Unconsolidated Financial Statements and Notes for The Period Ended 30 September 2023 with Independent Auditor’s Review Report

*(Convenience translation of unconsolidated financial statements and independent auditor’s
report originally issued in Turkish)*

(Convenience translation of the auditor's report originally issued in Turkish)

INDEPENDENT AUDITORS' REVIEW REPORT ON UNCONSOLIDATED INTERIM FINANCIAL INFORMATION

To the Board of Directors of Kuveyt Türk Katılım Bankası A.Ş.

Introduction

We have reviewed the unconsolidated statement of financial position of Kuveyt Türk Katılım Bankası A.Ş. (the "Bank") at September 30, 2023 and the related unconsolidated statement of profit or loss, unconsolidated statement of profit or loss and other comprehensive income, unconsolidated statement of changes in shareholders' equity, unconsolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the unconsolidated financial statements for the nine-month-period then ended. The Bank Management is responsible for the preparation of these unconsolidated of interim financial statements in accordance with the Banking Regulation and Supervision Agency ("BRSA") Accounting and Financial Reporting Legislation which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by BRSA and Turkish Accounting Standard 34 "Interim Financial Reporting" for those matters not regulated by the aforementioned regulations. Our responsibility is to express a conclusion on these unconsolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated financial statements do not give a true view of the unconsolidated financial position of the Bank at September 30, 2023, and the results of its operations and its unconsolidated cash flows for the nine-month-period then ended in all material aspects in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on Other Regulatory Requirements Arising From Legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim activity report in section VIII, are not consistent, in all material respects, with the reviewed unconsolidated financial statements and disclosures.

SECTION ONE
GENERAL INFORMATION

1. History of the Bank including its incorporation date, initial legal status and amendments to legal status:

Kuveyt Türk Katılım Bankası A.Ş. ("The Bank") was incorporated with the approval of the Central Bank of the Republic of Turkey (CBRT) on 28 February 1989 and commenced its operations on 31 March 1989, with the name of Kuveyt Türk Evkaf Finans Kurumu A.Ş. To comply with the Banking Act 5411, the title of the Bank has been changed to Kuveyt Türk Katılım Bankası A.Ş. with a change in the Articles of Association which was approved in the annual general meeting dated 26 April 2006. Main field of operation is, in addition to the Bank's equity, to collect funds from domestic and foreign customers through "Current Accounts" and "Profit/ Loss Sharing Accounts" and allocate such funds to the economy, to perform all kinds of financing activities in accordance with the regulations, to encourage the investments of all individuals and legal entities operating in agricultural, industrial, trading and service industries, participating into the operations of these entities or individuals and to form joint business partnerships and to perform all these activities in a non-interest environment.

2. Shareholding structure, shareholders jointly or individually having direct or indirect control over the management and supervision of the Bank and the disclosures on any related changes in the current period, if any, and information about the Group that the Bank belongs to:

As of 30 September 2023, 62.24% of the Bank's shares are owned by Kuwait Finance House located in Kuwait, 18.72% by T.C.Vakıflar Genel Müdürlüğü, 9.00% by Wafra International Investment Company in Kuwait and 9.00% by Islamic Development Bank whereas the remaining 1.04% of the shares are owned by other real persons and legal entities.

3. Explanations regarding the chairman and the members of board of directors, audit committee members, general manager and assistant general managers and their shares in the bank:

4. Information on qualified shareholders

Name / Commercial Name	Share amount (Nominal)	Shareholding percentage	Paid shares (Nominal)	Unpaid shares
Kuwait Finance House	2,863,098	62.24%	2,863,098	-
T.C. Vakıflar Genel Müdürlüğü	861,086	18.72%	861,086	-
Total	3,724,184	80.96%	3,724,184	-

As of 30 September 2023, the shareholding structure of Kuwait Finance House, the main shareholder of the Bank, is as follows:

Name / Commercial Name	Share Amount
Kuwait Investment Authority	16.80%
The Public Institution for Social Security & Group	9.19%
The Public Authority for Minors Affairs	7.32%
Kuwait Awqaf Public Foundation	5.09%
Public Shares	61.60%
Total	100.00%

5. Explanations of the Bank's services and field of operations

The Bank's field of operations includes corporate banking, international banking services, and retail banking and credit card services. The Bank's core business is operating in accordance with the principles of interest-free banking as a participation bank by collecting funds through current and profit/loss sharing accounts and lending such funds to its customers.

As of 30 September 2023, the Bank is operating through 443 domestic branches (31 December 2022 – 444) with 6,052 employees (31 December 2022 – 5,834). Summary of some of the Bank's operations described in the Articles of Association are as follows:

- To collect funds through "Current Accounts" and "Profit/Loss Sharing Accounts" and special fund pools in line with the regulations,
- To allocate funds to the economy and provide all kinds of cash, non-cash loans within the principles of non-interest banking,
- To offer financial and operational leasing,
- To handle all kinds of deposits and payments, including travelers' checks, credit cards and other payment instruments, provide member business services (POS), consulting, advisory, and safe deposit box services,
- To purchase financial instruments on money and capital markets in cash or instalments, sell and mediate the sale and trade on the stock exchange in accordance with legislation and principles of non-interest banking,
- To purchase, acquire and construct any kind of real estate and if necessary, lease or transfer ownership to other persons,
- To act as a representative, deputy or agent for corporations and enterprises (including insurance companies),
- To provide socially purposed assistance within the scope of the legislation within the principles of the Bank for the order and benefit of the society.

The Bank's activities are not limited to the list above. If another transaction is decided to be beneficial to the Bank, the transaction must be recommended by the Board of Directors, approved by the General Assembly and authorized by relevant legal authorities after whom it also needs to be approved by the Ministry of Trade since it constitutes an amendment of the Article of Association. Decisions that have been approved through all these channels will be included to the Article of Association.

6. Current or likely actual legal barriers to immediate transfer of equity or repayment of debts between Bank and its subsidiaries:

None.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES IN THE RELATED PERIOD

1. Explanations on basis of presentation

1.1. The preparation of the financial statements and related notes and explanations in accordance with the Turkish accounting standards and regulation on accounting applications for banks and safeguarding of documents

The Bank prepares its financial statements in accordance with the “Regulation on The Procedures and Principles for Accounting Practices and Retention of Documents by Banks” published in the Official Gazette dated 1 November 2006 with numbered 26333, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Agency (“BRSA”) as well as the circulars and pronouncements published by the BRSA. For matters not regulated by the aforementioned legislations, the Bank prepares its financial statements in accordance with the BRSA Accounting and Financial Reporting Legislation, which comprises the terms of the Turkish Financial Reporting Standards issued by the Public Oversight Accounting and Auditing Standards Authority.

1.2. Accounting policies and valuation principles applied in the preparation of unconsolidated financial statements

The financial statements have been prepared on the historical cost basis except for the financial instruments at fair value through profit or loss, and the financial assets and liabilities at fair value through other comprehensive income that are measured at fair values.

The preparation of unconsolidated financial statements in conformity with BRSA Accounting and Financial Reporting Legislation requires the Bank management to make assumptions and estimates with respect to the assets and liabilities on the balance sheet and contingent issues outstanding as of the balance sheet date. These assumptions and estimates mainly consist of calculations of the fair values of financial instruments and the impairment on assets. The assumptions and estimates are reviewed regularly and, when necessary, appropriate corrections are made, and the effects of such corrections are reflected on the income statement.

TAS 29 Financial Reporting in Hyperinflation Economies requires entities whose functional currency is that of a hyperinflationary economy to prepare their financial statements in terms of the measuring unit current at the end of the reporting period. TAS 29 describes characteristics that may indicate that an economy is hyperinflationary, and it requires all entities that report in the currency of the same hyperinflationary economy apply this Standard from the same date. Therefore, it is expected that TAS 29 will start to be applied simultaneously by all entities with the announcement of Public Oversight Accounting and Auditing Standards Authority to ensure consistency of the application required by TAS 29 throughout the country. However, the Authority has not published any announcement that determines entities would restate their financial statements for the accounting period ending on 30 September 2023 in accordance with TAS 29. In this context, TAS 29 is not applied, and inflation adjustment has not been reflected in the financial statements as of September 30, 2023.

1.3. Changes in accounting estimates, errors and classifications

If changes in accounting estimates are related to only one period, they are applied in the current period in which the change is made, and if they are related to future periods, they are applied both prospectively and in the future periods. Significant accounting errors are applied retrospectively and prior period financial statements are restated. There were no significant changes in the accounting estimates of the Bank in the current year. Comparative information is rearranged when deemed necessary in order to comply with the presentation of the current period financial statements. The Bank has made a reorganization in the cash flow statement of the previous period in order to ensure compliance with the presentation of the financial statements for the current period.

1.4. Preparation of the financial statements as regards to the current purchasing power of money

Until 31 December 2004, the financial statements of the Bank were subject to inflation adjustments in accordance with Turkish Accounting Standard No: 29 “Financial Reporting in Hyperinflationary Economies” (“TAS 29”). As per the BRSA decision numbered 1623 and dated 21 April 2005 and the BRSA circular dated 28 April 2005 it was stated that the indicators for the application of inflation accounting were no longer applicable. Consequently, as of 1 January 2005, the inflation accounting has not been applied.

NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

1.5. Disclosures regarding TFRS 9 financial instruments

TFRS 9 “Financial Instruments”, which is effective as of 1 January 2018 is published by the Public Oversight Accounting and Auditing Standards Authority (“POA”) in the Official Gazette numbered 29953 dated 19 January 2017. As of 1 January 2018, the application of TFRS 9 replaced “TAS 39: Financial Instruments: Recognition and Measurement.” standard.

TFRS 9 also includes new principles for general hedge accounting which aims to harmonize hedge accounting with risk management applications. In the admission of the accounting policies, TFRS 9 presents the option of postponing the adoption of TFRS 9 hedge accounting and continuing to apply the hedge accounting provisions of TAS 39.

All recognized financial assets that are within the scope of TFRS 9 are required to be initially measured at amortized cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and profit share on the principal amount outstanding, are generally measured at Fair Value Through Other Comprehensive Income (“FVTOCI”). All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under TFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment in other comprehensive income, with only dividend income generally recognized in profit or loss.

Dividends obtained from such investments are accounted in the financial statements as profit or loss unless they are evidently a part of the recoverable cost of investment.

As a result of the combination of contractual cash flow characteristics and business models, the differences in the classification of financial assets are reflected in the financial statements compared to the current classification in TAS 39.

During the first recognition of a financial asset into the financial statements, business model determined by the Bank management and the nature of contractual cash flows of the financial asset are taken into consideration.

Classification and measurement of financial instruments

According to TFRS 9 requirements, classification and measurement of financial assets will depend on the business model within which financial assets are managed and their contractual cash flow characteristics whether the cash flows represent “solely payments of principal and profit share” (SPPI).

Upon initial recognition each financial asset shall be classified as either fair value through profit or loss (“FVTPL”) amortized cost or fair value through other comprehensive income (“FVTOCI”). As for the classification and measurement of financial liabilities, the application of the existing terms of TAS 39 remain largely unchanged under TFRS 9.

Explanations on expected credit loss

As of 1 January 2018, the Bank will recognize provisions for impairment in accordance with the TFRS 9 requirements according to the “Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside” published in the Official Gazette dated 22 June 2016 numbered 29750. The expected credit loss estimates are required to be unbiased, probability-weighted and should include supportable information about past events, current conditions, and forecasts of future economic conditions.

Modelling studies were carried out on the principal components of the Expected Loan Loss calculation and the default probability (PD) models were developed on various loan portfolios. Credit portfolios are determined according to customer segments that form the basis of banking activities. The cyclical default probabilities generated by these models developed for use in the Internal Rating Based Approach (IDD) are translated into the Instantaneous Default Probabilities and these instantaneous default probabilities are used when calculating the Expected Loan Loss on TFRS 9 Calculation on Default (LGD) calculation reflects the legal deduction rates and the Bank's past collection performance on unsecured loans. Default Amount (EAD) corresponds to the balance used in cash at the reporting date for cash loans, non-cash loans and balance after application of the loan to commitment risks.

Macroeconomic scenarios affect PD values. The expected credit loss amount is calculated by weighting 3 different scenarios as Base, Good and Bad scenarios. The probability of default of the debtors and the loss rates in default vary with each scenario.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

As of September 30, 2023, the Bank has been exposed to recession, geopolitical risks, inflation, unemployment, exchange rate risk, etc. with the effect of current internal and external conditions. In order to reflect the macroeconomic outlook and the upward risks that factors may pose on the bank's loan portfolio, it has revised its macroeconomic expectations and its calculations made considering the change in PD along with the update in the EDF model have been reflected in the financial statements. By its nature, the model effects are reflected in the financial statements with a delay due to the occurrence of the events and their effects at different times. For this reason, Bank is establishing additional provisions for the Wholesale and Retail Trade, Build, Construction, Contracting and Tourism sectors, whose PD is more sensitive to the current macroeconomic and geopolitical conjuncture among the sectors that are declining. The Bank maintains this approach as of September 30, 2023. When deemed necessary, the future will review these assumptions according to the course of economic and geopolitical risks.

The expected credit loss estimates are required to be unbiased, probability-weighted and include supportable information about past events, current conditions, and forecast of future economic conditions.

The Bank applies a 'three-stage' impairment model depending on the gradual increase in credit risk observed since initial recognition

Stage 1: Includes financial assets not having significant increase in their credit risk from initial recognition till the following reporting date or financial assets having low credit risk at the reporting date. It is recognized 12-month expected credit losses for such financial assets.

Stage 2: Includes financial assets having significant increase in their credit risk subsequent to the initial recognition, but not having objective evidence about impairment. It is recognized lifetime expected credit losses for such financial assets.

In this context, the basic considerations that are considered in determining the significant increase in the credit risk of a financial asset and its transfer to Phase 2 are, but are not limited to, the following.

- Delayed by more than 30 days as of the reporting date
- Restructuring
- Close Monitoring
- Evaluation of distortion in Rating Note

The definition of the deterioration in the rating is the comparison of the credit rating at the opening date and the rating date at the reporting date by using the Bank's internal rating-based credit rating models. If the rating calculated for the loan at the reporting date exceeds the specified threshold values, the rating is deemed as deterioration.

Stage 3: Includes financial assets having objective evidence about impairment at the reporting date. It is recognized lifetime expected credit losses for such financial assets.

The Bank periodically evaluates the provisions of loans and other receivables in accordance with TFRS 9 retrospectively on the basis of their results and, if deemed necessary, revises the basketing rules and the parameters used in the calculation of the related provision balances.

1.6 Revenue from TFRS 15 disclosures regarding the standard of revenue from customer contracts

TFRS 15 Revenue from Customer Contracts provides a single, comprehensive model and guidance on the recognition of revenue and is recorded in accordance with income with TFRS 15 Revenue from Customer Contracts.

1.7 Explanations on TFRS 16 leases standard

The leasing transactions are presented by the leases as assets (right-of-use assets) and liabilities from leasing transactions. TFRS 16 Standard eliminates the dual accounting model of leasing transactions on balance sheet and operational leasing transactions as direct expense except balance sheet.

Within the scope of TFRS 16, the Bank reflects the existence of a lease obligation and a right of use to the financial statements at the date of initial application. The Bank measures the leasing liability on the present value of the remaining lease payments, discounted at their present value using the alternative borrowing cost ratio at the date of initial application of the Bank. In addition, the Bank measures the existence of the right to use of such right at an amount equal to the lease obligation, which is reflected in the statement of financial position immediately after the first application date, adjusted for all prepaid or accrued lease payments.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

As of September 30, 2023, the right-of-use assets classified tangible assets gross amounting to TL 1,142,049 in the balance sheet of the Bank and lease liabilities classified in the item of liabilities from lease transactions amounting to gross TL 1,188,723. In the nine-month period that ended as of the same date, financial expenses amounting to TL 95,606 and depreciation expenses amounting to TL 176,533 were incurred.

2. Explanations on strategy of using financial instruments and foreign currency transactions

The Bank follows an asset-liability management strategy that mitigates risk and increases earnings by balancing the funds borrowed and the investments in various financial assets. The main objective of asset-liability management is to limit the Bank's exposure to liquidity risk, currency risk and credit risk while increasing profitability and strengthening the Bank's equity. The assets-liabilities committee (ALC) manages the assets and liabilities within the trading limits on the level of exposure placed by the Executive Risk Committee.

Gains and losses arising from foreign currency transactions have been recorded in the period in which the transaction took place. Foreign currency denominated monetary assets and liabilities are valued with the period end exchange rates published by the Central Bank of Turkey converting them into Turkish Lira and valuation differences of foreign currencies have been recognized in the income statement under the net foreign exchange income/expense account.

The foreign currency exchange differences resulting from the translation of debt securities issued and monetary financial instruments into Turkish Lira are included in the income statement. There are no foreign currency differences capitalized by the Bank.

3. Investments in associates and subsidiaries

Turkish currency denominated associates and subsidiaries are measured at cost value in accordance with the "Consolidated and Separate Financial Statements" ("TAS 27") and then deducted by provisions for impairment losses, if any, reflected to the accompanying unconsolidated financial statements.

4. Explanations on forward transactions and option contracts and derivative instruments

The Parent Bank engages in foreign currency futures transactions in order to reduce foreign currency position risk and manage foreign currency liquidity. The Bank's derivatives are classified as "Hedging Purposes" and "Financial Asset with Fair Value (GUD) Reflected in Profit/Loss". Accordingly, although some derivative transactions provide effective protection against risks for the Bank economically, those that cannot be defined accountably for hedging purposes are recognized as "Financial Assets Reflected in Fair Value (GUD) Profit/Loss" and tracked in the "Derivative Financial Assets/Liabilities" account on the balance sheet with their fair value.

Obligations and receivables arising from derivative transactions are recorded in the accounts based on the contract amounts. The fair value of currency futures and swaps is calculated using the discounted cash flow model. Differences in the fair value of derivative transactions for trading purposes are recognized in the " Trading Income/Loss " item in the income statement.

Embedded derivatives are separated from the host contract if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host contract, a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative and the hybrid instrument is not measured at fair value with changes in fair value recognized in profit or loss. Embedded derivatives are accounted as derivative instruments in-line with TFRS 9. If the embedded derivatives are closely related with the host contract, embedded derivatives are accounted for in-line with the relevant standard applicable for the host contract.

As of September 30, 2023, the Bank has no cash flow hedging transaction.

Benchmark Rate Reform - Stage 2, which introduces amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16, effective from January 2021, was published in December 2020 and early application of the changes is permitted. With the amendments made, certain exceptions are provided in the basis used in determining the contractual cash flows and in the hedge accounting provisions. The changes came into effect from 1 January 2021. Loans given from items indexed to benchmark interest rates in the Bank's financial statements and securities assets; Securities issued, derivative transactions and loans obtained through repo constitute liabilities. These changes do not have a significant impact on the Bank's financial position or performance. As of 30 September 2023, the Bank has no hedging transactions based on the benchmark interest rate.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

5. Explanations on profit share income and expense

Profit share income is recognized in the income statement on an accrual basis by using the method of internal rate of return and is accounted under profit share income account in the financial statements. While applying the internal rate of return method, the Bank amortizes the fees included in the account of the effective profit rate over the expected life of the financial instrument. If the financial asset is impaired and classified as a non-performing loan, profit accruals and rediscount calculations for these customers within the scope of TFRS 9 Financial Instruments Standard.

The Bank calculates expense accrual in accordance with the unit value calculation method on profit/loss sharing accounts and reflects these amounts in "Funds Collected" account on the balance sheet.

6. Explanations on fees and commission income and expenses

Other than fees and commission income and expenses received from certain banking transactions that are recorded as income or expense in the period they are collected, fees and commission income and expenses are recognized in the income statement depending on the duration of the transaction. Except for fees and commissions that are integral part of the effective interest rates of financial instruments measured at amortized costs, the fees and commissions are accounted for in accordance with TFRS 15 Revenue from Contracts with Customers.

Except for certain fees related with certain banking transactions and recognized when the related service is given, fees and commissions received or paid, and other fees and commissions paid to financial institutions are accounted under accrual basis of accounting throughout the service period.

In accordance with the provisions of TAS, commission and fees collected in advance for loans granted are deferred and reflected to the income statement by using the internal rate of return method. Unearned portion of the commission and fees relating to the future periods are recorded to the "Unearned Revenues" account under "Other Liabilities" on the balance sheet.

7. Explanations on financial assets

The Bank classifies and accounts for its financial assets as 'Fair Value Through Profit/Loss', 'Fair Value Through Other Comprehensive Income,' or 'Amortized Cost.' Such financial assets are recognized and derecognized as per the terms of "Recognition and Derecognition in Financial Statements" under the section three of the "TFRS 9 Financial Instruments" regarding the classification and measurements of financial instruments, published in the Official Gazette numbered 29953 and dated 19 January 2017 by Public Oversight, Accounting and Auditing Standards Authority ("POA"). When financial assets are included in the financial statements for the first time, they are measured at fair value. Transaction costs are initially added to fair value or deducted from fair value at the initial measurement of financial assets other than the "Fair Value at Fair Value Through Profit or Loss".

The Bank recognizes a financial asset in the financial statements only when it becomes a party to the contractual terms of a financial instrument. During the initial recognition of a financial asset, the business model determined by Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Bank management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments are made to gains, losses or profit shares that were previously recorded in the financial statements.

7.1 Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets that are managed within a business model other than the business model whose objective is achieved by holding contractual cashflows for collection and the business model whose objective is achieved by collecting and selling contractual cash flows. Also, in case that the contractual terms of financial assets do not give rise on specified dates to cash flows that are solely payments of principal and profit share on the principal amount, such assets are those that are, obtained with the aim of providing profit from the short-term price or other factor fluctuations in the market or are part of a portfolio aiming to obtain short-term profit, regardless of the reason of acquisition.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

7.2 Financial assets at fair value through other comprehensive income

A financial asset is classified as at fair value through other comprehensive income when the asset is managed within a business model whose objective is achieved by collecting contractual cash flows and selling the financial asset, as well as when the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and profit share on the principal amount.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition costs that reflect the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Profit share income calculated with effective profit share method regarding the financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to income statement. "Unrealized gains and losses," which is the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income, are not reflected in the income statement of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, or the impairment of the asset. "Unrealized gains and losses" are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity.

Equity securities, which are classified as financial assets at fair value through other comprehensive income, are carried at fair value, in the case that the securities have a quoted market price in an active market and/or the fair values of the securities can be reliably measured. In contrary case, the securities are carried at cost, less provision for impairment.

During initial recognition an entity can make an irrevocable election regarding the presentation of the subsequent changes in the fair value of the investment in an equity instrument, that is not held for trading purposes, in the other comprehensive income. In the case that the entity elects to present the changes as described, dividends arising from the investment is accounted in the financial statements as profit or loss.

7.3 Financial assets measured at amortized cost

In the case that a financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and that the contractual terms of the financial asset give rise to cash flows on specified dates that are solely payments of principal and profit share on the principal amount, the financial asset is classified as financial asset measured at amortized cost.

Financial Assets Measured at Amortized Cost; are financial assets, other than loans and receivables, which are held for the purpose of custody until maturity, with conditions necessary for such assets to be held until contractual maturity met, including funding ability; and which have fixed or determinable payments and fixed maturities. Financial assets measured at amortized cost are initially recognized at cost and subsequently measured at amortized cost using the internal rate of return method. Profit share income related to Financial Assets measured at amortized cost is reflected in the income statement.

7.4 Derivative financial assets

The major derivative instruments utilized by the Bank are foreign currency swaps, cross currency swaps and currency forwards.

Payables and receivables arising from the derivative instruments are recorded in the off-balance sheet accounts at their contractual values.

Derivative transactions are valued at their fair values subsequent to their acquisition. In accordance with the classification of derivative financial instruments, the fair value amounts are classified as "Derivative Financial Assets Designated at Fair Value Through Profit or Loss." The fair value differences of derivative financial instruments are recognized in the income statement under trading profit/loss line in profit/loss from derivative financial transactions. The fair value of derivative instruments is calculated by considering the market value of the derivatives or by using the discounted cash flow model.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

7.5 Loans

Loans are financial assets that have fixed or determinable payments terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the "Effective Profit Share Rate (internal rate of return) Method".

8. Explanations on offsetting of financial assets and liabilities

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

9. Explanations on sale and repurchase agreements and lending of securities

Central Bank of the Republic of Turkey ("CBRT") made some changes on orders for open market transactions ("OMT") and prepared an additional frame contract for participation banks in order to present rent certificates to open market operations of CBRT in accordance with the principles of participation banks. According to this agreement, a new type of transaction was formed which enables participation banks to resell or repurchase rent certificates on their portfolio to CBRT when they need funding or in attempt to evaluate the excess liquidity. In this context, OMT were carried out with the CBRT for the first time on 14 June 2013, by subjecting the Treasury Lease Certificates, which were include in assets, to the repurchase transactions. From this date, the Bank performs sale transactions of treasury lease certificates that are recognized in the assets of the balance sheet in return for conditional repurchasing by tendering to purchase auctions held by CBRT with various maturities; and thusly raises funds.

As of 30 September 2023, the Bank has repurchased agreement amounting to TL 411,034 (31 December 2022: TL 124,831)

10. Explanations on assets held for sale and discontinued operations and related liabilities

As mandated by the Banking Act 5411 Article 57 "banks cannot participate in commercial real-estate and commodity trade with the exception of real-estate and commodity based agreements within the scope of Capital Markets Act No. 2499, and precious metal trade as seen appropriate by the board, and cannot participate in partnerships with firms whose main business activity is commercial real-estate, with the exception of real-estate investment partnerships and companies that finance mortgaged residential estates. The rules and procedures regarding the sales of real-estate and commodities that were acquired due to receivables and debtors' obligations to the bank are determined by the board."

Assets that meet the criteria for classification as assets held for sale are measured at the lower of the carrying amount of assets and fair value less any costs to be incurred for disposal. Assets held for sale are not amortized and presented in the financial statements separately. In order to classify an asset as held for sale, the sale should be highly probable, and the asset (or disposal group) should be available for immediate sale in its present condition. Highly saleable condition requires a plan by the management regarding the sale of the asset (or the disposal group) together with an active program for the determination of buyers as well as for the completion of the plan. Also, the asset (or the disposal group) should be actively in the market at a price consistent with its fair value. In addition, the sale is expected to be recognized as a completed sale within one year after the classification date and the necessary transactions and procedures to complete the plan should demonstrate the fact that there is remote possibility of making any significant changes in the plan or cancellation of the plan. Various events and conditions may extend the completion period of the disposal over one year. If such delay arises from any events and conditions beyond the control of the entity and there is sufficient evidence that the entity has an ongoing disposal plan for these assets, such assets (or disposal group) can remain to be classified as assets (or disposal group) held for sale. Extension of the period necessary to complete the sale, does not avoid the classification of the related asset (or disposal group) to be classified as asset held for sale.

A discontinued operation is a component of an entity that either has been disposed of or is classified as held for sale. Discontinued operations are presented separately in the income statement. The Bank has no discontinued operations.

11. Explanations on goodwill and other intangible assets

Intangible assets are stated at cost adjusted for inflation until 31 December 2004, less provision for impairment, if any, and accumulated amortization and amortized with straight-line method.

The other intangible assets of the Bank comprise mainly computer software. The useful lives of such assets acquired prior to 2004 have been determined as 5 years and for the year 2004 and forthcoming years, as 3 years. The amortization period of the licenses is determined on the basis of the duration of the license agreements.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

12. Explanations on tangible assets

Fixed assets are stated at cost adjusted for inflation until 31 December 2004, less accumulated depreciation and provision for impairment, if any.

Depreciation is calculated on a straight-line basis over the estimated useful life of the assets. The annual rates used for amortization are as follows:

Property	2%
Movables, leased assets	6.67% - 20%

Depreciation is calculated on a pro-rata basis for the assets that have been placed in use for less than one year as of the balance sheet date. Leasehold improvements are depreciated over the term of the lease agreements by straight-line method.

If the recoverable amount (the higher of value in use and fair value) of a tangible asset is less than its carrying value, impairment loss is provided and the carrying value is written down to its recoverable amount.

Gains or losses resulting from disposals of the fixed assets are recorded in the income statement as the difference between the net proceeds and net book value of the asset.

Expenses for repair costs are capitalized if the expenditure increases economic life of the asset; other repair costs are expensed as incurred.

The capital expenditures made in order to increase the capacity of the tangible asset or to increase its future benefits are capitalized on the cost of the tangible asset. The capital expenditures include the cost components which are used either to increase the useful life or the capacity of the asset or the quality of the product, or to decrease the costs.

Property held for long-term rental yields and/or capital appreciation is classified as investment property. Investment properties are stated at cost less accumulated depreciation and any impairment in value. Depreciation is calculated on a straight-line basis over the estimated useful lives of the properties.

13. Explanations on leasing transactions

For contracts concluded prior to 1 January 2019, the Bank assesses whether the contract has a lease qualification or include a lease transaction.

- (a) The right to obtain almost all of the economic benefits from the use of the leased asset and,
- (b) Whether the leased asset which has the right to manage its use is evaluated

The Bank has started implementing the TFRS 16 - Leases standard from 1 January 2019, the first date of the TFRS 16 standard. At the commencement date of the lease, the Bank recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. Lease payments are discounted by using the Bank's alternative borrowing profit rate.

The right of the use asset

The Bank reflects the existence of a right of use and a lease obligation to the financial statements at the date the lease is commenced.

The right to use asset is recognized first by cost method and includes the following:

- (a) The first measurement amount of the lease obligation,
- (b) The amount obtained by deducting all rental incentives received from all lease payments made at or before the date of the rental.

When the Bank applying cost method, the existence of the right of use:

- (a) Accumulated depreciation and accumulated impairment losses are deducted and
- (b) Measures the restatement of the lease obligation over the adjusted cost.

The Bank applies the depreciation liabilities in TAS 16 Tangible Fixed Assets while depreciating the right of use asset.

The Bank determines whether the right of use has been impaired and recognizes any identified impairment losses in accordance with TAS 36 – Impairment of Assets.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

Lease Obligation

At the effective date of the lease, the Bank measures the leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Bank's alternative borrowing profit share rate.

The profit share on the lease liability for each period of the lease term is the amount found by applying a fixed periodic profit share rate to the remaining balance of the lease liability. Periodic profit share rate is the Bank's borrowing profit share rate.

After the beginning of a contract, the Bank remeasures its lease liability to reflect changes in lease payments. The Bank reflects the restatement amount of the lease obligation to the financial statements as revised in the presence of the right of use.

14. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities are accounted for in accordance with "Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets" (TAS 37).

Provisions are recognized when the Bank has a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate can be made of the amount of the obligation.

As per the "Matching Principle," a provision is provided for the liabilities arising as a result of past events in the period they arise, if it is probable that the liability will be settled and a reliable estimate for the liability amount can be made.

When a reliable estimate of the amount of the obligation cannot be made or it is not probable that an outflow of resources will be required to settle the obligation, the obligation is considered as a "Contingent" liability and is disclosed in the related notes to the financial statements.

15. Explanations on liabilities relating to employee benefits

15.1 Defined benefit plans

In accordance with existing social legislation, the Bank is required to make severance pay to each employee who has completed over one year of service with the Bank and who retires or quits the employment to receive old age or disability benefits, to fulfill the compulsory military service, because of the marriage (for females) or because of the other compulsive reasons as defined in the laws and whose employment is terminated due to reasons other than resignation or misconduct.

Liabilities amount which is related to "Turkish Accounting Standard on Employee Benefits" ("TAS 19") is reflected accompanying financial statements and these liabilities are calculated by an independent actuary firm.

Bank is accounted all actuarial profit and loss under Statement of other Comprehensive Income.

The Bank's employees are not members of any pension fund, foundations, union or other similar entities.

15.2 Defined contribution plans

The Bank pays defined contribution plans to publicly administered Social Security Funds for its employees as mandated by the Social Security Association. The Bank has no further payment obligations other than this contribution share. The contributions are recognized as employee benefit expense when they are due.

15.3 Short term benefits to employees

In accordance with "TAS 19", vacation pay liabilities are defined as "Short Term Benefits to Employees" and accrued as earned.

Bank management calculates bonus accrual if it foresees that the budgeted year-end figures approved by the Board of Directors are attainable.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

16. Explanations on taxation

Current Tax

With the Law No. 7394 on the Assessment of Immovable Properties Belonging to the Treasury and the Amendment of the Value Added Tax Law, which was published in the Official Gazette dated April 15, 2022 and numbered 31810 and entered into force, and the Article 26 of the Law on the Amendment of Some Laws and Decree Laws and the paragraph added to the provisional Article 13 of the Corporate Tax Law No. 5520, The Corporate Tax rate will be applied as 25% for corporate earnings the taxation period of 2022.

This rate is applied to the tax base to be found as a result of adding expenses that are not accepted as deductible in accordance with the tax laws to the commercial earnings of the corporations and deducting the exemptions and deductions in the tax laws. If the profit is not distributed, no other tax is paid. Starting from the declarations that must be submitted as of October 1, 2023 in accordance with the tax legislation; It entered into force on 15 July 2023 to be applied to the corporate income in 2023 and subsequent taxation periods, and to the earnings of corporations subject to the special accounting period starting in the 2023 calendar year and the following taxation periods. The provisional tax rate will be paid at the rate of 30% on the bases formed as of quarterly periods, and the provisional taxes paid during the year are deducted from the corporate tax calculated on the annual corporate tax return of that year.

The exemption provided for the income obtained by institutions from other investment funds, except for the exception provided for the income obtained from the participation shares of venture capital investment funds and the shares of venture capital investment trusts, has been abolished. This regulation has entered into force to be applied to mutual fund participation shares acquired as of July 15, 2023.

Starting with the declarations that must be submitted as of October 1, 2023; It entered into force on 15 July 2023 to be applied to the corporate income in 2023 and subsequent taxation periods, and to the earnings of corporations subject to the special accounting period starting in the 2023 calendar year and the following taxation periods.

Withholding taxes is not applied to dividends distributed to companies' resident in Turkey or companies who earn income in Turkey through their resident representatives in Turkey. With the Council of Minister's decision numbered 2009/14593 and 2009/14594 which are published in official gazette numbered 27130 and dated 3 February 2009, some deduction rates in 15th and 30th articles of the corporate tax law numbered 5520 were re-determined. In accordance with this, dividends distributed to companies other than companies' resident in Turkey or companies who earn income in Turkey through their resident representatives in Turkey are subject to 10% withholding taxes. Double tax treaty agreements are also taken into consideration during the application of withholding taxes on dividends distributed to real persons and to foreign-based taxpayers. Addition of profit to share capital is not considered as dividend distributed therefore no withholding taxes is applied.

With the Communiqué Amending the General Communiqué on Tax Procedure Law (order no. 537) published in the Official Gazette numbered 32073 on 14 January 2023, the procedures and principles of the articles allowing the revaluation of real estates and depreciation units have been redrawn. By taking into consideration aforementioned Communiqué, the Bank, has been revaluated real estate and depreciation units within its balance sheet by providing conditions in the provisions of Tax Procedure Law's provisional Article 32 and duplicated Article 298/ç. Accordingly, corporate income tax has calculated with respect to revaluated real estate and depreciation units.

For the purpose of issuance of certificate of leasing immovables to resource institutions, with the sale of asset leasing companies, the scope of Financial Leasing, Factoring and Financing Companies Law No.6361, dated 21 November 2012 in order to lease it back and in case of taking back at the end of the contract, with the sale of financial leasing companies and asset leasing by asset leasing companies, for profit from the sale of the immovable property inherited from the institution applies this rate as 100% and for the immovable is not compulsory to be in assets at least for a period of two years. But the mentioned immovable's; except in case of failure to fulfill the obligations arising from the source institution, the lesser or leasing agreement, immovable in question by the asset leasing company, in case of selling a third person or institutions, these immovable's with the carrying value before its transfer to resource institution or asset leasing in lesser or asset leasing company, in mentioned institutions taking into consideration the total amount of depreciation is taxable for corporation engaged in the sale.

Corporate tax returns are filed by the thirty days of the fourth month following the balance sheet date and taxes is paid in one instalment by the end of that month.

Corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. However, losses cannot be carried back to offset profits from prior periods. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

In Turkey, there is no procedure for a final and definite agreement on tax assessments.

On January 20, 2022, the implementation of inflation accounting with the "Law on The Amendment of the Tax Procedure Law and the Corporate Tax Law" adopted on the agenda of the Turkish Grand National Assembly has been postponed starting from the balance sheet dated December 31, 2023.

Deferred Tax

For taxable temporary differences arising between the tax bases of assets and liabilities and their carrying amounts, as per the provisions of "Turkish Accounting Standard on Income Taxes" ("TAS 12"), the Bank calculates deferred tax asset or liability over all taxable temporary differences and deferred tax asset over taxable temporary differences, apart from the provisions related to participation accounts Expected Credit Losses for 12-Months (Stage 1) and due to the participation accounts Lifetime Credit Losses (Stage 2) with significant increase in the credit risk after initial recognition, to the extent that is probable that taxable profit will be available in subsequent periods. Deferred tax asset and liabilities are shown in the accompanying financial statements on a net basis. The tax effect regarding the items directly accounted in equity are also reflected in equity. Updated tax rates in the upcoming periods will be considered in the calculation of deferred tax assets and liabilities.

17. Explanations on additional disclosures on borrowings

Borrowings other than funds collected are measured at amortized cost using the internal rate of return method after the initial recognition. The Bank does not apply hedging techniques on related borrowings.

The Bank has not issued convertible bonds.

18. Explanations on share certificates issued

There is no significant amount of transaction costs on Bank about share certificates.

19. Explanations on acceptances and availed drafts

Acceptances and availed drafts are realized simultaneously with the payment dates of the customers, and they are presented as commitments in off-balance sheet accounts.

20. Explanations on government grants

There are no government grants received by the Bank.

21. Explanations on segment reporting

The Bank conducts its activities in three separate segments: Retail Banking, Corporate and Commercial Banking, Treasury and International Banking. Each department serves with its own products and the results of the activities are monitored on the basis of these departments.

Segment reporting is disclosed in Section Four, Note 14.

22. Explanations on other matters

The Bank has no disclosures on other matters.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION FOUR

INFORMATION RELATED TO FINANCIAL POSITION AND RISK MANAGEMENT OF THE BANK

1. Explanations on Equity Items

Total capital and Capital adequacy ratio have been calculated in accordance with the “Regulation on Equity of Banks” and “Regulation on Measurement and Assessment of Capital Adequacy of Banks”. As of September 30, 2023, Bank’s total capital has been calculated as TL 57,237,833 (31 December 2022: TL 41,123,085), capital adequacy ratio is 25.52% (31 December 2022: 27.48%).

On March 23, 2020, the BRSA issued a press release stating that there were fluctuations in financial markets due to the COVID-19 pandemic. Therefore, in accordance with the Regulation on Measurement and Evaluation of Capital Adequacy, as per the BRSA's Decision No. 9795 dated September 16, 2021, when calculating credit risk based amounts, the amounts of non-monetary assets, excluding items denominated in foreign currency measured at historical cost and in accordance with Turkish Accounting Standards, and their related specific provision amounts shall be calculated using the Central Bank of the Republic of Turkey's (CBRT) foreign currency buying rate as of December 31, 2021, unless otherwise decided by the Board, and in accordance with the decision of 31 January 2023 using the CBRT's foreign currency buying rate as of December 30, 2022, until a contrary Board decision is made.

Furthermore, within the scope of the regulations announced by the BRSA on December 21, 2021, if the net valuation differences of the securities in the portfolio of marketable securities accounted for in other comprehensive income are negative, the possibility has been granted to not take into account these differences in the equity amount to be used for the capital adequacy ratio.

The Bank's legal capital adequacy ratio calculation has been made by taking into account the regulation changes mentioned above as of September 30, 2023.

1.2 Approaches applied to assess the adequacy of internal capital requirement in terms of current and future activities

Internal evaluation process is established for continuously evaluating and maintaining the types, components and distribution of the adequate level of capital in order to provide for various risks exposed to or to be exposed to. The final purpose of the evaluation process of the internal capital requirement, is to define and evaluate all the risks included or not in the calculations of the legal capital requirements, within the frame of the activities of the bank, and to provide the availability of adequate capital to cover these risks and the application of the risk management techniques. The results obtained in this evaluation process by taking into consideration, the Banks' growth strategy, assets-liabilities structure, funding sources, liquidity position, foreign currency position, the effect of the price and market fluctuations on the capital, which are among the variables of the economy, aim to provide the continuity of the mentioned capital adequacy level at the determined level in compliance with the Banks' risk profile and risk appetite.

Within this scope, capital structure is reviewed as based on the frame of the activities and risks exposed to, and the internal capital requirement, probable to occur within the direction of targets and strategies of the Bank is evaluated. This evaluation includes interest rate risk, concentration risk, liquidation risk, reputation risk, residual risk, country risk and strategic risk arising of the banking books as well as market, credit and operational risks. Capital requirement internal evaluation is evaluated to be a developing process and the development areas for the future period are determined and plans are prepared.

2. Explanations and disclosures related to credit risk

It has not been prepared in the interim period in accordance with Article 25 of the Communiqué on Financial Statements to be Publicly Announced by Banks and the Related Explanations and Footnotes.

3. Explanations on currency risk

Foreign currency risk represents the Banks's exposure to loss due to the changes in foreign currency exchange rates. All foreign currency assets, liabilities and foreign currency forward transactions are considered in calculation of capital to be employed for foreign currency risk according to standard method. "Standard Method" and "Value at Risk Method" used in legal reporting are used to measure the currency risk that the Bank is exposed to. Measurements made under the Standard Method are made on a monthly basis, and measurements made under the Value at Risk Method are made on a daily basis.

The Bank monitors daily the designated limits set by the Board of Directors and additionally observes the possible value changes in foreign currency positions. The limits are determined and followed both for the net foreign currency position and for the cross-exchange rate risk within the position. As a tool of foreign currency risk management, foreign currency forward transactions are used when necessary to mitigate the risk.

As of 30 September 2023, the Bank consists of a balance sheet open position of TL 14,651,981 (December 31, 2022 - TL 13,213,144 closed) and off-balance sheet close position of TL 13,250,033 (December 31, 2022 - TL 13,977,882 open) with a open position of TL 1,401,948 (December 31, 2022 - TL 764,738 open).

The date of the Bank's financial statement and the main current foreign exchange rates (full TL) announced to the public in the last five business days from this date:

	25/09/2023	26/09/2023	27/09/2023	28/09/2023	29/09/2023	Balance Sheet Valuation Rate

- Forward foreign currency purchase transactions TL 3,804,856 (31 December 2022 – TL 3,511,852)
- Forward foreign currency sale transactions: TL 5,255,083 (31 December 2022 – TL 3,837,590)
- Precious metals purchase transactions TL 25,505,014 (31 December 2022 – TL 4,086,434)
- Precious metals sale transactions TL 3,355,196 (31 December 2022 – TL 2,111,460)

Sensitivity to exchange rate risk

The bank is largely exposed to exchange rate risk in Euros, US dollars and Gold.

The following table shows the bank's sensitivity to a 10% increase in US Dollar, Euro and gold exchange rates.

	Change in exchange rate (%)	Effect on profit / loss		Effect on Equity	
		Current Period	Prior Period	Current Period	Prior Period
US Dollar	10%	92,313	16,971	158,333	79,064
Euro	10%	(239,223)	(125,428)	(237,293)	(121,550)
Gold	10%	362,069	57,443	362,069	57,443

4. Explanations related to stock position risk

4.1 Relation of risks with gains accounted under equity and analyzing according to their aims including strategic reasons and the accounting policies applied and general information about valuation techniques with assumptions in this application, the elements that manipulate valuation and important changes

The Bank's non-quoted securities are accounted for fair value. When the fair value cannot be reliably measured, the cost method is used.

4.3 Realized gains/losses, revaluation surplus, unrealized gains/losses on equity securities and results included in core and supplementary capitals:

None.

5. Liquidity risk management and liquidity coverage ratio

The liquidity risk of the Bank is the risk of being unable to fulfill its payment obligations on time due to not having enough cash sources or cash inflows to finance its cash outflows fully and on time due to cash flow instabilities. It has been evaluated in two main categories:

Funding Liquidity Risk: It is a kind of risk which does not meet the any unexpected loss and non defaulting debts and liabilities.

Market Liquidity Risk: It is a kind of risk which consists of the position that cannot be sold without affecting market price due to insufficient market depth or market conditions' deterioration or that cannot be completed with the position of market price for any reasons.

Liquidity risk is managed by the Asset-Liability Committee (ALC) and related business units within the framework of the Liquidity Risk Policy and risk appetite approved by the Board of Directors. In liquidity risk management, the measures to be taken and the practices to be carried out are determined by taking into account normal economic conditions and stress conditions. The Bank defines liquidity risk, measures risks with liquidity risk measurement methods in accordance with international standards, monitors them and periodically presents them to the interested parties. Liquidity risk stress tests are performed during monthly periods. An emergency funding plan (Liquidity Contingency Plan) has been created to regulate the procedures and principles for the bank to maintain and maintain adequate liquidity levels under stress conditions.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

5.1 Information on risk capacity of the Bank, Responsibilities and structure of liquidity risk management, the Bank's internal liquidity risk reporting, communication between the Board of Directors and business lines on liquidity risk strategy, policy and application

The applications and responsibilities related to the liquidity risk has been determined according to the Treasury Liquidity and Market Management Policies and Practices approved by Board of Directors. The Bank's liquidity and funding policy is to own sufficient liquidity reserve and funding opportunities to meet its liabilities even in cases of stress, resulting from the market conditions or other conditions specific to the Bank.

The Bank has a strong capital structure and is supported by its main shareholder is Kuwait Finance House; also its current and participation accounts are spread to the base and are stable, and its sources of foreign borrowing are diversified. Hence, by the virtue of the aforementioned facts, the Bank has a high risk capacity. In addition, the Liquidity Coverage Ratio of the Bank which insures its cash outflows with the high-quality liquid assets is deemed high. The Bank also has limits available for use at Central Bank of Turkey and other financial institutions.

Indicators regarding the liquidity position are analyzed and liquidity risk is evaluated at the ALC meetings attended by the senior management. Furthermore, the Board of Directors are informed through the Audit Committee.

For the management of liquidity risk, the Risk Management Department follows the funding and liquidity risks, market conditions, in the participating accounts, the distribution of different currencies, maturity, cost and expected future cash flow requirements (particularly with regard to large deposits). Reports on the liquidity gap analysis prepared weekly by Budget and Management Reporting and monitored by the Asset and Liability Committee. These units also estimate the possible liquidity needs of the Bank in case of urgent situations and generate action plans based on these estimates. Risk Management Department follows the limits on liquidity risk determined by the Board of Directors. Risk Management Department, in addition to these, is implementing monthly liquidity stress tests to measure the effects of negative scenarios on liquidity position of the Bank. The Treasury Group Management manages the liquidity risk and funding risk in order to prevent insufficiencies of funding relating to any time or any source and makes reports related with the liquidity position to Asset and Liability Committee regularly. Official and International Reporting Directorate tracks the liquidity coverage ratio and the results are reported to the BRSA.

5.2 Information on the centralization degree of liquidity management and funding strategy and the functioning between the Bank and the Bank's subsidiaries

The Bank's liquidity management is performed by the Asset and Liability Management. Depending on the Bank's consolidated subsidiaries are subject to liquidity risk is managed in-house, but the necessary communication and coordination within the Assistant General Manager in charge of Treasury and International Banking are provided.

5.3 Information on the Bank's funding strategy including the policies on funding types and variety of maturities

Bank spread to the base of current and participation accounts and that a stable, long-term diversification and aims to be the source of the funds used. Ratio of liquid assets to total assets ratio and risk indicators related to liquidity, credit and the ratio of funds, issues such as the concentration in collected funds are being closely monitored.

5.4 Information on liquidity management on the basis of currencies constituting a minimum of five percent of the Bank's total liabilities

Almost all liabilities of the Bank are denominated in Turkish Lira, American Dollar, Euro or Gold. The TL denominated liquidity of the Bank is managed through the open market transactions implemented by the Central Bank of the Turkish Republic and interbank operations. Liabilities denominated in TL are used in order to fund assets that are denominated in TL, assets denominated in TL are generated through foreign exchange based funds with swap operations if necessary. Foreign currency funds are provided with the foreign sourced credits denominated in foreign currency and sukuk-financial certificates issued. Liquidity denominated in foreign currency is kept at the interbank operations and accounts of the corresponding bonds within the limits. Liabilities denominated in Gold are kept at the required reserve accounts of the Central Bank of the Turkish substantially.

5.5 Information on liquidity risk mitigation techniques

Liquidity risk is mitigated by using techniques such as maintaining high quality liquid asset buffer to cover possible fund outflows, diversification of funding sources so far as possible and inclusion to the base, homogenizing the maturity distribution of repayments as far as possible, obtaining limits from funding institutions to use when necessary and ensuring that a determined portion of funding sources are comprised of deposits. In addition, core deposit analysis is performed and concentration on collected funds are closely monitored.

NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

5.6. Information on the use of stress tests

In order to analyze the source of the possible liquidity insufficiencies and whether conformably move exists on existing off-balance sheet and balance sheet positions relevant with liquidity risk expectation, 3 types liquidity stress tests are applied by Risk Management Directorate. These includes stress test scenarios are special to the Bank, related with the overall market or scenarios take in consideration both of the situations. Stress tests related with liquidity risk are repeated at monthly periods. Results are tracked with key risk indicators and monitored by Senior Management.

5.7. General information on emergency funding plan

Necessary strategy and procedures for the management of possible liquidity crisis are determined with the Emergency Funding Plan, which is approved by Board of Directors. The actions to be taken favor the benefits of depositors, creditors of the Bank and shareholders. Indicators of Emergency Funding Plan were determined, in case of unexpected progress at the liquidity situation occur or at situations trigger of other indicators, plan is put into use. Asset-Liability Committee is responsible from the determination of actions to be taken.

5.8. Presentation of financial liabilities according to contractual maturities

This footnote has not been prepared in accordance with Article 25 of the Communiqué on The Financial Statements about disclosures to be announced to Public by The Banks.

19	Other cash inflows	57,918,818	51,196,266	57,942,862	51,225,608
20	TOTAL CASH INFLOWS	140,847,317	87,987,861	126,825,936	83,954,418
				Upper Limit Applied Value	
21	TOTAL HQLA STOCK			120,588,166	85,956,531
22	TOTAL NET CASH OUTFLOWS			42,400,034	27,276,639
23	LIQUIDITY COVERAGE RATIO (%)			284.41	315.13

(*) The simple arithmetic average calculated for the last three months of the values calculated by taking the weekly simple arithmetic average

1 January – 30 September 2023 the lowest, highest and average liquidity coverage ratios calculated by weekly periods are included in the table below:

	Highest	Date	Lowest	Date	Average
TL+FC	324.48	15/09/2022	232.80	14/07/2022	267.26
FC	350.43	15/09/2022	226.12	07/07/2022	301.12

The liquidity coverage rate is calculated by the proportion of high-quality liquid assets held by the bank to its one-month maturity cash outflows. Important balance sheet items that determine the rate; Compulsory provisions held by the CBRT, repo / non-repurchase securities, institutional qualified participation accounts, funds from abroad and receivables from banks. These items have more impact on the liquidity coverage ratio than the liquidity assets and net cash outflows because they have a high share of the current cointegration, high concentration and variability over time.

19	Other cash inflows	40,848,205	36,814,638	40,848,205	36,814,638
20	TOTAL CASH INFLOWS	83,411,438	67,065,299	75,176,519	64,472,920
				Upper Limit Applied Value	
21	TOTAL HQLA STOCK			85,246,515	68,594,656
22	TOTAL NET CASH OUTFLOWS			21,281,274	15,472,229
23	LIQUIDITY COVERAGE RATIO (%)			400.57	443.34

(*) The average calculated for the last three months of the liquidity coverage ratio calculated by taking the weekly simple arithmetic average

1 October – 31 December 2022 The lowest, highest and average liquidity coverage ratios calculated by weekly periods are included in the table below:

Prior Period:

	Highest	Date	Lowest	Date	Average
TL+FC	436.15	07/10/2022	367.71	30/12/2022	400.48
FC	494.52	21/10/2022	395.97	30/12/2022	445.15

The liquidity coverage ratio is calculated by the ratio of the high-quality liquid assets of the bank to the net cash outflows within the one-month maturity window. Important balance sheet items which are influential over the aforementioned ratio may be specified as required reserves held in the presence of T.C. Central Bank, securities not subject to repo/assurance, institutional qualified participation accounts, funds of foreign origins and receivables from banks. These items have a higher influence over the liquidity coverage ratio as their amounts have a higher share of liquid assets and net cash outflows, their consideration rate is higher, and they may show variability over time.

6. Explanations on leverage ratio

Disclosure of leverage ratio template

The leverage ratio table prepared in accordance with the communiqué “Regulation on Measurement and Assessment of Leverage Ratios of Banks” published in the Official Gazette no. 28812 dated 5 November 2013 is presented below:

On-balance sheet assets (*)		Current Period	Prior Period
1	On-balance sheet items (excluding derivative financial instruments and credit derivatives but including collateral)	583,914,455	380,806,639
2	(Assets amounts deducted in determining Basel III Tier I Capital)	(1,205,220)	(638,065)
3	Total amount on-balance sheet risks (sum of lines 1 and 2)	582,709,235	380,168,574
Derivative financial instruments and credit derivatives			
4	Replacement cost associated with all derivative instruments and credit derivatives	1,257,300	658,533
5	The potential amount of credit risk with derivative financial instruments and credit derivatives	544,815	449,251
6	Total risks of derivative financial instruments and credit derivatives (sum of lines 4 to 5)	1,802,115	1,107,784
Securities or commodity financing transactions (SCFT)			
7	Risks from SCFT assets (excluding on-balance sheet)	16,762,525	5,199,746
8	Risks from brokerage activities related exposures	-	-
9	Total risks related with securities or commodity financing transactions (sum of lines 7 to 8)	16,762,525	5,199,746
Other off-balance sheet transactions			
10	Gross notional amounts of off-balance sheet transactions	142,187,981	107,900,561
11	(Adjustments for conversion to credit equivalent amounts)	(49,552,227)	(49,406,445)
12	Total risks of off-balance sheet items (sum of lines 10 and 11)	92,635,754	58,494,116
Capital and total risks			
13	Tier I Capital	41,932,012	31,510,784
14	Total risks (sum of lines 3, 6, 9 and 12)	693,909,629	444,970,220
Leverage ratio			
15	Leverage ratio	6.04	7.08

(*) Amounts in the table are three-month average amounts.

The leverage ratio calculated on the basis of the arithmetic average of the amounts realized at the end of each month for the past three-month period as of the Group’s consolidated balance sheet date was 6.04% (31 December 2022 – 7.08%). The main reason for the change compared to the previous period is that the increase in capital, on-balance sheet assets, derivative financial assets and credit derivatives items is higher than other items. Accordingly, main capital increased by 33% on profit for the period, while on-balance sheet risk increased by 53% and off-balance sheet items increased by 58%. Accordingly, there is an increase of 104 basis points in the current period leverage ratio compared to the prior period.

7. Explanations on the fair value of financial assets and liabilities

This footnote has not been prepared in accordance with Article 25 of the Communiqué on The Financial Statements about disclosures to be announced to Public by The Banks.

8. Explanations on the activities carried out on behalf and account of other persons, fiduciary-based transactions:

This footnote has not been prepared in accordance with Article 25 of the Communiqué on The Financial Statements about disclosures to be announced to Public by The Banks.

9. Explanations on hedge accounting practices

None (31 December 2022 – None).

10. Explanations on risk management

Risk Management System refers to the Board of Directors, the Audit Committee, the Risk Management Committee, Asset-Liability Committee (“ALC”) and the Risk Management Department (“RMD”) which has been composed in order to manage systemic risks that the Bank is exposed. The Board of Directors is the owner of the Bank's Risk Management System and ensures the establishment of an effective, sufficient and appropriate risk management system as well as the continuity of the system. The main objective of the Bank's Risk Management System is to identify, measure, monitor and control the risks that the Bank is exposed to, by determining the policies, limits and procedures to control, to monitor, and if necessary to change the risk-return structure of the Bank's future cash flows and the level & the quality of related activities.

Total	2,526,515	66,775,093	3,153,871	26,939,456

2.3.3 Explanations related to the concentrations of the Bank's major liabilities

Most of the bank's loans consist of foreign currency loans. There is no risk concentration of the Bank's current and profit-sharing accounts.

2.4 Information on other liabilities and miscellaneous payables

As of 30 September 2023, other liabilities amount to TL 3,197,312 (31 December 2022 – TL 2,366,817), sundry creditors amount to TL 21,710,046 (31 December 2022 - TL 3,084,196), both do not exceed 10% of the balance sheet total.

2.5 Information on finance lease payables (net):

	Current Period		Prior Period	
	Gross	Net	Gross	Net
Less than 1 year	33,216	31,354	16,807	15,997
1 to 4 years	37,287	28,383	19,188	14,740
More than 4 years	1,118,220	715,478	754,681	486,117
Total	1,188,723	775,215	790,676	516,854

Bank used FTP (Fund Transfer Pricing) rates as an alternative borrowing rate of profit. Relevant ratios are revised and revised in 2-week periods. The change in Participation Bank payments uses an unmodified discount rate unless the variable profit share rate is related. If the change in the lease payments results from variable profit share rates (LIBOR, EURIBOR), the lessee used a revised discount rate reflecting changes in the profit share rate.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

2.5.1. Explanations on contract changes and the new obligations these changes bring to the Bank

None (31 December 2022 – None).

2.5.1.1. Explanations on financial leasing obligations

None (31 December 2022 – None).

2.5.1.2. Explanations on operating lease

Leasing is classified as an operating lease in which the lessor holds all the risks and benefits of that asset. Such transactions include lease agreements belonging to branches, which can be cancelled with prior notice.

There are no significant obligations imposed by the changes in the contract related to the operating lease to the Bank.

The bank registers its lease payments based on operating lease agreements with equal amounts of expenses during the lease term.

2.6 Information on hedging derivative financial liabilities

None (31 December 2022 – None).

2.7 Information on provisions

2.7.1 Information on provisions related with foreign currency evaluation difference of foreign currency indexed loans: As of September 30, 2023, foreign currency indexed loans amounting to TL 0 (December 31, 2022 – 0) for loans and TL 0 (December 31, 2022 – 0) for finance lease receivables exchange rate decreases have been clarified from the accounts of loans and finance lease receivables.

2.7.2 Information on other provisions

	Current Period	Prior Period
Provision for profits will be allocated to participation accounts	1,825,725	1,315,157
General Provisions for non-cash loans	1,008,745	787,896
Specific provisions for non-cash loans that are not indemnified converted into cash	791,901	604,898
Credit cards of banking services applications	8,448	8,337
Other (*)	416,721	324,736
Total	4,051,540	3,041,024

(*) Other item mainly consists of TL 278,656 (31 December 2022 – TL 248,250) litigation and TL 112,034 (31 December 2022 – TL 60,034) provision for collected delay penalties that may be subject to refund in the current period.

KUVEYT TÜRK KATILIM BANKASI ANONİM ŞİRKETİ
NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

2.7.3 Information on provisions for employee benefits

Provisions for employee benefits consist of reserve for employee termination benefits amounting to TL 721,585 (31 December 2022 – TL 614,054), vacation pay liability amounting to TL 36,534 (31 December 2022 – TL 2,315), performance premium amounting to TL 456,326 (31 December 2022 – TL 612,291), retirement bonuses on payment of TL 274,331 (31 December 2022 – TL 272,860), committee fee amounting to TL 65,832 (31 December 2022 – TL 59,977) and other fees amounting to TL 27,386 (31 December 2022 – TL 19,331).

Under the Turkish Labor Law, the Bank is required to pay termination benefits to each employee who has completed at least one year of service and whose employment is terminated without due cause, is called up for military service, dies or retires or earns the right to retire.

The compensation to be paid is up to one month's salary for each service year and this amount is limited to TL 23,489.83 (full TL amount) (31 December 2022 – TL 15,371.40 (full TL amount)). The liability is not funded, as there is no funding requirement.

The reserve has been calculated by estimating the present value of the future probable obligation of the Bank arising from the retirement of its employees. TAS 19 requires actuarial valuation methods to be developed to estimate the enterprise's obligation for such benefits. Accordingly, the following actuarial assumptions were used in the calculation of the total liability.

	Current Period	Prior Period
Discount rate (%)	12.72	12.72
Inflation rate (%)	9.90	9.90
Salary increases rate (%)	10.40	10.40

Movements in the reserve for employment termination benefits during period are as follows:

	Current Period	Prior Period
Balance at the beginning of the period	614,054	221,639
Provisions recognized during the period	150,208	85,600
Paid during the period	(42,677)	(20,588)
Actuarial loss	-	327,403
Balances at the end of the period	721,585	614,054

(A Member Firm of Ernst & Young Global Limited) and the independent auditors' limited review report dated 13 November 2023 is presented preceding the financial statements.

- Notes and disclosures prepared by the independent auditor:** None.

SECTION EIGHT

INTERIM ACTIVITY REPORT

- Explanations on interim annual report including the evaluations of interim activities of the Chairman of the Board of Directors and General Manager:**

1.1 About Kuveyt Türk

Kuveyt Türk Katılım Bankası A.Ş. ("The Bank") was incorporated with the approval of the Central Bank of the Republic of Turkey (CBRT) on 28 February 1989 and commenced its operations on 31 March 1989, with the name of Kuveyt Türk Evkaf Finans Kurumu A.Ş. To comply with the Banking Act 5411, the title of the Bank has been changed to Kuveyt Türk Katılım Bankası A.Ş. with a change in the Articles of Association which was approved in the annual general meeting dated 26 April 2006. Main field of operation is, in addition to the Bank's equity, to collect funds from domestic and foreign customers through "Current Accounts" and "Profit/ Loss Sharing Accounts" and allocate such funds to the economy, to perform all kinds of financing activities in accordance with the regulations, to encourage the investments of all individuals and legal entities operating in agricultural, industrial, trading and service industries, participating into the operations of these entities or individuals and to form joint business partnerships and to perform all these activities in a non-interest environment.

As of 30 September 2023, 62.24% of the Bank's shares are owned by Kuwait Finance House located in Kuwait, 18.72% by T.C. Vakıflar Genel Müdürlüğü, 9.00% by Wafra International Investment Company in Kuwait and 9.00% by Islamic Development Bank whereas the remaining 1.04% of the shares are owned by other real persons and legal entities.

1.3 Message from the Chairman

Dear Shareholders,

While the world economies are gradually recovering from the negative effects of the pandemic and the Russian-Ukrainian War, policymakers and institutions assume important responsibilities against potential risks in the process of returning economic activity to pre-pandemic levels. Problems persist in economic activity, especially in emerging economies, and divergence is observed in countries that are regionally affected by crises, especially in Europe.

At its September meeting, the Fed kept its policy rate unchanged between 5.25 percent and 5.30 percent, in line with market expectations, while most Fed officials indicated that they expect another rate hike within the year. The European Central Bank (ECB), on the other hand, decided to raise interest rates at its September meeting and raised the ECB deposit rate to 4 percent and the policy rate to 4.50 percent with the latest decision. While the ECB's Euro area inflation forecasts for 2023 and 2024 were revised upwards, market expectations for further rate hikes increased following ECB President Christine Lagarde's remarks that "we can't say that now ECB rates at peak". Considering the downward revisions in ECB's growth expectations, it is expected that the risks on inflation in the Euro area, unlike the US, will remain, while the recovery in economic activity is expected to be slower than in other developed and emerging economies.

In the October 2023 World Economic Outlook Report published by the International Monetary Fund (IMF), it was emphasized that the economic slowdown was more pronounced in advanced economies than in emerging economies, core inflation pressures persisted and tightening monetary policies should be expected to continue. The IMF revised its growth forecast for 2023 to 3 percent, while revising its growth forecast for 2024 negatively to 2.9 percent. With these forecasts, which are below the historical global growth averages of 3.8 per cent, attention was drawn to the difficulties in the decisions to be taken by institutions and authorities against the risks that the monetary policy tools used to ensure price stability and the actions taken to correctly anchor inflation expectations will pose on the financial sector and growth.

In the October 2023 World Economic Outlook Report, the IMF updated its inflation forecasts and revised its expectations for the coming years upwards. In the report, which revised inflation forecasts for 2022 by 1.8 percentage points to 5.7 per cent for advanced economies and by 2.8 percentage points to 8.7 per cent for emerging economies, it is emphasized that economic uncertainties will change according to the course of the war.

In the current operating period of 2023, our expert, well-trained, devoted, young and dynamic employees are the carrier power of our success. I would like to thank all our employees who have contributed to our success and our stakeholders who have never withheld their support.

Regards,

Hamad Abdulmohsen ALMARZOUQ

Head of the BOD

1.4 Message from the General Manager

Dear Shareholders,

Global macroeconomic risks, regional risks and gradual recovery caused by cumulative shocks are carefully monitored by central banks and markets. On the other hand, despite the negative effects of the earthquake, the Turkish economy maintained its steady growth trend and continued its stable economic policies within the scope of the fight against inflation.

Kuveyt Türk, Turkey's leading participation finance institution, continued to offer innovative products and services to its customers in the third quarter of 2023, focusing on customer excellence and experience. It has solved the financial needs of its customers through digital channels in a fast and reliable manner thanks to its strong technological infrastructure.

Providing interest-free finance services to its customers for more than 30 years with products and services developed in line with the principles of participation finance, Kuveyt Türk continued its steady growth by increasing its profitability in the third quarter of 2023 and increased its net profit by 87 percent to 17,097,170 TL compared to the same period of the previous year. Kuveyt Türk's collected fund size reached 428,750,617 TL with an increase of 42 percent compared to 2022, while the size of funds provided increased by 50 percent to 295,612,834 TL. Having increased its shareholders' equity to 39,449,637 TL and its asset size to 589,621,853 TL, Kuveyt Türk consolidated its first place among participation finance institutions in terms of asset size and maintained its 10th place in the banking sector.

The participation finance sector and Kuveyt Türk, which adopt the principle of utilizing their resources in a way that will provide the highest contribution to the real economy, will continue to support investment, production and exports in 2023 as in the past. As Kuveyt Türk, we will continue to provide all products and services that our customers need in the best way possible with our understanding that puts customer experience at the center. In doing so, we will increase our market share in the banking sector while contributing to the increase in the share of participation finance in the banking sector. We will maintain our prudent approach in terms of asset quality and liquidity in the new year and continue to differentiate positively from the sector in this area.

Kuveyt Türk aims to continue to be the leading institution of the participation finance sector in Turkey in the coming period with its strong capital and liquidity structure, high asset quality, dynamic corporate governance approach, continuous development-oriented customer service model, ongoing investments in technology, accelerated digital transformation efforts and international expansion.

Regards,

Ufuk UYAN

Member of BOD and General Manager

NOTES AND DISCLOSURES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 SEPTEMBER 2023

(Amounts expressed in Turkish Lira (TL) unless otherwise stated.)

1.5 Financial Position, Performance and Assessment of the Prospects for the Future

As of 30 September 2023, unconsolidated financial statements asset size is TL 589 billion 622 million, amount of the utilization of funds is TL 295 billion 613 million and funds collected amount is TL 428 billion 751 million. Due to the effect of the first nine months 'profit of TL 17 billion 97 million thousand, the ratio of shareholder equity increased 38% by reaching TL 39 billion 500 million. As of 30 September 2023, unconsolidated capital adequacy ratio has been realized as 25.52%.

The expectations for growth and profitability will continue in the development line.

1.6 Announcement Regarding Important Developments within 3 Months

The Bank issued sukuk with a nominal value of TL 2 billion 240 million and a minimum cost of 23.67% and a maximum cost of 31.56% in different maturity brackets through ten separate transactions through KT Kira Sertifikaları Varlık Kiralama A.Ş.

1.7 Assessment of the Expectations Related to the Subsequent Interim Period

Despite the measures taken while protecting the global macroeconomic risks caused by the cumulative shocks since the outbreak, the focus of inflation in the global sense continues. While inflation pressures continue in the global economy, tight monetary policies are expected to create a significant burden on economic activity. While the management of financial and non-financial risks will figure in an important role for the financial sector in 2023, geopolitical and macroeconomic developments will continue to be closely monitored.
