liabilities within the trading limits on the level of exposure placed by the Executive Risk Committee.

Gains and losses arising from foreign currency transactions have been recorded in the period in which the transaction took place. Foreign currency denominated monetary assets and liabilities are valued with the period end exchange rates published by the Central Bank of Turkey converting them into Turkish Lira and valuation differences of foreign currencies have been recognized in the income statement under the net foreign exchange income/expense account.

The foreign currency exchange differences resulting from the translation of debt securities issued and monetary financial instruments into Turkish Lira are included in the income statement. There are no foreign currency differences capitalized by the Bank.

3. Investments in associates and subsidiaries

Consolidated and Financial Statements " Turkey Accounting Standard for Consolidated Financial Statements" (TFRS 10) has been prepared in accordance with the provisions.

Titles, locations of the headquarters, main operations and Group’s shares relating the consolidated entities are as follows:

Title	Address (City/Country)	Main Operation	31.03.2022	31.12.2021	Consolidation method
KT Bank AG	Frankfurt/Germany	Banking	100.00%	100.00%	Full consolidation

Parent Bank and the subsidiaries, the financial tables of which are consolidated along with the Parent Bank, are collectively referred as “the Group.”

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

Consolidation basis of subsidiaries:

Subsidiaries are entities whose capital and management are directly or indirectly controlled by the Parent Bank. Subsidiaries are consolidated by the full consolidation method, within the framework of significance on the basis of operational outcomes, assets sizes and equity sizes. The financial statements of the relevant subsidiaries are included in the consolidated financial statements as of the date that control is transferred to Parent Bank.

Control denotes any of the following circumstances: the Parent Bank directly or indirectly through subsidiaries has over 50% of the voting rights or, dominance over the voting rights as described afore does not exist but the Parent Bank owns the preferred shares, or; the Parent Bank has voting rights appropriating more than 50% percent of all voting rights due to the agreements signed with other shareholders, or; the Parent Bank has the authority to manage the operational and financial policies of the entity due to certain arrangements or agreements, or; the Parent Bank has the power to influence the majority of the votes within the Board of Directors or any other executive organ vested with similar rights, or; the Parent Bank by any means has the power to appoint or dismiss the majority of the Board of Directors.

In accordance with the full consolidation, all of the assets, liabilities, income, expense and off-balance sheet liabilities of the subsidiaries are consolidated with the assets, liabilities, income, expense and off-balance sheet liabilities of the Parent Bank. The carrying value of the Group's investment in each subsidiary is offset with the cost value of the subsidiary's capital owned by the Group. Balances regarding the transactions between the subsidiaries in the scope of the consolidation and the unrealized gains/losses are reciprocally offset. Minority shares within the net income of the consolidated subsidiaries are determined provided that the net income of the Group shall be calculated, and these minority shares are presented as a separate item in the income statement. Minority shares are presented under the equity in the consolidated balance sheet.

In the case where the accounting policies implemented by the subsidiary are different than the Parent Bank, the accounting policies are reconciled.

4. Explanations on forward transactions and option contracts and derivative instruments

The Parent Bank enters into forward agreements to decrease its currency risk and to manage its foreign currency liquidity. Derivative instruments are classified as 'hedging derivative financial asset' and 'derivative financial assets/liabilities at fair value profit/loss'. The Bank's classifies its derivative instruments as "Derivative Financial Instruments Held for Hedging Purposes" and "Derivative Financial Instruments Held for Trading" in accordance with TAS 39. Even though some derivative transactions economically hedge risk, since all necessary conditions for hedge accounting are not met, they are accounted for as "held for trading" within the framework of TAS 39 and are reflected in the "Derivative Financial Assets/liabilities at fair value profit/loss" account in the balance sheet. The Group has no derivative financial assets/liabilities for hedging purposes as of balance sheet date.

The payables and receivables arising from derivative transactions are recorded in off-balance sheet accounts at their notional amounts.

Fair values of foreign currency forward transactions and swaps are calculated by using the discounted cash flow model. Differences resulting from the changes in the fair values of derivatives held for trading are accounted under 'Trading Income/Loss' line in the income statement.

Embedded derivatives are separated from the host contract if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host contract, a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative and the hybrid instrument is not measured at fair value with changes in fair value recognized in profit or loss. Embedded derivatives are accounted as derivative instruments in-line with TFRS 9. If the embedded derivatives are closely related with the host contract, embedded derivatives are accounted for in-line with the relevant standard applicable for the host contract.

As of March 31, 2022, the Parent Bank's has no cash flow hedging transaction.

Benchmark Rate Reform - Stage 2, which introduces amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16, effective from January 2021, was published in December 2020 and early application of the changes is permitted. With the amendments made, certain exceptions are provided in the basis used in determining the contractual cash flows and in the hedge accounting provisions. The changes came into effect from 1 January 2021. Loans given from items indexed to benchmark interest rates in the Bank's financial statements and securities assets; Securities issued, derivative transactions and loans obtained through repo constitute liabilities. These changes do not have a significant impact on the Bank's financial position or performance. As of 31 March 2022, the Bank has no hedging transactions based on the benchmark interest rate.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

5. Explanations on profit share income and expense

Profit share income is recognized in the income statement on an accrual basis by using the method of internal rate of return and is accounted under profit share income account in the financial statements. While applying the internal rate of return method, the Bank amortizes the fees included in the account of the effective profit rate over the expected life of the financial instrument. If the financial asset is impaired and classified as a non-performing loan, profit accruals and rediscount calculations for these customers within the scope of TFRS 9 Financial Instruments Standard.

The Group calculates expense accrual in accordance with the unit value calculation method on profit/loss sharing accounts and reflects these amounts in “Funds Collected” account on the balance sheet.

6. Explanations on fees and commission income and expenses

Other than fees and commission income and expenses received from certain banking transactions that are recorded as income or expense in the period they are collected, fees and commission income and expenses are recognized in the income statement depending on the duration of the transaction. Except for fees and commissions that are integral part of the effective interest rates of financial instruments measured at amortized costs, the fees and commissions are accounted for in accordance with TFRS 15 Revenue from Contracts with Customers.

Except for fees and commissions that are integral part of the effective interest rates of financial instruments measured at amortized costs, the fees and commissions are accounted for in accordance with TFRS 15 Revenue from Contracts with Customers. Except for certain fees related with certain banking transactions and recognized when the related service is given, fees and commissions received or paid, and other fees and commissions paid to financial institutions are accounted under accrual basis of accounting throughout the service period. The income derived from agreements or asset purchases from real-person or corporate third parties are recognized as income when realized.

In accordance with the provisions of TAS, commission and fees collected in advance for loans used by the Parent Bank granted are deferred and reflected to the income statement by using the internal rate of return method. Unearned portion of the commission and fees relating to the future periods are recorded to the “Unearned Revenues” account under “Other Liabilities” on the balance sheet.

7. Explanations on financial assets

The Group classifies and accounts for its financial assets as ‘Fair Value Through Profit/Loss’, ‘Fair Value Through Other Comprehensive Income,’ or ‘Amortized Cost.’ Such financial assets are recognized and derecognized as per the terms of “Recognition and Derecognition in Financial Statements” under the section three of the “TFRS 9 Financial Instruments” regarding the classification and measurements of financial instruments, published in the Official Gazette numbered 29953 and dated 19 January 2017 by Public Oversight, Accounting and Auditing Standards Authority (“POA”). When financial assets are included in the financial statements for the first time, they are measured at fair value. Transaction costs are initially added to fair value or deducted from fair value at the initial measurement of financial assets other than the "Fair Value at Fair Value Through Profit or Loss".

The Group recognizes a financial asset in the financial statements only when it becomes a party to the contractual terms of a financial instrument. During the initial recognition of a financial asset, the business model determined by Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Bank management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments is made to gains, losses or profit shares that were previously recorded in the financial statements.

7.1 Financial assets at fair value through profit or loss:

Financial assets at fair value through profit or loss are financial assets that are managed within a business model other than the business model whose objective is achieved by holding contractual cashflows for collection and the business model whose objective is achieved by collecting and selling contractual cash flows. Also, in case that the contractual terms of financial assets do not give rise on specified dates to cash flows that are solely payments of principal and profit share on the principal amount, such assets are those that are, obtained with the aim of providing profit from the short-term price or other factor fluctuations in the market or are part of a portfolio aiming to obtain short-term profit, regardless of the reason of acquisition.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

7.2 Financial assets at fair value through other comprehensive income:

A financial asset is classified as at fair value through other comprehensive income when the asset is managed within a business model whose objective is achieved by collecting contractual cash flows and selling the financial asset, as well as when the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and profit share on the principal amount.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition costs that reflect the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Profit share income calculated with effective profit share method regarding the financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to income statement. "Unrealized gains and losses," which is the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income, are not reflected in the income statement of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, or the impairment of the asset. "Unrealized gains and losses" are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity.

Equity securities, which are classified as financial assets at fair value through other comprehensive income, are carried at fair value, in the case that the securities have a quoted market price in an active market and/or the fair values of the securities can be reliably measured. In contrary case, the securities are carried at cost, less provision for impairment.

During initial recognition an entity can make an irrevocable election regarding the presentation of the subsequent changes in the fair value of the investment in an equity instrument, that is not held for trading purposes, in the other comprehensive income. In the case that the entity elects to present the changes as described, dividends arising from the investment is accounted in the financial statements as profit or loss.

The Parent Bank's financial assets with a difference in fair value reflected in other comprehensive income have government sukuks indexed to consumer prices ("CPI") in their securities portfolios, whose real coupon rates for 6 months remain constant throughout the maturity period. These assets are evaluated and accounted for according to the effective dividend method based on real coupon rates and the index calculated taking into account the reference inflation index and the estimated inflation rate at the date of issuance. The estimated inflation rate used is updated as necessary during the year.

7.3 Financial assets measured at amortized cost:

In the case that a financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and that the contractual terms of the financial asset give rise to cash flows on specified dates that are solely payments of principal and profit share on the principal amount, the financial asset is classified as financial asset measured at amortized cost.

Financial Assets Measured at Amortized Cost; are financial assets, other than loans and receivables, which are held for the purpose of custody until maturity, with conditions necessary for such assets to be held until contractual maturity met, including funding ability; and which have fixed or determinable payments and fixed maturities. Financial assets measured at amortized cost are initially recognized at cost and subsequently measured at amortized cost using the internal rate of return method. Profit share income related to Financial Assets measured at amortized cost is reflected in the income statement.

7.4 Derivative financial assets:

The major derivative instruments utilized by the Bank are foreign currency swaps, cross currency swaps and currency forwards.

Payables and receivables arising from the derivative instruments are recorded in the off-balance sheet accounts at their contractual values.

Derivative transactions are valued at their fair values subsequent to their acquisition. In accordance with the classification of derivative financial instruments, the fair value amounts are classified as "Derivative Financial Assets Designated at Fair Value Through Profit or Loss." The fair value differences of derivative financial instruments are recognized in the income statement under trading profit/loss line in profit/loss from derivative financial transactions. The fair value of derivative instruments is calculated by taking into account the market value of the derivatives or by using the discounted cash flow model.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

7.5 Loans:

Loans are financial assets that have fixed or determinable payments terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the "Effective Profit Share Rate (internal rate of return) Method".

8. Explanations on offsetting of financial assets and liabilities

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

9. Explanations on sale and repurchase agreements and lending of securities

Central Bank of the Republic of Turkey ("CBRT") made some changes on orders for open market transactions ("OMT") and prepared an additional frame contract for participation banks in order to present rent certificates to open market operations of CBRT in accordance with the principles of participation banks. According to this agreement, a new type of transaction was formed which enables participation banks to resell or repurchase rent certificates on their portfolio to CBRT when they are in need of funding or in attempt to evaluate the excess liquidity. In this context, OMT were carried out with the CBRT for the first time on 14 June 2013, by subjecting the Treasury Lease Certificates, which were include in assets, to the repurchase transactions. From this date, the Bank performs sale transactions of treasury lease certificates that are recognized in the assets of the balance sheet in return for conditional repurchasing by tendering to purchase auctions held by CBRT with various maturities; and thusly raises funds.

As of 31 March 2022, the Parent Bank has repurchased agreement amounting to TL 154,342 (31 December 2021: 6,495,137 TL).

10. Explanations on assets held for sale and discontinued operations and related liabilities

As mandated by the Banking Act 5411 Article 57 "banks cannot participate in commercial real-estate and commodity trade with the exception of real-estate and commodity based agreements within the scope of Capital Markets Act No. 2499, and precious metal trade as seen appropriate by the board, and cannot participate in partnerships with firms whose main business activity is commercial real-estate, with the exception of real-estate investment partnerships and companies that finance mortgaged residential estates. The rules and procedures regarding the sales of real-estate and commodities that were acquired due to receivables and debtors' obligations to the bank are determined by the board."

Assets that meet the criteria for classification as assets held for sale are measured at the lower of the carrying amount of assets and fair value less any costs to be incurred for disposal. Assets held for sale are not amortized and presented in the financial statements separately. In order to classify an asset as held for sale, the sale should be highly probable and the asset (or disposal group) should be available for immediate sale in its present condition. Highly saleable condition requires a plan by the management regarding the sale of the asset (or the disposal group) together with an active program for the determination of buyers as well as for the completion of the plan. Also the asset (or the disposal group) should be actively in the market at a price consistent with its fair value. In addition, the sale is expected to be recognized as a completed sale within one year after the classification date and the necessary transactions and procedures to complete the plan should demonstrate the fact that there is remote possibility of making any significant changes in the plan or cancellation of the plan. Various events and conditions may extend the completion period of the disposal over one year. If such delay arises from any events and conditions beyond the control of the entity and there is sufficient evidence that the entity has an ongoing disposal plan for these assets, such assets (or disposal group) can remain to be classified as assets (or disposal group) held for sale. Extension of the period necessary to complete the sale, does not avoid the classification of the related asset (or disposal group) to be classified as asset held for sale.

A discontinued operation is a component of an entity that either has been disposed of or is classified as held for sale. Discontinued operations are presented separately in the income statement. The Bank has no discontinued operations.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

11. Explanations on goodwill and other intangible assets:

Intangible assets are stated at cost adjusted for inflation until 31 December 2004, less provision for impairment, if any, and accumulated amortization and amortized with straight-line method.

The other intangible assets of the Group comprise mainly computer software. The useful lives of such assets acquired prior to 2004 have been determined as 5 years and for the year 2004 and forthcoming years, as 3 years.

The amortization period of the licenses is determined on the basis of the duration of the license agreements.

There is no goodwill related to associates and subsidiaries.

12. Explanations on tangible assets:

Fixed assets are stated at cost adjusted for inflation until 31 December 2004, less accumulated depreciation and provision for impairment, if any.

Depreciation is calculated on a straight-line basis over the estimated useful life of the assets. The annual rates used for amortization are as follows:

Property	2%
Movables, leased assets	6.67% - 20%

Depreciation is calculated on a pro-rata basis for the assets that have been placed in use for less than one year as of the balance sheet date. Leasehold improvements are depreciated over the term of the lease agreements by straight-line method.

If the recoverable amount (the higher of value in use and fair value) of a tangible asset is less than its carrying value, impairment loss is provided and the carrying value is written down to its recoverable amount.

Gains or losses resulting from disposals of the fixed assets are recorded in the income statement as the difference between the net proceeds and net book value of the asset.

Expenses for repair costs are capitalized if the expenditure increases economic life of the asset; other repair costs are expensed as incurred.

The capital expenditures made in order to increase the capacity of the tangible asset or to increase its future benefits are capitalized on the cost of the tangible asset. The capital expenditures include the cost components which are used either to increase the useful life or the capacity of the asset or the quality of the product, or to decrease the costs.

Property held for long-term rental yields and/or capital appreciation is classified as investment property. Investment properties are stated at cost less accumulated depreciation and any impairment in value. Depreciation is calculated on a straight-line basis over the estimated useful lives of the properties.

13. Explanations on leasing transactions

For contracts concluded prior to 1 January 2019, the Bank assesses whether the contract has a lease qualification or include a lease transaction.

- (a) The right to obtain almost all of the economic benefits from the use of the leased asset and,
- (b) Whether the leased asset which has the right to manage its use is evaluated

The Group has started implementing the TFRS 16 - Leases standard from 1 January 2019, the first date of the TFRS 16 standard. At the commencement date of the lease, the Bank recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. Lease payments are discounted by using the Group's alternative borrowing profit rate.

The Bank has recognized the right to lease assets equal to the lease obligation by restating the previously paid or accrued lease payments.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

The right of the use asset

The Group reflects the existence of a right of use and a lease obligation to the financial statements at the date the lease is commenced.

The right to use asset is recognized first by cost method and includes the following:

- (a) The first measurement amount of the lease obligation,
- (b) The amount obtained by deducting all rental incentives received from all lease payments made at or before the date of the rental.

When the Bank applying cost method, the existence of the right of use:

- (a) Accumulated depreciation and accumulated impairment losses are deducted and
- (b) Measures the restatement of the lease obligation over the adjusted cost.

The Bank applies the depreciation liabilities in TAS 16 Tangible Fixed Assets while depreciating the right of use asset.

The Group determines whether the right of use has been impaired and recognizes any identified impairment losses in accordance with TAS 36 – Impairment of Assets.

Lease Obligation

At the effective date of the lease, the Bank measures the leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Bank’s alternative borrowing interest rate.

The profit on the lease liability for each period of the lease term is the amount found by applying a fixed periodic profit rate to the remaining balance of the lease liability. Periodic profit rate is the Bank’s borrowing profit rate.

After the beginning of a contract, the Bank remeasures its lease liability to reflect changes in lease payments. The Bank reflects the restatement amount of the lease obligation to the financial statements as revised in the presence of the right of use.

14. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities are accounted for in accordance with “Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets” (TAS 37).

Provisions are recognized when the Bank has a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate can be made of the amount of the obligation.

As per the “Matching Principle,” a provision is provided for the liabilities arising as a result of past events in the period they arise, if it is probable that the liability will be settled and a reliable estimate for the liability amount can be made.

When a reliable estimate of the amount of the obligation cannot be made or it is not probable that an outflow of resources will be required to settle the obligation, the obligation is considered as a “Contingent” liability and is disclosed in the related notes to the financial statements.

15. Explanations on liabilities relating to employee benefits

15.1 Defined benefit plans:

In accordance with existing social legislation, the Bank is required to make severance pay to each employee who has completed over one year of service with the group and who retires or quits the employment to receive old age or disability benefits, to fulfill the compulsory military service, because of the marriage (for females) or because of the other compulsive reasons as defined in the laws and whose employment is terminated due to reasons other than resignation or misconduct.

Liabilities amount which is related to “Turkish Accounting Standard on Employee Benefits” (“TAS 19”) is reflected accompanying financial statements and these liabilities are calculated by an independent actuary firm. Bank is accounted all actuarial profit and loss under Statement of other Comprehensive Income.

The Bank’s employees are not members of any pension fund, foundations, union or other similar entities.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

15.2 Defined contribution plans:

The Bank pays defined contribution plans to publicly administered Social Security Funds for its employees as mandated by the Social Security Association. The Bank has no further payment obligations other than this contribution share. The contributions are recognized as employee benefit expense when they are due.

15.3 Short term benefits to employees:

In accordance with "TAS 19", vacation pay liabilities are defined as "Short Term Benefits to Employees" and accrued as earned.

The Bank management calculates bonus accrual if it foresees that the budgeted year-end figures approved by the Board of Directors are attainable.

16. Explanations on taxation

Current Tax

As per the terms of the provisional article 11 added to the Law No. 5520 by the Article 91 of the Law No. 7316, it was established that the rate of 20%, as disclosed in the first paragraph of the Article 32 of the Corporate Tax Law No. 5520, shall be applied as 23% over the corporation income for the tax period of the years 2022, 20% for the taxation period of 2023. (and for entities that are appointed with special accounting period, for the accounting periods beginning within the relevant year).

In this context, corporate tax will be collected at the rate of 23% for the 2022 period and 20% for the year 2023 for corporate taxpayers. In addition, in the said periods, temporary tax will be paid by the corporate taxpayers at the rate of 23% for 2022 and 20% for 2023, according to the principles specified in the Income Tax Law, to be deducted from the corporate tax of the aforementioned tax periods.

This rate is applied on taxable income which is calculated by adjusting the income before tax for certain disallowable expenses, tax exempt income and other allowances. No further tax is applicable unless the profit is distributed. In accordance with the tax legislation, the temporary tax rate for 2022 will be paid at the rate of 23% for the year 2022 and 20% for the year 2023 over the tax bases formed quarterly, and the temporary taxes paid within the year are deducted from the corporate tax calculated over the annual corporate tax return of that year.

Withholding taxes is not applied to dividends distributed to companies' resident in Turkey or companies who earn income in Turkey through their resident representatives in Turkey. With the Council of Minister's decision numbered 2009/14593 and 2009/14594 which are published in official gazette numbered 27130 and dated 3 February 2009, some deduction rates in 15th and 30th articles of the corporate tax law numbered 5520 were re-determined. In accordance with this, dividends distributed to companies other than companies' resident in Turkey or companies who earn income in Turkey through their resident representatives in Turkey are subject to 10% withholding taxes. Double tax treaty agreements are also taken into consideration during the application of withholding taxes on dividends distributed to real persons and to foreign-based taxpayers. Addition of profit to share capital is not considered as dividend distributed therefore no withholding taxes is applied.

For the purpose of issuance of certificate of leasing immovables to resource institutions, with the sale of asset leasing companies, the scope of Financial Leasing, Factoring and Financing Companies Law No.6361, dated 21 November 2012 in order to lease it back and in case of taking back at the end of the contract, with the sale of financial leasing companies and asset leasing by asset leasing companies, for profit from the sale of the immovable property inherited from the institution applies this rate as 100% and for the immovable is not compulsory to be in assets at least for a period of two years. But the mentioned immovable's; except in case of failure to fulfill the obligations arising from the source institution, the lesser or leasing agreement, immovable in question by the asset leasing company, in case of selling a third person or institutions, these immovable's with the carrying value before its transfer to resource institution or asset leasing in lesser or asset leasing company, in mentioned institutions taking into consideration the total amount of depreciation is taxable for corporation engaged in the sale.

Corporate tax returns are filed by the thirty day of the fourth month following the balance sheet date and taxes is paid in one installment by the end of that month.

Corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. However, losses cannot be carried back to offset profits from previous periods. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years.

In Turkey, there is no procedure for a final and definite agreement on tax assessments.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

On January 20, 2022, the implementation of inflation accounting with the "Law on The Amendment of the Tax Procedure Law and the Corporate Tax Law" adopted on the agenda of the Turkish Grand National Assembly has been postponed to start from the balance sheet dated December 31, 2023.

Deferred Tax

For taxable temporary differences arising between the tax bases of assets and liabilities and their carrying amounts, as per the provisions of "Turkish Accounting Standard on Income Taxes" ("TAS 12"), the Bank calculates deferred tax asset or liability over all taxable temporary differences and deferred tax asset over taxable temporary differences, apart from the provisions for Expected Credit Losses for 12-Months (Stage 1) and for Lifetime Credit Losses (Stage 2) with significant increase in the credit risk after initial recognition, to the extent that is probable that taxable profit will be available in subsequent periods. Deferred tax asset and liabilities are shown in the accompanying financial statements on a net basis. The tax effect regarding the items directly accounted in equity are also reflected in equity. Updated tax rates in the upcoming periods will be taken into account in the calculation of deferred tax assets and liabilities.

17. Explanations on additional disclosures on borrowings

Borrowings other than funds collected are measured at amortized cost using the internal rate of return method after the initial recognition. The Bank does not apply hedging techniques on related borrowings.

The Bank has not issued convertible bonds.

18. Explanations on share certificates issued

There is no significant amount of transaction costs on Bank about share certificates.

19. Explanations on acceptances and availed drafts

Acceptances and availed drafts are realized simultaneously with the payment dates of the customers and they are presented as commitments in off-balance sheet accounts.

20. Explanations on government grants

There are no government grants received by the Bank.

21. Explanations on segment reporting

The Retail Banking conducts its activities in three separate segments: Corporate and Commercial Banking, Treasury and International Banking. Each department serves with its own products and the results of the activities are monitored on the basis of these departments.

Segment reporting is disclosed in Section Four, Note 13.

22. Explanations on other matters

The Bank has no disclosures on other matters.

SECTION FOUR

INFORMATION RELATED TO FINANCIAL POSITION AND RISK MANAGEMENT OF THE GROUP

1. Explanations on consolidated equity items

Total capital and Capital adequacy ratio have been calculated in accordance with the “Regulation on Equity of Banks” and “Regulation on Measurement and Assessment of Capital Adequacy of Banks”. As of 31 March 2022 Group’s total capital has been calculated as TL 24,333,066 (31 December 2021: 19,958,724 TL), capital adequacy ratio is 22.49% (31 December 2021: 22.34%).

Fluctuations are experienced in the financial markets mainly as a result of the COVID-19 outbreak, in the press statement made by the BRSA on March 23, 2020. Therefore, in accordance with the BRSA's Decision No. 9795 dated 16 September 2021; In the calculation of the amount subject to credit risk in accordance with the Regulation on Measurement and Evaluation of Capital Adequacy; To be able to use the simple arithmetic average of the Central Bank foreign exchange buying rates of the last 252 business days before the calculation date, when calculating the amounts valued in accordance with the Turkish Accounting Standards and the relevant special provision amounts for monetary assets and non-monetary assets other than items in foreign currency measured in terms of historical cost, to continue the application until a Board Decision is taken to the contrary,

In addition, in accordance with the BRSA's decision dated 16 April 2020 and numbered 8999; Within the scope of the Regulation on Measurement and Assessment of Capital Adequacy of Banks, it is enabled to apply 0% risk weight in the calculation of the amount subject to credit risk to the receivables of banks from the Central Government of the Republic of Turkey and arranged in FX.

The Bank used these opportunities in its Capital Adequacy calculations as of March 31, 2022.

1.2 Approaches applied to assess the adequacy of internal capital requirement in terms of current and future activities:

Internal evaluation process is established for continuously evaluating and maintaining the types, components and distribution of the adequate level of capital in order to provide for various risks exposed to or to be exposed to. The final purpose of the evaluation process of the internal capital requirement, is to define and evaluate all the risks included or not in the calculations of the legal capital requirements, within the frame of the activities of the bank, and to provide the availability of adequate capital in order to cover these risks and the application of the risk management techniques. The results obtained in this evaluation process by taking into consideration, the Parent Banks' growth strategy, assets-liabilities structure, funding sources, liquidity position, foreign currency position, the effect of the price and market fluctuations on the capital, which are among the variables of the economy, aim to provide the continuity of the mentioned capital adequacy level at the determined level in compliance with the Banks' risk profile and risk appetite.

Within this scope, capital structure is reviewed as based on the frame of the activities and risks exposed to, and the internal capital requirement, probable to occur within the direction of targets and strategies of the Group is evaluated. This evaluation includes interest rate risk, concentration risk, liquidation risk, reputation risk, residual risk, country risk and strategic risk arising of the banking books as well as market, credit and operational risks. Capital requirement internal evaluation is evaluated to be a developing process and the development areas for the future period are determined and plans are prepared.

2. Explanations on consolidated credit risk:

It has not been prepared in the interim period in accordance with Article 25 of the Communiqué on Financial Statements to be Publicly Announced by Banks and the Related Explanations and Footnotes.

3. Explanations on consolidated currency risk

Foreign currency risk represents the Group's exposure to loss due to the changes in foreign currency exchange rates. All foreign currency assets, liabilities and foreign currency forward transactions are considered in calculation of capital to be employed for foreign currency risk according to standard method. "Standard Method" and "Value at Risk Method" used in legal reporting are used to measure the currency risk that the Group is exposed to. Measurements made under the Standard Method are made on a monthly basis, and measurements made under the Value at Risk Method are made on a daily basis.

The Parent monitors daily the designated limits set by the Board of Directors and additionally observes the possible value changes in foreign currency positions. The limits are determined and followed both for the net foreign currency position and for the cross-exchange rate risk within the position. As a tool of foreign currency risk management, foreign currency forward transactions are used when necessary to mitigate the risk.

As of 31 March 2022, the Group consists of a balance sheet open position of TL 3,131,912 (December 31, 2021 - TL 584,272 closed) and off-balance sheet position of TL 3,428,580 (December 31, 2021 - TL 304,773 open) with a closed position of TL 296,668 (December 31, 2021 - TL 279,449 closed).

5. Consolidated liquidity risk management and liquidity coverage ratio

The liquidity risk of the Bank is the risk of being unable to fulfill its payment obligations on time due to not having enough cash sources or cash inflows to finance its cash outflows fully and on time due to cash flow instabilities. It has been evaluated in two main categories:

Funding Liquidity Risk: It is a kind of risk which does not meet the any unexpected loss and non defaulting debts and liabilities.

Market Liquidity Risk: It is a kind of risk which consists of the position that cannot be sold without affecting market price due to insufficient market depth or market conditions' deterioration or that cannot be completed with the position of market price for any reasons.

Liquidity risk is managed by the Asset-Liability Committee (ALC) and related business units within the framework of the Liquidity Risk Policy and risk appetite approved by the Board of Directors. In liquidity risk management, the measures to be taken and the practices to be carried out are determined by taking into account normal economic conditions and stress conditions. The Bank defines liquidity risk, measures risks with liquidity risk measurement methods in accordance with international standards, monitors them and periodically presents them to the interested parties. Liquidity risk stress tests are performed during monthly periods. An emergency funding plan (liquidity contingency plan) has been created to regulate the procedures and principles for the bank to maintain and maintain adequate liquidity levels under stress conditions.

The Bank's liquidity risk ratios are well above the legal limits. The Bank maintains its liquidity buffer at high levels, taking into account periods when liquidity risk may increase. Due to this approach, it is evaluated that the negative effects of the COVID-19 pandemic on the global level do not have a significant impact on the Bank's liquidity needs.

5.1 Information on risk capacity of the Group, Responsibilities and structure of liquidity risk management, the Bank's internal liquidity risk reporting, communication between the Board of Directors and business lines on liquidity risk strategy, policy and application:

The applications and responsibilities related to the liquidity risk has been determined according to the Treasury Liquidity and Market Management Policies and Practices approved by Board of Directors. The Groups's liquidity and funding policy is to own sufficient liquidity reserve and funding opportunities to meet its liabilities even in cases of stress, resulting from the market conditions or other conditions specific to the Group.

The Group has a strong capital structure and is supported by its main shareholder is Kuwait Finance House; also its current and participation accounts are spread to the base and are stable, and its sources of foreign borrowing are diversified. Hence, by the virtue of the aforementioned facts, the Group has a high risk capacity. In addition, the Liquidity Coverage Ratio of the Group which insures its cash outflows with the high-quality liquid assets is deemed high. The Bank also has limits available for use at Central Bank of Turkey and other financial institutions.

Indicators regarding the liquidity position are analyzed and liquidity risk is evaluated at the ALC meetings attended by the senior management. Furthermore, the Board of Directors are informed through the Audit Committee.

For the management of liquidity risk, the Risk Management Department follows the funding and liquidity risks, market conditions, in the participating accounts, the distribution of different currencies, maturity, cost and expected future cash flow requirements (particularly with regard to large deposits). Reports on the liquidity gap analysis prepared weekly by Budget and Management Reporting and monitored by the Asset and Liability Committee. These units also estimate the possible liquidity needs of the Group in case of urgent situations and generate action plans based on these estimates. Risk Management Department follows the limits on liquidity risk determined by the Board of Directors. Risk Management Department, in addition to these, is implementing monthly liquidity stress tests to measure the effects of negative scenarios on liquidity position of the Group. The Treasury Group Management manages the liquidity risk and funding risk in order to prevent insufficiencies of funding relating to any time or any source and makes reports related with the liquidity position to Asset and Liability Committee regularly. Official and international Reporting Directorate tracks the liquidity coverage ratio and the results are reported to the BRSA.

NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

5.2. Information on the centralization degree of liquidity management and funding strategy and the functioning between the Group and the Group's subsidiaries:

The Group's liquidity management is performed by the Asset and Liability Management. Depending on the Parent Bank's consolidated subsidiaries are subject to liquidity risk is managed in-house, but the necessary communication and coordination within the Assistant General Manager in charge of Treasury and International Banking are provided.

5.3 Information on the Group's funding strategy including the policies on funding types and variety of maturities:

Group's spread to the base of current and participation accounts and that a stable, long-term diversification and aims to be the source of the funds used. Ratio of liquid assets to total assets ratio and risk indicators related to liquidity, credit and the ratio of funds, issues such as the concentration in collected funds are being closely monitored.

5.4 Information on liquidity management on the basis of currencies constituting a minimum of five percent of the Group's total liabilities:

Almost all liabilities of the Group are denominated in Turkish Lira, American Dollar, Euro or Gold. The TL denominated liquidity of the Group is managed through the open market transactions implemented by the Central Bank of the Turkish Republic and interbank operations. Liabilities denominated in TL are used in order to fund assets that are denominated in TL, assets denominated in TL are generated through foreign exchange based funds with swap operations if necessary. Foreign currency funds are provided with the foreign sourced credits denominated in foreign currency and sukuk-financial certificates issued. Liquidity denominated in foreign currency is kept at the interbank operations and accounts of the corresponding bonds within the limits. Liabilities denominated in Gold are kept at the required reserve accounts of the Central Bank of the Turkish substantially.

5.5. Information on liquidity risk mitigation techniques:

Liquidity risk is mitigated by using techniques such as maintaining high quality liquid asset buffer to cover possible fund outflows, diversification of funding sources so far as possible and inclusion to the base, homogenizing the maturity distribution of repayments as far as possible, obtaining limits from funding institutions to use when necessary and ensuring that a determined portion of funding sources are comprised of deposits. In addition, core deposit analysis is performed and concentration on collected funds are closely monitored.

5.6. Information on the use of stress tests:

In order to analyze the source of the possible liquidity insufficiencies and whether conformably move exists on existing off-balance sheet and balance sheet positions relevant with liquidity risk expectation, 3 types liquidity stress tests are applied by Risk Management Directorate. These includes stress test scenarios are special to the Group, related with the overall market or scenarios take in consideration both of the situations. Stress tests related with liquidity risk are repeated at monthly periods. Results are tracked with key risk indicators and monitored by Senior Management.

5.7. General information on emergency funding plan:

Necessary strategy and procedures for the management of possible liquidity crisis are determined with the Emergency Funding Plan, which is approved and reviewed every year by the Executive Risk Committee. The actions to be taken favor the benefits of depositors, creditors of the Bank and shareholders. Indicators of Emergency Funding Plan were determined, in case of unexpected progress at the liquidity situation occur or at situations trigger of other indicators, plan is put into use. After Liquidity Contingency Plan is put into use, Liquidity Contingency Management Committee is responsible from the determination of actions to be taken.

5.8. Presentation of financial liabilities according to contractual maturities

This footnote has not been prepared in accordance with Article 25 of the Communiqué on the financial statements about disclosures to be announced to public by the banks.

20	TOTAL CASH INFLOWS	71,064,395	56,584,815	61,759,463	52,212,370
				Upper Limit Applied Values	
21	TOTAL HQLA STOCK			75,011,937	59,103,476
22	TOTAL NET CASH OUTFLOWS			18,049,390	14,593,516
23	LIQUIDITY COVERAGE RATIO (%)			415.59	405.00

(*) The average calculated for the last three months of the liquidity coverage ratio calculated by taking the monthly simple arithmetic average.

The lowest, highest and average liquidity coverage ratios calculated in the by weekly periods 1 January-31 March of 2022 are given in the table below.

	Highest	Date	Lowest	Date	Average
TL+FC	473.19	07/02/2022	385.50	14/03/2022	418.26
FC	489.54	07/02/2022	358.24	14/03/2022	407.49

The liquidity coverage rate is calculated by the proportion of high-quality liquid assets held by the bank to its one-month maturity cash outflows. Important balance sheet items that determine the rate; Compulsory provisions held by the CBRT, repo / non-repurchase securities, institutional qualified participation accounts, funds from abroad and receivables from banks. These items have more impact on the liquidity coverage ratio than the liquidity assets and net cash outflows, because they have a high share of the current cointegration, high concentration and variability over time.

				Upper Limit Applied Values	
21	TOTAL HQLA STOCK			62,919,223	50,399,269
22	TOTAL NET CASH OUTFLOWS			15,994,593	12,599,770
23	LIQUIDITY COVERAGE RATIO (%)			393.38	400.00

(*) The average calculated for the last three months of the liquidity coverage ratio calculated by taking the monthly simple arithmetic average.

The lowest, highest and average liquidity coverage ratios calculated in the by weekly periods 1 January-31 March of 2022 are given in the table below.

Prior Period

	Highest	Date	Lowest	Date	Average
TL+FC	465.04	07/10/2021	348.31	07/12/2021	398.48
FC	470.80	07/07/2021	292.07	07/09/2021	402.87

The liquidity coverage ratio is calculated by the ratio of the high-quality liquid assets of the Parent Bank to the net cash outflows within the one-month maturity window. Important balance sheet items which are influential over the aforementioned ratio may be specified as required reserves held in the presence of TC Central Bank, securities not subject to repo/assurance, institutional qualified participation accounts, funds of foreign origins and receivables from banks. These items have a higher influence over the liquidity coverage ratio as their amounts have a higher share of liquid assets and net cash outflows, their consideration rate is higher, and they may show variability over time.

6. Explanations on consolidated leverage ratio

6.1 Disclosure of leverage ratio template

The leverage ratio table prepared in accordance with the communiqué “Regulation on Measurement and Assessment of Leverage Ratios of Banks” published in the Official Gazette no. 28812 dated 5 November 2013 is presented below:

On-balance sheet assets (*)		Current Period	Prior Period
1	On-balance sheet items (excluding derivative financial instruments and credit derivatives but including collateral)	281,823,341	242,597,555
2	(Assets amounts deducted in determining Basel III Tier I Capital)	(636,909)	(592,935)
3	Total amount on-balance sheet risks (sum of lines 1 and 2)	281,186,432	242,004,620
Derivative financial instruments and credit derivatives			
4	Replacement cost associated with all derivative instruments and credit derivatives	1,245,542	1,374,232
5	The potential amount of credit risk with derivative financial instruments and credit derivatives	627,018	624,826
6	Total risks of derivative financial instruments and credit derivatives (sum of lines 4 to 5)	1,872,560	1,999,058
Securities or commodity financing transactions (SCFT)			
7	Risks from SCFT assets (excluding on-balance sheet)	1,071,806	2,231,136
8	Risks from brokerage activities related exposures	-	-
9	Total risks related with securities or commodity financing transactions (sum of lines 7 to 8)	1,071,806	2,231,136
Other off-balance sheet transactions			
10	Gross notional amounts of off-balance sheet transactions	84,780,415	80,445,071
11	(Adjustments for conversion to credit equivalent amounts)	(44,348,814)	(44,108,586)
12	Total risks of off-balance sheet items (sum of lines 10 and 11)	40,431,601	36,336,485
Capital and total risks			
13	Tier I Capital	16,908,125	13,397,322
14	Total risks (sum of lines 3, 6, 9 and 12)	324,562,399	282,571,299
Leverage ratio			
15	Leverage ratio	5.20	4.76

(*) Amounts in the table are three-month average amounts.

The leverage ratio calculated on the basis of the arithmetic average of the amounts realized at the end of each month for the past three-month period as of the Group’s consolidated balance sheet date was 5.2% (31 December 2021 - 4.76%). The main reason for the changes from the previous period is that the increase in the items related to the on-balance sheet assets compared to the increase in other items. Accordingly, main capital increased by 26% on profit for the period, while on-balance sheet risk increased by 16% and off-balance sheet increased by 11%. Accordingly, there is a decrease of 44 basis points in the current period leverage ratio compared to the previous period.

7. Explanations on fair value of consolidated financial assets and liabilities

This footnote has not been prepared in accordance with Article 25 of the Communiqué on the financial statements about disclosures to be announced to public by the banks.

8. Explanations on the activities carried out on behalf and account of other persons, fiduciary-based transactions

This footnote has not been prepared in accordance with Article 25 of the Communiqué on the financial statements about disclosures to be announced to public by the banks.

9. Explanations on consolidated hedge accounting practices

None (31 December 2021 – None).

10. Explanations on consolidated risk management

Risk Management System refers to the Board of Directors, the Audit Committee, the Risk Management Committee, Asset-Liability Committee (“ALC”) and the Risk Management Department (“RMD”) which has been composed in order to manage systemic risks that the Parent Bank is exposed. The Board of Directors is the owner of the Parent Bank’s Risk Management System and ensures the establishment of an effective, sufficient and appropriate risk management system as well as the continuity of the system. The main objective of the Parent Bank’s Risk Management System is to identify, measure, monitor and control the risks that the Parent Bank is exposed to, by determining the policies, limits and procedures to control, to monitor, and if necessary to change the risk-return structure of the Bank’s future cash flows and the level & the quality of related activities.

10.1.2. GB1 – Bank’s risk management approach:

		Risk Weighted Amounts		Minimum Capital Requirements
		Current Period 31/03/2022	Prior Period 31/12/2021	Current Period 31/03/2022

13. Explanations on consolidated business segments

The Parent Bank operates in Retail Banking, Corporate and Commercial Banking, International Banking sectors.

Corporate and Commercial Banking: to meet the financial needs of the customers', unique cash flow and financial solutions are provided to customers through loans, non-cash loans, foreign trade financing services and similar customized products. Domestic and foreign business opportunities are supported by using different corporate banking instruments to serve the sustainability of the production of entities.

Retail and Enterprise Banking includes fund collection, installment commercial loans, business loans, non-cash loans, consumer financing and credit cards. The Bank serves in the range of products areas of profit share accounts creation, banking services, Trade Finance, Checks, POS services, Credit Cards, ATM services, Online Banking and Mobile Banking in these fields.

In International Banking, the relationships with foreign correspondent banks and investment institutes are executed directly or via branches abroad, representative offices and agencies. The firms, which are exceed size limits, are classified "corporate" customers and directed to the Corporate Banking. The products are the same with the Commercial Banking. The aim of international banking is to enable foreign trade financing and develop mutual long-term financing agreements with foreign banks. Besides supplying syndicated loans and issue the Sukuk for the Group, investment banking also supplies syndicated loans in corporate basis for the firms and groups in Turkey. The Treasury in addition to monitoring foreign currency position and liquidity of the Group, also conducts spot and forward transactions in TL or foreign currencies, performs derivative transactions (forward, swap) with banks and customers, trades of gold within the context of membership of Istanbul Gold Exchange, trades share certificates in BIST and international markets and conducts Murabaha transactions with foreign banks.

1.10.3 Information on finance lease contracts:

The Parent Bank determines the settlements of the financial lease agreements in accordance with related legislations. Payment terms and amounts may be rearranged with additional agreements upon customers' requests. On the agreements, the Bank gives the customer the option to buy the related property. According to the Financial Lease Law, if a customer does not fulfill its obligations until 60 days, the Bank sends a notice to the customer and the Bank takes legal action against the customer if necessary. Non-performing finance lease receivables amounting to TL 47,915 are included in the non-performing loans in the balance sheet (31 December 2021 – TL 45,706).

1.11 Information on derivative financial assets for hedging purposes:

None (31 December 2021 – None).

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

2.5 Information on other liabilities and miscellaneous payables:

As of 31 March 2022, other liabilities amount to TL 2,890,923 (31 December 2021 – TL 2,135,331), sundry creditors amount to TL 4,948,185 (31 December 2021 - TL 2,703,783), both of them do not exceed 10% of the balance sheet total.

2.6 Information on finance lease payables (Net):

	Current Period		Prior Period	
	Gross	Net	Gross	Net
Less than 1 year	24,479	23,653	22,595	21,162
1 to 4 years	61,099	58,965	102,929	96,326
More than 4 years	559,747	371,704	451,837	291,965
Total	645,325	454,322	577,361	409,453

The Group used FTP (Fund Transfer Pricing) rates as an alternative borrowing rate of profit at 1 January 2019. Relevant ratios are revised and revised in 2-week periods after 1 January 2019. The change in Participation Bank payments uses an unmodified discount rate unless the variable profit share rate is related. If the change in the lease payments results from variable profit share rates (LIBOR, EURIBOR), the lessee used a revised discount rate reflecting changes in the profit share rate.

2.6.1. Explanations on contract changes and the new obligations these changes bring to the Group:

None (31 December 2021 – None).

2.6.1.1. Explanations on financial leasing obligations

None (31 December 2021 – None).

2.6.1.2. Explanations on operating lease:

Leasing is classified as an operating lease in which the lessor holds all the risks and benefits of that asset. Such transactions include lease agreements belonging to branches, which can be cancelled with prior notice.

There are no significant obligations imposed by the changes in the contract related to the operating lease to the Group.

The group registers its lease payments based on operating lease agreements with equal amounts of expenses during the lease term.

2.7 Information on hedging derivative financial liabilities:

None. (31 December 2021 - None)

2.8 Information on provisions:

2.8.1 Information on provisions related with foreign currency evaluation difference of foreign currency indexed loans: As of 31 March 2022, (December 31, 2021 – TL 50) there is no (December 31, 2021 – TL 7) financial leasing receivables are offset from foreign currency depreciation of loans and leasing receivables.

NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

2.8.2 Information on other provisions:

	Current Period	Prior Period
Specific provisions for non-cash loans that are not indemnified converted into cash	539,526	522,425
General Provisions for non-cash loans	542,307	486,379
Provision for profits will be allocated to participation accounts	746,219	678,145
Credit cards of banking services applications	1,461	957
Other (*)	345,862	206,380
Total	2,175,375	1,894,286

(*) The other item is mainly collected from customers in the current period in case of TL 227,039 (December 31, 2021 – TL 101,360) lawsuit provision, TL 10,261 (December 31, 2021 – TL 9,395) expense provision, TL 70,023 (December 31, 2021 – TL 63,404) for collection delay penalties that may be subject to refund and the other provision of TL 38,539 (December 31, 2021 – TL 8,006).

2.8.3 Information on provisions for employee benefits:

Provisions for employee benefits consist of reserve for employee termination benefits amounting to TL 247,175 (31 December 2021 – TL 228,869), vacation pay liability amounting to TL 60,783 (31 December 2021 – TL 3,575), performance premium amounting to TL 121,517 (31 December 2021 – TL 213,920), retirement bonuses on payment of TL 129,692 (31 December 2021 – TL 130,241), committee fee amounting to TL 61,375 (31 December 2021 – TL 17,256) and other fees amounting to TL 2,880 (31 December 2021 – TL 4,554).

Under the Turkish Labor Law, the Bank is required to pay termination benefits to each employee who has completed at least one year of service and whose employment is terminated without due cause, is called up for military service, dies or retires or earns the right to retire.

The compensation to be paid is up to one month's salary for each service year and this amount is limited to 10,848.59 TL (full TL amount) (31 December 2021 - 8,284.51 TL (full TL amount)). The liability is not funded, as there is no funding requirement.

The reserve has been calculated by estimating the present value of the future probable obligation of the Bank arising from the retirement of its employees. TAS 19 requires actuarial valuation methods to be developed to estimate the enterprise's obligation for such benefits. Accordingly, the following actuarial assumptions were used in the calculation of the total liability.

	Current Period	Prior Period
Discount rate (%)	19.10	19.10
Inflation rate (%)	15.80	15.80
Salary increase rate (%)	16.30	25.00

Movements in the reserve for employment termination benefits during period are as follows:

	Current Period	Prior Period
Balance at the beginning of the period	228,869	189,033
Provisions recognized during the period	24,593	49,512
Paid during the period	(6,287)	(10,744)
Actuarial loss	-	1,068
Balances at the end of the period	247,175	228,869

4. Explanations and Notes Related to the Consolidated Statement of Income

4.1 Information on profit share income:

4.1.1 Information on profit share received from loans:

	Current period		Prior period	
	TL	FC	TL	FC
Profit share on loans	2,747,646	646,091	1,528,482	301,060
Short term loans	1,162,511	300,457	402,977	68,284
Medium- and long-term loans	1,486,660	321,121	1,084,258	227,977
Profit share on non-performing loans	98,475	24,513	41,247	4,799
Premiums received from resource utilization support fund	-	-	-	-
Total	2,747,646	646,091	1,528,482	301,060

4.1.2 Information on profit share received from banks:

	Current period		Prior period	
	TL	FC	TL	FC
The Central Bank of the Republic of Turkey	80,625	-	28,580	-
Domestic Banks	52,917	12,297	36,144	302
Foreign Banks	19,889	43,539	4,293	17,739
Branches and head office abroad	-	-	-	-
Total	153,431	55,836	69,017	18,041

4.1.3 Information on profit share income from securities portfolio:

	Current Period		Prior Period	
	TP	YP	TP	YP
Financial Assets at Fair Value through Profit or Loss	38,278	95,858	28,325	41,261
Financial Assets at Fair Value Through Other Comprehensive Income	1,572,304	166,072	683,927	95,309
Financial Assets valued at Amortized Cost	210,007	91,532	23,689	24,119
Total	1,820,589	353,462	735,941	160,689

As stated in footnote 7.2 of Section Three, the Parent Bank's portfolio of financial assets securities whose fair value difference is reflected in other comprehensive income includes government sukus indexed to CPI, whose real coupon rates for 6 months remain constant throughout the term. As of January 1, 2022, indices calculated considering the estimated inflation rate have been used as the inflation index on the balance sheet date used in the valuation of such assets. The estimated inflation rate used is updated when necessary during the year. As of March 31, 2022, the valuation of these assets was based on the annual inflation forecast of 50% (October 2021-October 2022). In 2021, the valuation of these assets was made according to the inflation rates realized. If the specified forecast change for these assets indexed to CPI had not been made, more profit share income of TL 2,187,336 would have been accounted for in the income statement.

4.1.4 Information on profit share income received from associates and subsidiaries:

1.3 Message from the Chairman

Dear Shareholders,

We are happy to have survived a difficult period in the past two years in which there have been concerns about the corona virus outbreak and significant macroeconomic risks. While restrictions are being eliminated around the world, patient and mortality rates are constantly falling. Policymakers, who have taken tough decisions to mitigate the economic impact of the pandemic, began taking action in 2022 against the high inflation threat mainly caused by expansionary monetary policies during this period. Central banks in many developed and developing countries with record inflation rates have begun to implement tightening monetary policy. The Federal Reserve is expected to raise interest rates at every meeting this year, while the European Central Bank (ECB) has confirmed that it will end asset purchases in the third quarter as planned and that interest rates will gradually rise after the end of net asset purchases. Rising commodity prices, pandemic-induced supply - demand imbalances and high inflation have forced the world economies to policies on monetary contraction, while Russia's invasion of Ukraine has created new risks during this period.

Significant price increases in energy and commodities, resulting from the significant share of Russia and Ukraine in critical commodity products, especially energy, in world trade, have negatively altered expectations and projections for the global economic recovery, as well as the new risks posed by the war.

The International Monetary Fund (IMF) said in its April 2022 World Economic Outlook report that global price increases due to the rise in energy and commodity prices caused by the war and production activities slowed by quarantine practices in China would be larger than anticipated in many countries and that policymakers should make difficult decisions, while the growth forecasts for the new year were revised negatively. In its report, the IMF lowered its growth expectations for 2022 by 0.8 percentage points to 3.6 percent due to the Russia-Ukraine war, while revised up its inflation forecasts upwards. In his report, he updated his inflation forecasts for 2022 to 5.7 percent, increasing by 1.8 percentage points for developed economies and by 2.8 percentage points to 8.7 percent for developing economies, stressing that economic uncertainties will change depending on the course of the war.

The Organisation for Economic Co-operation and Development (OECD), which focused on similar risks in its Interim Economic Outlook Report, stressed that global economic growth would fall by 1 percentage point due to war, while inflation should make difficult decisions due to 2.5 percent growth and new supply shocks in 2022.

While the CBRT kept its one-week repo auction interest rate steady at 14 percent, the Monetary Policy Board said in its meeting summary for March that a liraization-oriented approach would continue to be taken in monetary policy, taking into account risks to financial stability in line with the goal of sustainable price stability.

Our expert, well-educated, self-sacrificing, young and dynamic employees are the carriers of our success in the operating period of 2022, as well. I would like to express my gratitude to all our employees who contributed to our success and to our stakeholders for their unwavering support.

Regards,

Hamad Abdulmohsen ALMARZOUQ

Head of the BOD

Kuveyt Türk Katılım Bankası

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

1.4 Message from the General Manager

Dear Shareholders,

While we remain cautiously optimistic about the economic risks from the pandemic as of the first quarter of 2022, we closely monitor the effects of the tightening monetary policies of global economies on our country's macroeconomic balances and financial sector. The increase in energy and commodity prices caused by the Russia –Ukraine war, which we hope will end as soon as possible, and the unforeseeable new economic risks increase the risks caused by inflation in our country and the world, while policymakers; interest rate increases require them to make tough decisions about rising prices and economic growth.

Turkey's leading participation finance institution, Kuveyt Türk continued to offer innovative products and services to its customers in the third quarter, focusing on customer satisfaction and experience. It has solved the financial needs of its customers quickly and reliably through digital channels, thanks to its strong technological infrastructure.

Providing interest-free financial services to its customers for 32 years with the products and services it has developed in line with the principles of participation finance, Kuveyt Türk continued its steady growth by increasing its profitability as of the first quarter of 2022, increasing its net profit by 180,51 percent compared to the same period of the previous year, reaching 1 billion 632 million TL. The size of the funds collected by Kuveyt Türk reached 254 billion 585 million TL with an increase of 14.70 percent compared to 2021, while the size of the funds allocated increased to 160 billion 429 million TL with an increase of 21.79 percent. Reaching its shareholders' equity to 14 billion 837 million TL and its asset size to 300 billion 99 million TL, Kuveyt Türk strengthened its position in the first place among participation finance institutions in terms of asset size, while maintaining its 10th place in the banking sector.

In 2022, as in the past, we will continue to provide all the products and services that our customers need in the best way by directing our resources to the needs of the real sector. We will also increase our penetration in different sectors by diversifying our financing supports. In doing all this, we will increase the market share we receive from the banking sector, while on the other hand, participation will contribute to the increase of the share of finance from the banking sector. We will continue our cautious approach in terms of asset quality and liquidity in the new year and continue to diverge positively from the sector in this area.

Believing that customer satisfaction is a natural result of employee satisfaction since the first day it was founded, Kuveyt Türk shapes its human resources policy in line with this understanding. It attaches great importance to providing a happy and peaceful working environment to all its employees with its processes that enable more than 6,000 employees to say "I'm glad I'm from Kuveyt Turk". Acting on the principle of "people first, employee first" in business processes, In the third quarter, Kuveyt Türk, and was awarded by the Great Place to Work Institute, which is recognized as one of the world's expert authorities in measuring workplace culture and employee experience, it was named Turkey's Best Employer for the fifth consecutive year.

Kuveyt Türk, with its strong capital and liquidity structure, high asset quality, dynamic corporate management approach, customer service model focused on continuous development, ongoing investments in technology, accelerated digital transformation efforts and overseas expansion, will be the leading institution of the participation finance sector in Turkey in the coming period. aims to remain.

Regards,
Ufuk UYAN
General Manager
Kuveyt Türk Katılım Bankası

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2022

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

1.5 Financial Position, Performance and Assessment of the Prospects for the Future

As of 31 March 2022, consolidated financial statements asset size is TL 300 billion 99 million, amount of the utilization of funds is TL 160 billion 429 million and funds collected amount is TL 254 billion 585 million. Due to the effect of the first three months' profit of TL 1 billion 632 million, the ratio of shareholder equity increased 29.14% by reaching TL 14 billion 837 million. As of 31 March 2022, consolidated capital adequacy ratio has been realized as 22.49%.

1.6 Significant Events and Transactions Occurring During the Three Months Period

The Parent Group, KT Kira Sertifikaları Varlık Kiralama A.Ş. has issued sukuk with a total nominal value of 3 billion 535 million TL, with a minimum 13.81% and a maximum 18.25% cost in different maturity brackets in fourteen separate transactions.

1.7 Assessment of the expectations related to the subsequent interim period

When both global and our country's macroeconomic conditions are evaluated, it is seen that there is an inflation-centered risk environment and uncertainties about how long this situation will last come to the fore. The increase in commodity prices caused by the Russia-Ukraine war and supply shortages observed in critical sectors are causing producer and consumer prices to rise more than expected. The effects of related risks on the markets will continue to be closely monitored as the central banks of developed and developing countries begin to implement narrow monetary policy actions.
