Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Kuveyt Türk Katılım Bankası A.Ş. and its subsidiaries (“the Group”) as at June 30, 2011 comprising of the interim consolidated statement of financial position as at June 30, 2011 and the related interim consolidated statements of comprehensive income, changes in equity and cash flows for the six months period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Financial Reporting Standard IAS 34 “Interim Financial Reporting” (“IAS 34”). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

Körfez’s registered address is Büyükdere Caddesi, No: 129/1, 34394 Esentepe Şişli/İstanbul. Körfez is engaged in development and marketing of real estate projects in Turkey. The purchase price has been determined based on the expected discounted future cash flows of Körfez İnşaat İş Ortaklığı. Afterwards, the Bank has transferred 8% of the joint venture shares, amounting to TL 7,229, to Körfez in exchange of release of its debt to Körfez İnşaat İş Ortaklığı amounting to TL 6,701 and for a cash consideration amounting to TL 528.

2. Basis of presentation and accounting policies

2.1 Basis of preparation

The interim condensed consolidated financial statements of the Bank and its subsidiaries (collectively – the Group) have been prepared in accordance with International Financial Reporting Standard IAS 34 “Interim Financial Reporting” (“IAS 34”).

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual financial statements as at December 31, 2010.

2.2 Significant Accounting Policies and adoption of new standards

The accounting policies adopted are consistent with those of the annual consolidated financial statements for the year ended December 31, 2010, except for the adoption of the new standards and interpretations as of January 1, 2011 noted below:

- IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments
- IFRIC 14 Prepayments of a Minimum Funding Requirement (Amended)
- IAS 32 Classifications on Rights Issues (Amended)
- IAS 24 Related Party Disclosures (Revised)

The adoption of these standards, amendments, and interpretations did not have any effect on the financial performance or position of the Group.

In May 2010 the IASB issued its third omnibus of amendments to its standards, primarily with a view to removing inconsistencies and clarifying wording. There are separate transitional provisions for each standard. The amendments that are effective as at January 1, 2011 are as follows:

- IFRS 3 Business Combinations
- IFRS 7 Financial Instruments: Disclosures
- IAS 1 Presentation of Financial Statements
- IAS 27 Consolidated and Separate Financial Statements
- IAS 34 Interim Financial Reporting
- IFRIC 13 Customer Loyalty Programs

Kuveyt Türk Katılım Bankası Anonim Şirketi and its Subsidiaries

Selected notes to interim condensed consolidated financial statements as at June 30, 2011 (continued) (Currency - In thousands of Turkish Lira - TL)

2. Basis of presentation and accounting policies (continued)

The above changes do not have any impact on financial position and performance of the Group.

New standards and interpretations not yet adopted

Up to the date of approval of the interim condensed consolidated financial statements, certain new standards, interpretations and amendments to existing standards have been published but are not yet effective for the current reporting period and which the Group has not early adopted, as follows. The Group will make the necessary changes if not indicated otherwise, which will be affecting the interim condensed consolidated financial statements and disclosures, after the new standards and interpretations become in effect.

- IFRS 9 Financial Instruments – Phase 1 financial instruments, classification and measurement
- IAS 12 Deferred Taxes: Recovery of Underlying Assets (Amendment)
- IFRS 7 Financial Instruments: Disclosures as part of its comprehensive review of off balance sheet activities (Amended)
- IFRS 10 Consolidated Financial Statements
- IFRS 11 Joint Arrangements
- IFRS 12 Disclosure of Interests in Other Entities
- IFRS 13 Fair Value Measurement
- IAS 27 Separate Financial Statements (Amended)
- IAS 28 Investments in Associates and Joint Ventures (Amended)
- IAS 19 Employee Benefits (Amended)
- IAS 1 Presentation of Financial Statements (Amended)

Except for IFRS 9 the above changes are either not relevant to the Group or not expected to have an impact on financial position and performance of the Group. Phase I of IFRS 9, the new accounting standard that will eventually replace IAS 39, issued in November 2009, establishes a new classification and measurement framework for financial assets. The new standard uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the many different rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments (its business model) and the contractual cash flow characteristics of the financial assets. The standard will be applied retrospectively with certain transition provisions. The Group is assessing the impact of the new standard.

2.3 Functional and presentation currency

The functional currency of the Bank and its Subsidiaries located in Turkey is Turkish Lira (TL). The functional currency of Dubai Limited is US Dollar. The presentation currency of the Group is TL.

2.4 Foreign currency translation

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date announced by the Central Bank of Turkey (CBT). All differences are taken to the income statement as foreign exchange gain / (loss).

Kuveyt Türk Katılım Bankası Anonim Şirketi and its Subsidiaries

Selected notes to interim condensed consolidated financial statements as at June 30, 2011 (continued) (Currency - In thousands of Turkish Lira - TL)

2. Basis of presentation and accounting policies (continued)

Foreign currency exchange rates used by the Group as of respective period-ends are as follows :

| Dates | USD / TL | EUR / TL |
|-------------------|----------|----------|
| June 30, 2010 | 1.5747 | 1.9217 |
| December 31, 2010 | 1.5460 | 2.0491 |
| June 30, 2011 | 1.6302 | 2.3492 |

As at the reporting date, the assets and liabilities of the Bank's foreign subsidiary are translated into the Bank's presentation currency at the rate of exchange at the balance sheet date, and its income statement is translated at the USD/TL 1.5950 average exchange rate for the period. Exchange differences arising on translation are taken directly to a separate component of equity.

2.5 Reclassifications

Lands located in Kartal and Kilyos which are owned by Körfez amounting to TL 21,371 as of December 31, 2010 which were classified as property and equipment in the statement of financial position as of December 31, 2010 have been classified as construction projects to be consistent with the current period presentation.

9. Income taxes

The Bank and its subsidiaries are subject to taxation in accordance with the tax rules and the legislation effective in the countries in which the Group companies operate.

In Turkey, the corporation tax rate for the fiscal period/year ending June 30, 2011 and December 31, 2010 was 20%. Corporate tax returns are required to be filed by the twenty fifth day of the fourth month following the balance sheet date and taxes must be paid in one installment by the end of the fourth month. The tax legislation provides for a temporary tax of 20% to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the final corporate tax liability for the year.

Dividends paid to non-resident corporations, which have a place of business in Turkey, or resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. An increase in capital via issuing bonus shares is not considered as a profit distribution and thus does not incur withholding tax.

A 75% portion of the capital gains derived from the sale of equity investments and immovable properties held for at least two years is tax exempt subject to meeting of other conditions mentioned in the New Corporate Tax Law, if such gains are not distributed within 5 years.

9. Income taxes (continued)

Corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years. The Group has not recorded a provision for any additional taxes for the fiscal years that remain unaudited (2006 - 2010), as the amount, if any, cannot be estimated with any degree of certainty.

In Turkey, the tax legislation does not permit a parent company and its subsidiaries to file a consolidated tax return. Therefore, provision for taxes, as reflected in the consolidated financial statements, has been calculated on a separate-entity basis.

The Bank has bought 25% share of the joint venture called Körfez İnşaat İş Ortaklığı, which was established by Körfez and a third party company who had 75% and 25% stakes, respectively. The Bank has bought the 25% stake of the third party company in Körfez İnşaat İş Ortaklığı for a total consideration of TL 22,589 in exchange of releasing the debt of the third party company to the Bank amounting to TL 15,888 and taking over the debt of the third party company to Körfez İnşaat İş Ortaklığı amounting to TL 6,701. The purchase price has been determined based on the expected discounted future cash flows of Körfez İnşaat İş Ortaklığı. Since the amount of the non-controlling interest in Körfez İnşaat İş Ortaklığı is negligible, the total consideration amounting to TL 22,589 recognized as a separate component of equity as being the difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid.

12. Earnings per share

Basic earnings per share (EPS) amounts are calculated by dividing the net profit for the period attributable to ordinary equity holders of the Bank by the weighted average number of ordinary shares outstanding during the period.

In Turkey, companies can increase their share capital by making a pro rata distribution of shares ("Bonus Shares") to existing shareholders without consideration for amounts resolved to be transferred to share capital from retained earnings and revaluation surplus. For the purpose of the EPS calculation such Bonus Share issues are regarded as stock dividends. Dividend payments, which are immediately reinvested in the shares of the Bank are similarly treated. Accordingly the weighted average number of shares used in EPS calculation is derived by giving retroactive effect to the issue of such shares.

The following reflects the income and per share data used in the basic earnings per share computations:

| | January 1 – June 30, 2011 | January 1 – June 30, 2010 |
|---|--------------------------------------|--------------------------------------|
| Net profit attributable to continuing operations of the Bank for basic earnings per share | 120,141 | 100,382 |
| Net profit/(loss) attributable to discontinued operations for basic earnings per share | - | - |
| Net profit attributable to ordinary equity holders of the Bank for basic earnings per share | 120,141 | 100,382 |
| Weighted average number of ordinary shares for basic earnings per share (thousands) | 950,000 | 950,000 |
| Basic earnings per share (expressed in full TL per share) | 0.126 | 0.106 |
| Basic earnings per share from continuing operations | 0.126 | 0.106 |

There are no dilutive potential ordinary share and accordingly there are no diluted earnings per share for any class of shares.
